Read the following paper :—

No. 229. Endorsement of the Chief Secretary to Government, Judicial Department, dated Fort St. George, 11th February 1878, No. 229.

Proceedings of the Board of Revenue, dated 7th February 1878, Miscellaneous No. 1,376.

From W. S. FOSTER, Esq., Collector of the Godavery District, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Cocanada, 7th January 1878, No. 5.

I HAVE the honor to forward herewith an estimate, amounting to Rupees 545, for repairing the Deputy Tahsildar's Cutcherry at Cocanada, together with a report* from the Sub-Engineer in charge, Northern Sub-Division, Eastern Delta, from which it will be seen that the whole

building is to be repaired in accordance with the estimate and it would be a waste of money to carry out any petty emergent repairs. The District Engineer has written to me that the proposed cost of repairs having exceeded one-fourth the value of the building, viz., Rupees 1,000, it is beyond his power of sanction. I request therefore that you will be good enough to obtain the orders of Government for the execution of the work.

From Mr. T. FOURACRES, Sub-Engineer in charge, Northern Sub-Division, to G. T. WALCH, Esq., C.E., Executive Engineer in charge, Eastern Delta Division, Godavery, dated Camp, Cocanada, 30th November 1877, No. 1,703.

In returning your No. 1,335, of the 15th current, I have the honor to submit herewith an estimate for repairs necessary to the Tahsildar's

Cutcherry at Cocanada and to return papers marginally noted.

2. From personal inspection I find that the roof is in a bad state. At one place a few of the rafters are broken; the roof also throughout is any thing but watertight, and it will not be possible to carry out the repairs necessary unless the building is vacated. It will therefore be necessary that the Deputy Tahsildar removes his office to some other building.

3. I beg in conclusion to state that, in my opinion, it would be a waste of money to carry out any petty emergent repairs. What is required is the whole building to be repaired in accordance with the estimate now sent.

4. It will take probably a month and a half to complete the repairs.
