15th January 1878, No. 247 W.

General.
Account.

Read the following paper:—

No. 130. From E. H. PRINGLE, Esq., District Engineer, South Canara, to the Chief Engineer for Roads and Buildings, dated Mangalore, 9th January 1878, No. 70.

With reference to the Order of Government on statement of objectionable items for August 1877, dated 26th November 1877, No. 1,785 W, paragraph 8, I have the honor to reply that no further reduction of excess on the District Jail roof repairs can take place.

2. In common with the divisional officer, I have been misled by the statements of the Overseer, Mahomed Azumudin, who carried out the work.

3. On receipt of G.O., No. 983 W, dated 12th October 1877, I called on the divisional officer to report the reason for the delay, but did not receive his reply till the middle of December, to the effect that a revised estimate would be submitted as all possible recoveries had been made. To-day I have received a complaint from the same officer, saying that, in spite of verbal and written orders, he cannot extract the revised estimate and comparative statement from the Overseer preparing it. I learn, however, that the papers have just been handed into the divisional office, and on their receipt by me I shall report fully on the Overseer in connection with this and other matters.

No. 131. ORDER THEREON, 15th January 1878, No. 247 W.
