Read the following paper:—

No. 64. Endorsement of the Acting Superintending Engineer, Third Circle, dated Madras, 28th March 1879, No. 1,788.

From J. O'SHAUGHNESSY, Esq., Executive Engineer, Buckingham Canal Division, to the Superintending Engineer, Third Circle, dated Adayar, 26th March 1879, No. 664.

In reference to your letter, No. 1,699, dated 25th instant, I have heard that the building now occupied by the Presidency Division Office is taken on a lease, but is found unsuitable for its present purpose. It would suit my office very well, and if the building has to be retained by Government until the lease expires or if compensation has to be given to have the lease cancelled it might be as advantageous to Government as to me to have my office located in it instead of at Chepauk.

2. I request you will do me the favor to place this suggestion before the Chief Engineer.

TRANSFERRED for orders to the Chief Engineer.

2. The undersigned understood from Colonel Farewell that the transfer of the office of the Executive Engineer, Buckingham Canal Division, to the buildings at Chepauk had been determined upon.

3. The building mentioned by Mr. O'Shaughnessy has more accommodation than his office requires.

Ag. Supg. Engr., Third Circle.

No. 65. ORDER THEREON, 4th April 1879, No. 1,051 W.
THE Executive Engineer's request is inadmissible.
