PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from
the Superintendent, Government Central
Museum dated 4 April 1899. N 126.

I have the honor to submit the
following request for the sanction of His
Grace the Governor in Council.

2. On the north flank of the Museum
there is an old shed, 31 feet 8 inches x 21 feet
2 inches with a tiled roof supported on
square pillars, which the District Engineer
has on several occasions proposed to remove
as useless, and unsightly in the neighbourhood
of the large building. Being partly concealed
by trees, however, it has hitherto escaped
destruction.

3. It is of no practical use in con-
nection with the Museum and requires
attention to prevent its being made a nuisance
by visitors &c. It appears to have been built,
when

when the place was the Land Customs
Cutcherry, to shelter bullocks or for some
such purpose. At present it is partly
occupied by blocks of timber which are
being seasoned for specimens, but these
can be stored elsewhere on the premises.

I have now therefore to solicit
sanction for permission to remove the
shed, at my own expense, to the rear
of my quarters, where I will convert
it into a sleeping room as domestic
exigencies render additional accommo-
dation very essential in the hot season.

Order thereon 7th April 1879 A. 522.

The removal of the shed at
Dr. Bidie's expense to the spot indicated,
is sanctioned.
