Read the following paper:—

No. 152. Endorsement of the Chief Secretary to Government, Educational Department, dated Fort St. George, 14th February 1878, No. 250.

From Rev. O. DENE, B.A., Principal and Secretary, Lawrence Asylum, to the Director of Public Instruction, dated 9th February 1878, No. 1,928.

With reference to the Orders of Government noted in the margin, I am directed by the Committee to bring to notice that Public Works Department, 6th April 1877, No. 1,195, and 3rd December 1877, No. 1,919 W. of the emergent works therein sanctioned some have not yet been commenced, and others only partially executed.

2. As all these works are of real importance it is desirable that they should be completed without further delay; and I am to observe that if the leakage into the walls and the repairs of the roofs are not attended to before the commencement of the rains, the expense of putting the buildings into a proper condition will be enhanced to a serious extent.

3. I have the honor, therefore, to request that you will be so good as to submit this matter to His Grace the Governor in Council, in order that the works and repairs in question may be carried out as soon as possible.
