GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

14th February 1878, No. 743 W.

General.

Establishment.

Read the following paper :—

No. 121. From Major J. O. HASTED, R.E., Superintending Engineer, Kistna, to the Chief Engineer, Public Works Department, dated Masulipatam, 15th January 1878, No. 186.

I HAVE the honor to enclose a list of disallowances from the travelling allowance bill of Mr. W. R. Norris, Executive Engineer, and to request that the sanction of Government may be obtained to enable that officer to draw full travelling allowance while employed on Famine Relief-works.

2. In July 1877 I placed Mr. Norris in charge of the Famine Relief-works, East Bank Canal, in addition to his duties as Divisional Officer of the 7th Division. As his stay on relief-work was uncertain, Mr. Norris had, of course, to keep up his residence in Masulipatam and used both tents and boats, although he seldom had occasion to march any considerable distance. Seeing that this was only a temporary duty, and not anticipating that Mr. Norris would have occasion to remain for weeks together on the work, I did not think it necessary to apply for any special exemption from the ordinary rules for him.

3. The work was very arduous and was conducted by Mr. Norris entirely to my satisfaction, and I think that full travelling allowance should be granted to all officers in charge of relief-works who had to keep up a travelling establishment, as they were of necessity put to great inconvenience and expense.

4. I beg also to recommend that the Examiner may be authorized to pass full travelling allowance to all officers belonging to other Presidencies who had to reside on relief-works. I make this recommendation to save another reference, as I understand that the travelling allowance of one of the officers from the North-Western Provinces has been disallowed, though the disallowance list has not yet reached me. I should not, of course, pass travelling allowance to these officers did they not maintain suitable travelling establishments.

No. 122. ORDER THEREON, 14th February 1878, No. 743 W.

THE full travelling allowance applied for cannot be granted.

Sir

Enclosure one

I have the honor to enclose a List
of Disallowances from the Travelling allow-
ance Bill of Mr. W. R. Norris, Executive
Engineer, and to request that the sanction
of Government may be obtained to enable
that Officer to draw full travelling allow-
ance while employed on Famine Relief
Works.

I. In July 1877 I placed Mr. Norris
in charge

in charge of the famine Relief works,
East Bank Canal, in addition to his duties
as Divisional Officer of the 7th Division.
As his stay on Relief work was uncertain,
Mr. Norris had of course to keep up his
residence in Nasulipatam, and used both
tents and boats, although he seldom had
occasion to march any considerable distance.
Seeing that this was only a temporary duty
and not anticipating that Mr. Norris
would have occasion to remain for weeks
together on the work, I did not think it
necessary to apply for any special exemption
from the ordinary rules for him.

3. The work was very arduous and was
conducted by Mr. Norris entirely to my
satisfaction, and I think that full
Travelling allowance should be granted
to all Officers in charge of Relief work
who had to keep up a Travelling Establish-
ment as they were of necessity put to great
inconvenience.

inconvenience and expense. 14³/₄

4. I beg also to recommend that the
Examiner may be authorized to pass full
Travelling allowance to all officers belonging
to other Presidencies who had to reside on
Relief work. I make this recommendation
to save another reference, as I understand
that the Travelling allowance of one of the
Officers from the North-Western Provinces
has been disallowed, though the Disallowance
List has not yet reached me. I should
not of course pass Travelling allowance
to these Officers did they not maintain
suitable Travelling Establishments.

I have the honor to be,
Sir,

Your most obedient servant,

Its actul Major R. E.
Superintending Engineer, Kistna
