Read endorsement of the Consulting Engineer for Railways, dated 6th December 1878, No. 628, submitting letter from the Engineer in charge, Bellary-Hubli Railway, forwarding weekly return of officers* whose services can be dispensed with, as well as an original letter from Mr. Hinds inquiring how long his services will be required and whether he will be favored with some other employment.

To the Public Works Department, with copy of Mr. Hinds' letter.

From A. S. HINDS, Esq., Temporary Executive Engineer, to Major K. A. JOFF, R.E., Engineer in charge, Bellary State Railway, dated Bellary, 2nd December 1878.

I HAVE the honor to request you will be good enough to forward the following statement to the Madras Government for their favorable consideration and early reply.

2. I have now been over 18 months employed on famine works on the Bellary-Hubli State Railway, and as the famine is now over and your staff being broken up and all works closed I am naturally anxious to know something of my future prospects.

3. I have already stated in a former letter that my object in accepting employment under the Madras Government was on the belief that, if my services were approved of, employment might be found for me after the famine was over. I think the time has now arrived to enable Government to say if other employment can be found for me or not, and to give me some idea as to how long my services will be required. It may appear unreasonable to ask such a question, but it is of considerable importance to me to know how long Government can guarantee me employment, so that, in the event of my services being dispensed with, I may have sufficient time given me to seek other employment.

4. Should Government have no further need of my services I hope they will take into consideration my conduct during the past 18 months, and that I worked hard all through the famine when it was at its worst, and, I believe, performed my duty in a satisfactory manner under trying circumstances.
