GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

18th February 1878, No. 796 W.

Buildings and Roads.

Civil Works.

Read the following paper:—

No. 154. From Major H. R. MEAD, R.E., District Engineer, South Arcot, to the Chief Engineer, Public Works Department, dated Cuddalore, 8th February 1878, No. 293.

I HAVE the honor to submit, for the sanction of Government, an estimate of Rupees 235 for constructing a brick-lined well adjoining the Press office in the Collector's Cutcherry at Munjacooppum.

One Estimate.

Specification.

Both to be returned when sanctioned.

2. It is complained by the officer in charge of the Press that the absence of a well near at hand is a great inconvenience to the business of the Press office, as water is frequently needed for damping paper and washing forms and other purposes. The well proposed for supplying water at all times appears very much needed.

3. From the current year's grant of Rupees 400 for Minor New Works under Provincial, Civil Buildings, there is a sum of Rupees 240 still remaining unappropriated; if the estimate in question is sanctioned at once the work can be carried out by the end of March from this amount. Early orders on the estimate are therefore solicited.

No. 155. ORDER THEREON, 18th February 1878, No. 796 W.

THE estimate of Rupees 235 for constructing a brick-lined well adjoining the Press office in the Collector's office at Munjacooppum is sanctioned.

2. Funds will be provided by the District Engineer from the source pointed out in paragraph 3 of his letter recorded above.

3. This sanction has been registered as Provincial No. 282 B of 1877-78.

(True Extract.)

Colonel, R.E.,
Secretary to Government, P.W.D.

Sir,

1 Estimate
1 Specifications

Both to be re-
turned when
sanctioned.

I have the honor to submit
for the sanction of Government an
estimate of Rs (235) two hundred and
thirty five for constructing a brick-lined
well adjoining the Press Office in the
Collector's Enclosure at Mungacooppam.

2 It is complained by the Officer
in charge of the Press that the absence
of a well near at hand is a great in-
convenience to the business of the Press office
as water is frequently needed for damping
paper and washing forms and other
purposes. The well proposed for sup-
plying water at all times, appears very
much needed.

3 From the current year's grant
of Rs 400 for Minor New Works under
Provincial - Civil Buildings, there is a
sum of Rs 240 still remaining unappro-
-priated; if the estimate in question is
sanctioned at once, the work can be
carried out by the end of March from
this amount. Early orders on the
estimate are therefore solicited.

I have the honor to be
