GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

19th January 1878, No. 317 W.

General.

Account.

Read the following paper :—

No. 166. From Captain A. AWDRY, R.E., Acting District Engineer, Coimbatore, to the Chief Engineer, Public Works Department, dated Camp, Bhowani, 10th January 1878, No. 183.

I HAVE the honor to request permission to write off to profit and loss the following as bad debts in the books of the Irrigation Division of this district, as they have been outstanding for a long time and are not recoverable :—

(1.)—Alikhan owes Rupees 50 to Government. This has been due since April 1872, and Alikhan cannot be found; the amount was paid to him on account for certain work which he was carrying out on the Dalipolliam channel, but he did not return to adjust his accounts.

(2.)—Moorooga Gounden owes Rupees 25 to Government. This sum has been due since January 1872. It was an advance made for Burghoor Ghaut work which the contractor declined to refund, as he stated that he did Rupees 40 worth of work which he has not been paid for.

2. I noticed these two items, as well as two where money is due to contractors who are not forthcoming, while I was examining the petty contract account of the Irrigation Division at the time of my taking it over in June 1876 from Mr. Supervisor Scott, on the occasion of his going on privilege leave.

3. I wrote to the Examiner of Public Works Accounts in August 1876 to ask what steps should be taken in regard to these small outstanding accounts, and I see that he replied to the Range Officer in January 1877, but no notice of it has been taken until now, when Mr. Nordmann has written to me to ask me (in accordance with the Examiner's suggestion) to request permission to have the two sums referred to written off to profit and loss.

4. This I have the honor to request as Mr. Nordmann reports the sums to be irrecoverable, the advances having been given about six years ago.

No. 167. ORDER THEREON, 19th January 1878, No. 317 W.

The sums may be written off as proposed by the District Engineer.
