RESOLUTION.—The requirements for Military Works have to be considered under two categories, *viz.*, demands for outlay under the Inspector General of Military Works, and those for expenditure under Local Governments and Administrations.

2. Compared with the grant allowed for 1877-78, the figures for 1878-79 may be abstracted as follows :—

	Demand, 1878-79.	Grant, 1877-78.
	Rs.	Rs.
I.—Demands for Native troops in the stations under the Public Works Department of Bengal, North Western Provinces, Punjab, Assam and Coorg ...	5,82,458	4,42,250
II.—Demands for European and Native troops of the Madras and Bombay Armies, and for Native troops in other Provinces ...	94,22,625	46,27,000
III.—Demands for works under the Inspector General of Military Works ...	72,64,600	72,50,600
Total ...	1,72,69,683	1,23,19,850

3. In the present resolution the demands made by the several Local Governments and Administrations will only be dealt with, the figures pertaining to the statement of requirements submitted by the Inspector General of Military Works being; as is usual, reviewed separately. Adopting this arrangement,

the following table shows how the sums of Rs. 5,82,458 and Rs. 94,22,625 = Rs. 1,00,05,083, under heads I and II in the above abstract, are made up, arranged according to Provinces, and compared with the grant allowed for the current official year :—

(a).—The provision of Rs. 14,784 is meant for the lock hospital at Allahabad, but the question is now under consideration whether the building should not be constructed by the Military Works Branch; so that, until a final decision on the point is arrived at, it will be premature to allot funds for the work. The work, therefore, should be excluded from the Budget.

(b).—Details not given.

4. The demand for 1878-79 is in excess of the allotment for 1877-78 by nearly 49½ lakhs. But the grant for Military Works is rigidly fixed. It is therefore imperative that the demands for next year should be reduced so as to accord with the grant allowed for the current official year; and in this view, the several Local Governments and Administrations are requested to distribute allotments equal to the grants of the current year, which are now provisionally placed at their disposal, as circumstances may require; subject to the condition that, after fully providing for the completion of works in hand and repairs, preference is to be given to works connected with—

Hospital improvements.

Distribution of the Grant for Military Works for 1878-79.

Letter from Secretary to the Government of Madras, No. 825 W, dated 1st October 1877.

RESOLUTION.—The requirements for Military Works have to be considered under
two categories, viz., demands for outlay under the Inspector-General of Military
Works, and those for expenditure under Local Governments and Administrations.

2. Compared with the grant allowed for 1877-78, the figures for 1878-79 may
be abstracted as follows :—

	Demand, 1878-79.	Grant, 1877-78.
I.—Demands for Native troops in the stations under the Public Works Department of Bengal, North-western Provinces, Punjab, Assam and Coorg	Rs. 5,82,458	Rs. 4,42,250
II.—Demands for European and Native troops of the Madras and Bombay Armies, and for Native troops in other Provinces	94,22,625	46,27,000
III.—Demands for works under the Inspector-General of Military Works	72,64,600	72,50,600
Total ...	1,72,69,683	1,23,19,850

3. In the present resolution the demands made by the several Local Governments
and Administrations will only be dealt with, the figures pertaining to the statement
of requirements submitted by the Inspector-General of Military Works being, as is
usual, reviewed separately. Adopting this arrangement, the following table shows
how the sums of Rupees 5,82,458 and Rupees 94,22,625 = Rupees 1,00,05,083, under

heads I and II in the above abstract, are made up, arranged according to Provinces, and compared with the grant allowed for the current official year:—

Province.	DEMAND, 1878-79.								Grant for 1877-78, and Provisional allotment for 1878-79.
	Works in progress.	New Works.	Minor Works.	Repairs.	Establishment.	Tools and Plant.	Barrack Department.	Total.	
II.—Demands for European and Native troops of the Madras and Bombay Armies, and for Native troops in other Provinces—	RS.	RS.	RS.	RS.	RS.	RS.	RS.	RS.	RS.
Madras	1,04,000	3,96,000	1,50,000	2,50,000	2,25,000	30,000	..	11,55,000	7,50,000

4. The demand for 1878-79 is in excess of the allotment for 1877-78 by nearly 49½ lakhs. But the grant for Military Works is rigidly fixed. It is therefore imperative that the demands for next year should be reduced so as to accord with the grant allowed for the current official year; and in this view the several Local Governments and Administrations are requested to distribute allotments equal to the grants of the current year, which are now provisionally placed at their disposal, as circumstances may require; subject to the condition that, after fully providing for the completion of works in hand and repairs, preference is to be given to works connected with—

Hospital Improvements,
Drainage, and
Water-supply.

5. In order to meet any possible necessity for reduction of expenditure, the several Budget Estimates to be submitted should be accompanied by a statement of the allotments provided for therein which can be reduced or disallowed with the least serious inconvenience. The total amount of the statement of such possible reductions must not be less than 20 per cent. of the provisional allotment.

ORDER.—Ordered that this Resolution be communicated to the Local Government and Administration noted in the margin and to the Inspector-General of Military Works for information and guidance, and to the Military and Financial Departments for information.

No. 193. Proceedings of the Government of India, Public Works Department, (Account—General,) dated Fort William, 9th January 1878, Nos. 36—55 A—G.

Distribution of the Imperial Grant for Other Services for 1878-79.
Letter from Secretary to Government of Madras, No. 825 W, dated 1st October 1877.

RESOLUTION.—The total of the amounts demanded by the several Local Governments and Administrations for 1878-79 for the Imperial Public Works under Other Services is

RS.

41,20,350

To this must be added the following items:—

- I.—Provision for dredging the Kurrachee Harbour, the amount asked for being only Rupees 40,000, whereas Rupees 1,00,000 was what the Government of India said should be provided RS. 60,000
- II.—Provision for a hopper steam-dredger for the Kurrachee Harbour Works to be ordered from England (2 lakhs to be paid in 1879-80) 2,00,000
- III.—Provision from Government funds as a final charge for the water works at Simla 1,00,000
- IV.—Provision for Government House buildings at Simla.

New Works—
New Government House RS. 2,00,000
Repairs 20,000
Establishment 50,000
2,70,000

The total of these is RS. 47,50,380
Whereas the grant for 1877-78 is only 32,34,650
So that there is an excess of 15,15,730
to be dealt with.

2. The Government of India is not in a position to provide for this large addition to the grant, and it is therefore necessary to reduce the demands for next year by Rupees 15,15,730. In this view the following reductions are suggested as the most advisable:—

	Works.	Establishment.	Tools and Plant.	Total.
—	RS.	RS.	RS.	RS.
<i>Telegraph Buildings.</i>				
Telegraph Office at Madras	1,00,000	25,000	1,500	1,26,500

Provision of Rupees 22,595 to be reduced to Rupees 17,000...	5,595	1,398	...	6,993
<i>Kurrachee Harbour Works.</i>				
Provision for ship pier not yet sanctioned by Government of India	1,50,000	31,500	2,250	1,86,750
Provision for repairs to be reduced from Rupees 60,000 to Rupees 20,000 being about the same amount as the grant for the current year	40,000	9,200	600	49,800
<i>Light-houses.</i>				
Provision for light-house at Muttum, Madras...	60,000	15,000	800	75,800
Provision for Tools and Plant in Madras in excess of the percentage allowed	8,41,548	1,98,446	11,168	10,51,162
Provision for the following provinces to be reduced thus—	...	...	6,832	6,832
for Central India by ...	...	...	...	2,50,000
for Rajpootana " ...	...	...	...	1,18,000
for Port Blair " ...	...	...	...	89,000
for Coorg " ...	...	...	...	736
	...	...	...	15,15,730

3. The reduction of Rupees 2,50,000 in the Central India demand will bring it down to	RS.
The grant for the current year being	4,99,000
That of 1876-77	6,82,500
1875-76	6,00,900
1874-75	6,97,000
1873-74	6,96,000

The Government of India regret that this reduction should have to be made in the grant for Central India, but financial necessity is imperative. Besides this, the question of the source whence funds should be provided for repairs of roads has still to be settled.

4. The reduction in Rajpootana will bring the demand down to Rupees 3,15,900, the grant for 1877-78 being Rupees 3,61,700. Here again reduction cannot be helped.

5. The reduction in the Port Blair demand will leave the grant at the same amount as that for the current year.

6. Statements are annexed showing the grants assigned to each province and department under operation of this Resolution. The totals of those grants, as compared with the allotments for the current official year, are shown in the following abstract:—

Provinces.	Grant now provisionally passed for 1878-79.	Grant for 1877-78.

ORDER.—Ordered that this Resolution be communicated to the Government and Administration noted in the margin, to the Government of Madras, the Inspector-General of Military Works, and to the Superintending Engineer, Simla Imperial Circle, for information and guidance.

Ordered also, that a copy be forwarded to the Foreign Department, and to the Agent, Governor-General, Beloochistan, for information; also to the Director-General of Telegraphs, and to the Financial Department for information, and for communication to the Director-General of Post Offices.

4. In paragraph 5 of the Government of India Resolution No. 18-33 A—G, dated 8th January 1878, a statement of proposed reductions of not less than 20 per cent. of the provisional allotment for works is called for. The amount allotted to works is Rupees 5,92,000, and 20 per cent. on this will amount to Rupees 1,18,400, to meet which the following reductions will be proposed to the Government of India:—

Budget Items—	
2. Hospital Serjeants' quarters for the third Pavilion Race Course, Bangalore	Rs. 5,700
6. Completing the third block, married quarters, at Wellington	3,720
7. Addition to the Hospital Guard-room for prisoners at Wellington.	4,590
12. Providing racks in the Ordnance Gunpowder Magazine, Bangalore.	2,560
13. Enlarging existing quarters of Millmen and Supervisors for resident Master Worker and Master Refiner at the Gunpowder Factory, Madras	5,000
14. School-house and furniture for four Native Infantry Regiments at Bangalore	4,800
15. Water-supply Project at Bellary	4,000
16. Additional works in connection with Ulsoor Water-supply Project.	20,000
17. Improvements to Dumloor tank at Bangalore	10,000
18. Drinking water-supply to be conveyed in pipes from outlet to the lower story of each block of barracks at Wellington	2,150
21. Minor works	53,880

Total ... 1,18,400

5. The grant for establishments under "Military and Other Services, Imperial," is Rupees 1,81,810. The grants from other sources will be shown in the orders reviewing the Provincial Budget.

6. The allotment for "Tools and Plant" is Rupees 12,228.* Out of this allotment, Rupees 476 are required for London supplies, leaving a balance of Rs. 11,752, which has been distributed as shown in Part IV of the Budget.

Military	Rs. 10,000
Other Services	2,228
	12,228

7. The amount applied† for by the District Engineer, Presidency, under "Tools and Plant, Imperial, Other Services," is excessive. After providing Rupees 476 for London supplies, the balance of the grant under this head has been reserved by Government for appropriation as occasion arises.

8. District Engineers will be careful that, as in the case of other Public Works, no Salt Works for which funds have been provided in the Budget are carried out without first submitting the necessary plans and estimates for the sanction of Government. They should at the same time take the necessary steps to have plans and estimates prepared and sanctioned in ample time to admit of the utilization of the Budget appropriations within the official year.
