GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

25th January 1878, No. 416 W.

General.

Account.

Read the following papers:—

No. 242. From Lieutenant-Colonel J. J. McLEOD INNES, R.E., Deputy Secretary to the Government of India, Public Works Department, (Account-General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 9th August 1877, Nos. 580—S7 A—G.

I AM directed to forward herewith a copy of Public Works Department Resolution Nos. 572—79 A—G, dated 9th August 1877, prescribing revised rules for the recovery and adjustment of rents of public buildings occupied by Military officers whose pay is drawn in the Military Department, and to state that it is considered desirable that the procedure therein laid down should be followed in Madras. A slight addition to the rules will be necessary to adapt them to the circumstances of Madras where the Barrack Department is not administered by the Public Works Department. The requirements of the case will apparently be sufficiently met by a supplementary rule to the effect that these rules are not intended to affect the orders under which Barrack Masters are required (1) to forward to Executive Engineers a monthly statement of the public buildings under their charge rented at each station, and the names of the officers renting them, and (2) to give Executive Engineers timely warning when officers vacate their quarters.

Proceedings of the Government of India, in the Public Works Department, (Account-General,) dated Simla, 9th August 1877, Nos. 572—79 A—G.

Recovery and adjustment of rents of public buildings occupied by Military Officers.

Read—

Note by the Accountant-General, Public Works Department, No. 1,053 G, dated 6th October 1876.

Memorandum by the Government of India, Public Works Department, No. 951 A—G, dated 2nd November 1876.

Memorandum by the Government of India, Military Department, No. 494 ^{Pay and allowances} _{House-rent}, dated 13th January 1877.

RESOLUTION.—The Government of India having had under consideration the question of the recovery and adjustment of rents of public quarters occupied by Military officers, is pleased to lay down the following revised rules on the subject in modification of those contained in the Chapter XI, Section III, paragraph 7, and Section IV, Public Works Department Code rules noted paragraphs 3, 4, 7, 8, 8 A—C, and 28. in the margin.

2. The rent of public buildings in charge of the Public Works Department will ordinarily be collected by the Executive Engineer and credited to Government in his accounts. But in the case of quarters and other public buildings occupied by Military officers whose pay is drawn in the Military Department the following procedure should be followed.

3. The Executive Engineer should prepare at the close of each month two statements in duplicate in the accompanying form, one for officers belonging to British regiments, the other

for all other officers occupying quarters and other public buildings under his charge. These should be countersigned by the Commanding Officer concerned, and the Executive Engineer will then transmit them, the former to the Regimental Paymaster, the latter to the Circle Paymaster.

Public Works Department Code, Chapter XI, Section III, paragraphs 5 and 6, and Section IV.

4. The rents charged in these statements will be assessed on the principles laid down in the rules noted in the margin.

5. The Circle or Regimental Paymaster, on receipt of the statement, will proceed to recover from each officer named therein the rent due by him, and credit the same to the Public Works Department in his accounts. He should then complete the statement by filling in the columns marked A, and, retaining one copy, return the other to the Executive Engineer in time to enable him to prepare the following month's statement. In cases where the Paymaster has failed to effect recovery of the rent due, he should record in the column set apart for that purpose the reasons for the non-recovery.

6. The Executive Engineer, on receipt of the statement from the Paymaster, will debit the Military Department in his accounts with the total amount shown to have been recovered by the Paymaster, and raise a corresponding credit to Revenue under the sub-head "Rents of Buildings." He should then prepare and forward to the Paymaster the next month's statement, and the same process will be gone through.

7. The practice hitherto followed under which rents recovered by Paymasters were remitted in cash or by transfer receipt to Executive Engineers will cease, the system of book adjustments being observed instead.

8. The arrangements now prescribed require that the monthly statement should be forwarded to Paymasters in time to enable them to effect recoveries of rents on the audit of pay bills. The prompt submission of these statements by Executive Engineers is therefore essential.

9. Every officer occupying public quarters should be required to give the Executive Engineer timely notice of his intention to vacate his quarters, so that timely arrangements may be made for the recovery of any rent due by him with the least inconvenience to himself.

10. If from any cause an officer occupying public quarters is obliged suddenly to vacate his quarters, and leave the station without giving due notice, the Executive Engineer should promptly submit his claim for the amount of rent due by the officer through the officer commanding the station to the Paymaster of the Circle to which the officer has proceeded, or to the Examiner of Military Accounts, as the case may be, for recovery. If ordinary promptitude be used, the Examiner of Military Accounts will, in the case of an officer leaving the country, receive intimation of the claim in time to order the recovery before the officer could embark, and thus the necessity for a reference to the Secretary of State would be avoided.

11. Instances of delay in the settlement of claims for rent should be reported to the local Military authorities for the issue of such orders as may be deemed necessary for the recovery of the amount due.

12. In cases where rent for the occupation of public buildings has to be recovered from Warrant or Non-Commissioned officers on staff employ in the Military Department, the recovery will be effected in the manner prescribed in the foregoing rules for Commissioned officers.

13. These orders will be embodied in the revised edition of the Public Works Code, but will meanwhile take effect from the 1st September 1877.

ORDER.—Ordered, that the foregoing Resolution be communicated to the Governments of Bengal, North-Western Provinces and Oudh, and the Punjab, to the Chief Commissioner of Assam, to the Inspector General of Military Works, and the Accountant General, Public Works Department, for information and guidance.

Also to the Financial and Military Departments for information.

(Signed) J. J. McLEOD INNES, Lt.-Col.,
Deputy Secy. to the Govt. of India.

List of officers who occupied public buildings in the station of 187, and the showing the rent due by them to end of recoveries made during the following month.

Rank and Name.	Building occupied.	Monthly rate of Rent.	Period of occupation for which rent is due.	RENT DUE.		Recovered during the month of 187.	Balance, if any, still due.	Paymaster's explanation of the cause of the non-recovery of the amounts still outstanding.
				Balance, if any, for previous months.	For (month) 187.			
		Rs.		Rs.	Rs.	Rs.	Rs.	A.
								A.

I certify on honor that the above is a correct statement of the quarters occupied by officers, and of their value according to regulation, and that in the case of officers charged at less than the rate for their regimental rank, quarters suitable to their rank were not available for them.

Memorandum by the Government of India, Public Works Department, No. 951 A—G,
dated 2nd November 1876.

dated 2nd November 1876.

Memorandum by the Government of India, Military Department, No. 494 Pay and Allowances
dated 13th January 1877. House-rent

RESOLUTION.—The Government of India having had under consideration the question of the recovery and adjustment of rents of public quarters occupied by Military officers, is pleased to lay down the following revised rules on the subject in modification of those contained in the Chapter XI, Section III, para. 7, and Section IV, paras. 3, 4, 7, 8, 8 A—C, and 28. Public Works Department Code rules noted in the margin.

2. The rent of public buildings in charge of the Public Works Department will ordinarily be collected by the Executive Engineer and credited to Government in his accounts. But in the case of quarters and other public buildings occupied by Military officers whose pay is drawn in the Military Department, the following procedure should be followed.

3. The Executive Engineer should prepare at the close of each month two statements in duplicate in the accompanying form, one for officers belonging to British regiments, the other for all other officers occupying quarters and other public buildings under his charge. These should be countersigned by the Commanding Officer concerned, and the Executive Engineer will then transmit them, the former to the Regimental Paymaster, the latter to the Circle Paymaster.

4. The rents charged in these statements will be assessed on the principles laid down in the rules noted in the margin.

5, The Circle or Regimental Paymaster, on receipt of the statement, will proceed to recover from each officer named therein the rent due by him, and credit the same to the Public Works Department in his accounts. He should then complete the statement by filling in the columns marked A, and, retaining one copy, return the other to the Executive Engineer in time to enable him to prepare the following month's statement. In cases where the Paymaster has failed to effect recovery of the rent due, he should record in the column set apart for that purpose the reasons for the non-recovery.

6. The Executive Engineer, on receipt of the statement from the Paymaster, will debit the Military Department in his accounts with the total amount shown to have been recovered by the Paymaster, and raise a corresponding credit to Revenue under the sub-head "Rents of Buildings." He should then prepare and forward to the Paymaster the next month's statement, and the same process will be gone through.

7. The practice hitherto followed under which rents recovered by Paymasters were remitted in cash or by transfer receipt to Executive Engineers will cease, the system of book adjustments being observed instead.

8. The arrangements now prescribed require that the monthly statement should be forwarded to Paymasters, in time to enable them to effect recoveries of rents on the audit of pay bills. The prompt submission of these statements by Executive Engineers is therefore essential.

9. Every officer occupying public quarters should be required to give the Executive Engineer timely notice of his intention to vacate his quarters, so that timely arrangements may be made for the recovery of any rent due by him with the least inconvenience to himself.

10. If from any cause an officer occupying public quarters is obliged suddenly to vacate his quarters, and leave the station without giving due notice, the Executive Engineer should promptly submit his claim for the amount of rent due by the officer through the officer commanding the station to the Paymaster of the Circle to which the officer has proceeded, or to the Examiner of Military Accounts, as the case may be, for recovery. If ordinary promptitude be used, the Examiner of Military Accounts will, in the case of an officer leaving the country, receive intimation of the claim in time to order the recovery before the officer could embark, and thus the necessity for a reference to the Secretary of State would be avoided.

11. Instances of delay in the settlement of claims for rent should be reported to the local Military authorities for the issue of such orders as may be deemed necessary for the recovery of the amount due.

12. In cases where rent for the occupation of public buildings has to be recovered from Warrant or Non-Commissioned officers on staff employ in the Military Department, the recovery will be effected in the manner prescribed in the foregoing rules for Commissioned officers.

13. These orders will be embodied in the revised edition of the Public Works Code, but will meanwhile take effect from the 1st September 1877.

ORDER.—Ordered, that the foregoing Resolution be communicated to the Governments of Bengal, North-Western Provinces and Oudh, and the Punjab, to the Chief Commissioner of Assam, to the Inspector General of Military Works, and the Accountant General, Public Works Department, for information and guidance.

Also to the Financial and Military Departments for information.

SIMLA, August 9, 1877.

SIR,

I am directed to forward herewith a copy of Public Works Department Resolution Nos. 572-79 A-G, dated 9th August 1877, prescribing revised rules for the recovery and adjustment of rents of public buildings occupied by military officers whose pay is drawn in the Military Department, and to state that it is considered desirable that the procedure therein laid down should be followed in *Madras*. A slight addition to the rules will be necessary to adapt them to the circumstances of *Madras* where the Barrack Department is not administered by the Public Works Department. The requirements of the case will apparently be sufficiently met by a supplementary rule to the effect that these rules are not intended to affect the orders under which Barrack Masters are required (1) to forward to Executive Engineers a monthly statement of the public buildings under their charge rented at each station, and the names of the officers renting them, and (2) to give Executive Engineers timely warning when officers vacate their quarters.

I have the honor to be,

SIR,

Your most obedient servant,

dated 2nd November 1876.

Memorandum by the Government of India, Military Department, No. 494 ^{Pay and Allowances}_{House-rent},
dated 13th January 1877.

RESOLUTION.—The Government of India having had under consideration the
question of the recovery and adjustment of rents of public quarters occupied by
Military officers, is pleased to lay down the following revised rules on the subject in
modification of those contained in the Public Works Department Code rules
noted in the margin.

2. The rent of public buildings in charge of the Public Works Department
will ordinarily be collected by the Executive Engineer and credited to Government
in his accounts. But in the case of quarters and other public buildings occupied
by Military officers whose pay is drawn in the Military Department, the following
procedure should be followed.

3. The Executive Engineer should prepare at the close of each month two state-
ments in duplicate in the accompanying form, one for officers belonging to British
regiments, the other for all other officers occupying quarters and other public
buildings under his charge. These should be countersigned by the Commanding
Officer concerned, and the Executive Engineer will then transmit them, the former
to the Regimental Paymaster, the latter to the Circle Paymaster.

4. The rents charged in these statements will be assessed on the princi-
ples laid down in the rules noted in the margin.

5. The Circle or Regimental Paymaster, on receipt of the statement, will pro-
ceed to recover from each officer named therein the rent due by him, and credit the
same to the Public Works Department in his accounts. He should then complete
the statement by filling in the columns marked A, and, retaining one copy, return
the other to the Executive Engineer in time to enable him to prepare the follow-
ing month's statement. In cases where the Paymaster has failed to effect recovery
of the rent due, he should record in the column set apart for that purpose the
reasons for the non-recovery.

6. The Executive Engineer, on receipt of the statement from the Paymaster,
will debit the Military Department in his accounts with the total amount shown to
have been recovered by the Paymaster, and raise a corresponding credit to Revenue
under the sub-head "Rents of Buildings." He should then prepare and forward
to the Paymaster the next month's statement, and the same process will be gone
through.

P. W. D. No. 381, G. C. B. Procs—11-8-77—239.

224-1-78

7. The practice hitherto followed under which rents recovered by Paymasters were remitted in cash or by transfer receipt to Executive Engineers will cease, the system of book adjustments being observed instead.

8. The arrangements now prescribed require that the monthly statement should be forwarded to Paymasters, in time to enable them to effect recoveries of rents on the audit of pay bills. The prompt submission of these statements by Executive Engineers is therefore essential.

9. Every officer occupying public quarters should be required to give the Executive Engineer timely notice of his intention to vacate his quarters, so that timely arrangements may be made for the recovery of any rent due by him with the least inconvenience to himself.

10. If from any cause an officer occupying public quarters is obliged suddenly to vacate his quarters, and leave the station without giving due notice, the Executive Engineer should promptly submit his claim for the amount of rent due by the officer through the officer commanding the station to the Paymaster of the Circle to which the officer has proceeded, or to the Examiner of Military Accounts, as the case may be, for recovery. If ordinary promptitude be used, the Examiner of Military Accounts will, in the case of an officer leaving the country, receive intimation of the claim in time to order the recovery before the officer could embark, and thus the necessity for a reference to the Secretary of State would be avoided.

11. Instances of delay in the settlement of claims for rent should be reported to the local Military authorities for the issue of such orders as may be deemed necessary for the recovery of the amount due.

12. In cases where rent for the occupation of public buildings has to be recovered from Warrant or Non-Commissioned officers on staff employ in the Military Department, the recovery will be effected in the manner prescribed in the foregoing rules for Commissioned officers.

13. These orders will be embodied in the revised edition of the Public Works Code, but will meanwhile take effect from the 1st September 1877.

ORDER.—Ordered, that the foregoing Resolution be communicated to the Governments of Bengal, North-Western Provinces and Oudh, and the Punjab, to the Chief Commissioner of Assam, to the Inspector General of Military Works, and the Accountant General, Public Works Department, for information and guidance.

Also to the Financial and Military Departments for information.

SIMLA, August 9, 1877.

SIR,

I am directed to forward herewith a copy of Public Works Department Resolution Nos. 572—79 A—G, dated 9th August 1877, prescribing revised rules for the recovery and adjustment of rents of public buildings occupied by military officers whose pay is drawn in the Military Department, and to state that it is considered desirable that the procedure therein laid down should be followed in *Madras*. A slight addition to the rules will be necessary to adapt them to the circumstances of *Madras*, where the Barrack Department is not administered by the Public Works Department. The requirements of the case will apparently be sufficiently met by a supplementary rule to the effect that these rules are not intended to affect the orders under which Barrack Masters are required (1) to forward to Executive Engineers a monthly statement of the public buildings under their charge rented at each station, and the names of the officers renting them, and (2) to give Executive Engineers timely warning when officers vacate their quarters.

I have the honor to be,

SIR,

Your most obedient servant,

W. L. D. Jones

Recovery and Adjustment of Rents of Public Buildings occupied by Military
Officers.

Read—

Notes by the Accountant-General, Public Works Department, No. 1053-G, dated 6th
October 1876.

Memorandum by the Government of India, Public Works Department, No. 951-A—G,
dated 2nd November 1876.

Memorandum by the Government of India, Military Department, No. 424 (Pay and Allow-
ances—House-rent), dated 13th January 1877.

RESOLUTION.—The Government of India, having had under consideration the
question of the recovery and adjustment of rents of public quarters occupied by
military officers, is pleased to lay down the following revised rules on the subject
in modification of those contained in
Chapter XI, Section III, para. 7, and Section IV, the Public Works Department Code
paragraphs 3, 4, 7, 8, 8 A—C, and 23. rules noted in the margin.

2. The rent of public buildings in charge of the Public Works Department
will ordinarily be collected by the Executive Engineer, and credited to Government
in his accounts. But in the case of quarters and other public buildings occupied
by military officers whose pay is drawn in the Military Department, the following
procedure should be followed.

3. The Executive Engineer should prepare at the close of each month two
statements in duplicate in the accompanying form, one for officers belonging to
British regiments, the other for all other officers occupying quarters and other
public buildings under his charge. These should be countersigned by the Com-
manding Officer concerned, and the Executive Engineer will then transmit them,
the former to the Regimental Paymaster, the latter to the Circle Paymaster.

4. The rents charged in these state-
ments will be assessed on the principles
laid down in the rules noted in the margin.
Public Works Department Code, Chapter XI,
Section III, paras. 5 and 6, and Section IV.

5. The Circle or Regimental Paymaster, on receipt of the statement, will
proceed to recover from each officer named therein the rent due by him, and credit
the same to the Public Works Department in his accounts. He should then com-
plete the statement by filling in the columns marked 'A', and, retaining one copy,
return the other to the Executive Engineer in time to enable him to prepare the
following month's statement. In cases where the Paymaster has failed to effect
recovery of the rent due, he should record in the columns set apart for that
purpose the reasons for the non-recovery.

6. The Executive Engineer, on receipt of the statement from the Paymaster, will debit the Military Department in his accounts with the total amount shown to have been recovered by the Paymaster, and raise a corresponding credit to Revenue under the sub-head "Rents of Buildings." He should then prepare and forward to the Paymaster the next month's statement, and the same process will be gone through.

7. The practice hitherto followed under which rents recovered by Paymasters were remitted in cash or by transfer receipt to Executive Engineers will cease, the system of book adjustments being observed instead.

8. The arrangements now prescribed require that the monthly statement should be forwarded to Paymasters, in time to enable them to effect recoveries of rents on the audit of pay bills. The prompt submission of these statements by Executive Engineers is therefore essential.

9. Every officer occupying public quarters should be required to give the Executive Engineer timely notice of his intention to vacate his quarters, so that timely arrangements may be made for the recovery of any rent due by him with the least inconvenience to himself.

10. If from any cause an officer occupying public quarters is obliged suddenly to vacate his quarters, and leave the station without giving due notice, the Executive Engineer should promptly submit his claim for the amount of rent due by the officer through the Officer Commanding the Station to the Paymaster of the Circle to which the officer has proceeded, or the Examiner of Military Accounts, as the case may be, for recovery. If ordinary promptitude be used, the Examiner of Military Accounts will, in the case of an officer leaving the country, receive intimation of the claim in time to order the recovery before the officer could embark, and thus the necessity for a reference to the Secretary of State would be avoided.

11. Instances of delay in the settlement of claims for rent should be reported to the local Military authorities, for the issue of such orders as may be deemed necessary for the recovery of the amount due.

12. In cases where rent for the occupation of public buildings has to be recovered from warrant or non-commissioned officers on staff employ in the Military Department, the recovery will be effected in the manner prescribed in the foregoing rules for commissioned officers.

13. These orders will be embodied in the revised edition of the Public Works Code, but will meanwhile take effect from the 1st September 1877.

ORDER.—Ordered, that the foregoing Resolution be communicated to the Governments of Bengal, North-Western Provinces and Oudh, and the Punjab, to the Chief Commissioner of Assam, to the Inspector-General of Military Works, and the Accountant-General, Public Works Department, for information and guidance.

Also to the Financial and Military Departments, for information.

No. 244. Telegram from the Secretary, Public Works Department, Central Provinces, Nagpur, to the Secretary, Public Works Department, Madras, dated 9th January 1878.

As soon as available please send Assistant Engineer Newton to Khundwa, Supervisor Wells to Nagpur, Supervisor Culliford to Jubbulpore. Services much required.

No. 244-A. From Major J. PENNYCUICK, R.E., District Engineer, Salem, to the Chief Engineer, Public Works Department, dated Salem, 7th January 1878, No. 169 SL.

With reference to your Circular No. 4,739, of 31st ultimo, I have the honor to state that the only officer who can be spared from this district at present is Mr. G. F. Moore, Assistant Engineer, now employed in the Trichengode taluq.

2. All works in this district, except buildings, being classed as relief works, there are of course some in progress in the above taluq, but none of them are large or important, and the number of laborers has been greatly reduced during the last few weeks.

3. At present I do not consider that any officer but the one named can be spared, nor do I think it likely that any further reduction can be made except by a return to ordinary methods of working; it is not so much the amount of work in progress as the way it has to be executed, which renders additional establishment necessary.

No. 244-B. Telegram from the Secretary, Public Works Department, Madras, to the Secretary, Public Works Department, Central Provinces, dated 14th January 1878.

Your telegram ninth. Newton, Culliford and Wells much wanted; cannot be spared.
