GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

18th February 1878, No. 817 W.

General.

Establishment.

Read the following paper:—

No. 173. From Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to the Chief Engineer, Public Works Department, dated Camp, Royachoty, 9th February 1878, No. 2,904.

I HAVE the honor to request that you will inform me if I can draw travelling allowance for Mr. Overseer Marshall, employed on famine duty from June to December 1877, in opposition to the ruling conveyed in paragraph 2 of G.O., No. 1,775, dated 2nd July 1874. On the 17th December 1877 I received Mr. Marshall's diary for June last, which I returned with reference to the above order. On the 31st December last I had to return diaries from July to September last for the same reasons, but as I received back all those diaries as well as those for the subsequent months together with letter No. 152, dated 31st ultimo, explaining the cause for the great delay, I beg to forward copy of the letter from Mr. Marshall for your consideration. Until October Mr. Marshall was employed under the Revenue Department.

From Mr. B. MARSHALL, Overseer on Famine duty, Kadiri-Royachoty Road Relief works, to D. F. MARTIN, Esq., Executive Engineer in charge, Relief works, Kadiri Taluq, dated Camp, Ittica Rachervoo, 31st January 1878, No. 152.

WITH reference to your No. 94, dated 26th January 1878, enclosing copy of District Engineer's No. 2,527, calling upon me for an explanation regarding the non-submission by me in due time of my diaries, I humbly beg to inform you that I delayed doing so with the object of saving my allowances in order to enable me to pay my way back to Bengal should I have to go by rail.

The District Engineer in returning my diaries directs my attention to an extract from a G.O., No. 1,775, dated 2nd July 1874; but I would most respectfully beg you to note that it is evident from the date of the Government Order, I was not aware such a rule existed; that if I had a knowledge of it I should not have run the risk of losing my allowances for so many months by going in direct opposition to the Government Order.

The diaries which the District Engineer refuses to pass are for the months during which I had to work most arduously (when the famine was most severe), and when I had to labor through many trials and privations, and I would most humbly and respectfully add that to deprive me of my allowances on account of delay in submitting my diaries (by which delay I thought to have saved) will be very severe, considering my salary.

I most humbly beg you will kindly consider my reasons, my ignorance of the rule alluded to, and that you will recommend my allowances be granted.

I beg to enclose my journals or diaries for the months of June, July, August and September which were submitted on 6th December 1877, and my other diaries for October, November, December, and January now submitted.

2 PUBLIC WORKS DEPARTMENT, 18TH FEBRUARY 1878, No. 817 W.

No. 174. ORDER THEREON, 18th February 1878, No. 817 W.

THE District Engineer may, as a special case, draw travelling allowance for Mr. Marshall, who acted in ignorance of the Madras Government orders on the subject.

2. The District Engineer should however see that such orders are made known to the officers employed under him.
