GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

24th April 1879, No. 1,226 W.

General
Establishment.

Read the following paper:—

No. 201. Proceedings of the Board of Revenue, dated 3rd April 1879, Miscellaneous No. 3,302.

From C. W. W. MARTIN, Esq., Acting Collector of Madura, to the Acting Secretary to the Board of Revenue, dated Madura, 12th March 1879, No. 100.

WITH reference to Board's Proceedings, dated 4th instant, Miscellaneous No. 2,089, I have the honor to report that since the passing of the G.O., dated 5th June 1878, No. 838, I reported* that the Shivaganga works could not be finally completed under a year and a half and the Board signified their approval in their Proceedings, No. 3,205, dated 29th November 1878. They also approved† of the draft certificate in which was inserted the clause that the works shall be completed within the period of eighteen months from the 15th October 1878.

2. It is necessary that the services of the special Supervisor and his establishment should be retained for that period. I request that the necessary sanction may be obtained.

SUBMITTED to Government with reference to memorandum from the Acting Secretary, Public Works Department, dated 28th February 1879.

2. The Board request that sanction may be accorded for the retention of the establishment.

Proceedings of the Board of Revenue, dated 29th November 1878, No. 3,205.

Read the following papers:—

From C. W. W. MARTIN, Esq., Acting Collector of Madura, to the Acting Secretary to the Board of Revenue, dated 5th October 1878, No. 381.

WITH reference to Board's Proceedings, No. 8,331, dated 14th August 1878, communicating G.O., No. 1,298, dated 12th idem, I have the honor to report that the District Engineer requests me to advance Rupees 20,000 to the Agent of the Shivaganga Zemindari for the repair of tanks and after its expenditure to advance further funds. I have the honor to request instructions whether these funds should be advanced to the present Zemindar or placed at the disposal of the District Engineer in the same way as funds for Aiyen works.

2. I also request to be instructed regarding the bond to be taken from the Zemindar as security for these advances.

Telegram from the same Officer, dated 10th October 1878.

PLEASE send certificate under Land Improvement Act for advance to Shivaganga Zemindar up to Rupees 10,000 pending orders from the Government of India for the advance of Rupees 1,50,000,—vide G.O., 1,298, of 12th August 1878, paragraph 5.

From the same Officer, dated 10th October 1878, No. 389.

I HAVE the honor to report, for the approval of the Board of Revenue, the arrangements I propose to make for working the somewhat delicate matter of placing the Agent of the Shivaganga Zemindari in funds for carrying out the work in the estate.

2. The peculiarity of the Zemindar's position as possessor of the estate under a contested title makes it necessary that advances should be doled out in such a way as to give the Collector a power of stopping further advances if those already given appear not to have been expended on the objects for which the grant is intended.

3. Pending further instructions I have arranged with Alagirisami Naidu, the Agent of the Zemindari, and Kistanna Chary, the Supervisor appointed by Government, that the former shall place the whole of the estate maramut establishment at the disposal of the latter, shall supplement it to the extent required, shall make all the requisite sub-contracts and give advances for the commencement of work.

4. I have written to the Board by my letter, No. 381, of the 5th instant, regarding the form of bond to be taken from the Agent of the Zemindari, but since doing so I have come to the opinion that what is required is a certificate under Section 13 of the Land Improvement Act; such a certificate can be given by the Board up to Rupees 5,000 and by the Government of Madras up to Rupees 10,000. I have to-day telegraphed to you for the certificate up to the latter amount.

5. Meanwhile, as the season has far advanced and the Supervisor is powerless to move without money, I interpret Section 5 of the G.O., No. 1,298, of the 12th August 1878, as authorising me to make advances in anticipation of the certificate; and I have arranged that an advance of Rupees 3,000 shall be made to-day and an advance up to the same amount per week pending sanction from the Board of Revenue.

6. Mr. Stokes was of opinion that these advances must be made to the District Engineer only, but I consider this to be practically impossible, because the Agent is the person who must make the sub-contracts and incur the risk of making advances to coolies and all the other risks incidental to carrying out the works.

7. Little or nothing has been done on the estate works up to the present, because the Agent, probably not liking the arrangement of a Government officer to supervise the expenditure of the money, made no application for funds, and no funds could be obtained except through him.

8. He has agreed, however, now to work with the Supervisor under the arrangement described, and I cannot think of any other possible. The District Engineer will be asked to keep me informed of the progress of works to enable me to judge how far the money is being rightly applied.

9. I have the honor to request instructions how to proceed with the advances after the sum of Rupees 10,000 covered by a certificate under the law has been exhausted.

From the same Officer, dated 29th October 1878, No. 430.

With reference to Board's official memorandum, dated 17th October 1878, No. 1,316, I have the honor to forward herewith a stamp of the value of Rupees 250 furnished by the Agent to the Zemindar of Shivaganga.

ENCLOSURE No. 1.—Stamp Paper.

From the same Officer, dated 18th November 1878, No. 456.

With reference to official memorandum, No. 1,287, dated 15th October, I have the honor to report that the Agent to the Zemindar of Shivaganga and the Supervisor in charge of the Shivaganga Works estimate one year as the period within which the works will be completed. But the District Engineer is of opinion that they cannot be finally completed under a year and a half at earliest.

2. I consider it improbable that more than Rupees 10,000 per month will be spent, and the District Engineer's estimate may therefore be accepted.

3. It is the interest of the Agent to work as quickly as possible, and I do not think that anything will be gained by limiting him to a very short time.

4. The period should be calculated from the 15th ultimo.

The sanction of the Government of India for the loan of Rupees 1,50,000 has already been communicated to the Collector. Under Rule 13 of the new rules embodied in G.O., dated 26th October 1878, No. 1,732, the certificate must be issued by the Collector; he will see that it is

carefully prepared in the prescribed form; the stamp received with his letter, dated 29th October, will therefore be returned.

2. The Board concur in the opinion expressed in paragraph 2 of the Collector's letter, dated 10th October and approve of the arrangements mentioned in paragraph 3. Payment should be made, not to the District Engineer, but to the Zemindar or his authorised Agent in such instalments as the Collector may consider prudent, having regard to the progress of the work.

3. The Board concur in the Collector's opinion (paragraph 2 of his letter dated 18th November 1878) that the District Engineer's estimate as to the time required for the completion of the work should be accepted.

Proceedings of the Board of Revenue, dated 8th February 1879, No. 344.

Read the following letter from C. W. W. MARTIN, Esq., Acting Collector of Madura, to the Acting Secretary to the Board of Revenue, dated 28th January 1879, No. 40.

With reference to Board's Proceedings, No. 3,205, dated 29th November 1878, I have the honor to transmit for approval a draft certificate for the advances to be made to the Shivaganga Zemindari under the Land Improvement Act.

2. I wish to add two conditions to those provided in the form of certificate. These appear to me necessary because of the peculiar circumstances in which the Zemindari is placed.

3. The first condition is that the whole loan is not to be paid at once, but from time to time in such instalments as the Collector of Madura may think justified by the progress of the work. The necessity for the insertion of this clause has already been laid before the Board and their approval signified in their Proceedings under reference.

4. The other condition is that the advance shall be applied for the execution of such works as are chosen by the Collector or any one authorised by him in that behalf. This condition appears to me to be necessary to give the Superintending Engineer the voice he should have in the expenditure of the money. Mr. Randall has recently pointed out to me that the works chosen for repair have not been chosen on any system, and that the estimates are only for earth-work in closing breaches and repairing bunds and do not provide sufficiently for escapes in the tanks, from which it may result that all the work done may be swept away by an ordinary flood. The Agent has arranged to furnish a list of all breached tanks to Mr. Randall, and they will as soon as possible be grouped, and a selection of those most necessary to be repaired substantially will be made up to the funds available. The existence of the condition will give power to carry out any programme that may be framed.

5. The instalments in which the amount is to be repaid will have to be changed. As arranged previously the first instalment fell due on the 31st December 1878. The whole amount advanced up to that date was, however, only Rupees 3,000, and the Zemindar cannot therefore be asked to pay Rupees 15,000. I propose, in consideration of the difficulties in which the estate is involved through protracted litigation and bad seasons, to throw back the date of payment of each instalment by twelve months, i.e., fixing the date of first payment as 31st December 1879.

6. I wish to be instructed whether I am right in concluding that as I have taken the estate under Government management the expenditure of this loan now rests with me as Agent on behalf of both the Zemindar and Government. If it does it will enable me to get over all difficulties as also to make ample provision to meet any distress that may occur.

7. I request the early instructions of the Board on this letter in order that I may have the certificate drawn up on stamp and duly signed by the Zemindar.

ENCLOSURE No. 1.

WHEREAS Streemathu Muttu Vijia Regunatha Dorasinga Tever, alias Gourivallaba Tever, residing at Shivaganga in the Zemindari of Shivaganga in the District of Madura, has, under the provisions of the Land Improvement Act, applied for an advance of Rupees (150,000) one hundred and fifty thousand for the purpose of repairing irrigation works of the said Shivaganga Zemindari mentioned in the first schedule hereunder written, and whereas as security for the payment of the said advance he has offered the said Shivaganga Zemindari, I hereby authorise payment to the said Dorasinga Tever, alias Gourivallaba Tever, of Rupees (150,000) one hundred and fifty thousand, under the sanction accorded by the Government of India on the 14th September 1878 for the purpose aforesaid, on the following conditions, viz. :—

That the whole loan is not to be paid at once, but from time to time in such instalments as the Collector of Madura may think justified by the progress of the work.

That the advance shall be duly applied to the purpose for which they are made, to wit, the execution of such works as are chosen by the Collector or any one authorised by him in that behalf.

That the work for which the loan is made shall be completed within the period of eighteen months from the 15th October 1878

That the amount advanced shall be repaid in five instalments as described below with interest on the amount advanced, or on such part thereof as shall from time to time remain unpaid, at the rate of Rupees six (6) Annas four (4) per centum per annum.

That the Zemindari of Shivaganga, for the improvement of which the advance is made, and which is encumbered to the extent of Rupees (972,106-13-11) nine hundred and seventy-two thousand, one hundred and six, Annas thirteen, and Pies eleven, shall be security for the repayment of the advance and interest.

That in case the money advanced, or the interest thereon, is not paid as it becomes due, it shall be recoverable from the applicant as arrears of land-revenue as provided in Act XXI of 1876.

That the works and accounts of expenditure thereon shall be at all times open to inspection by the Collector or other person authorised by him in that behalf.

That if at any time the Collector is satisfied that the said Dorasinga Tever, alias Gourivallaba Tever, has failed to perform any of the conditions under which the advance is made, the Collector may, after recording in writing the grounds for the decision he has arrived at, and subject to the control of the Board of Revenue, proceed to recover, under the provisions of the Land Improvement Act, any sums which may remain due, together with any interest payable thereon.
