Civil Works.

Read the following papers:—

No. 165. Proceedings of the Government of Madras, Revenue Department,
dated 21st November 1878, No. 1,875.

Proceedings of the Board of Revenue, dated 12th November 1878, Miscellaneous,
No. 11,537.

From W. S. WHITESIDE, Esq., Collector of North Arcot, to the Acting Secretary
to the Board of Revenue, dated Chittur, 23rd October 1878, No. 331.

I HAVE the honor to forward herewith plans and estimates, amounting to Rupees
2,240, for providing an office room for the Sub-Registrar, for extending the record-
room on the western side of the building, and for constructing a ryot-shed in the
compound of the Taluk Cutcherry at Chittur, received with the District Engineer's
letter, No. 3,586, dated 19th instant.

2. Hitherto the Taluk Sheristadar was Sub-Registrar, and there was no neces-
sity for separate accommodation. As a special Registrar has been appointed to
the taluk and the space in the Taluk Cutcherry is fully occupied, special separate
accommodation is urgently required, and this plan and estimate is prepared at the
request of the Registrar-General.

3. The present record-room of the Cutcherry is extremely small and narrow;
the extension provided for in the estimate is absolutely necessary. The improvement
forms a part of the plan for extension of the Cutcherry. There is no ryot-shed at all
at present, and parties in Revenue and Magisterial cases as also the village officers
who attend the Cutcherry on business and the toties who bring remittances, &c., are
obliged to shelter themselves as best they can under the trees growing in the compound
of the Cutcherry. The proposed shed is therefore very necessary.

4. I have the honor therefore to request that the Board will be pleased to
obtain the sanction of Government for the execution of the several works provided
for in the estimate.

5. The enclosures may be returned when no longer required.

Submitted for the sanction of Government.

(A True Copy and Extract.)

(Signed) C. A. GALTON,
Acting Secretary.

The proposed works are approved, and the plans and estimates transferred to the Public Works Department for the issue of the further necessary orders.
