sanction an estimate of Rupees 2,255 with accompaniments* for repairing the Collector's, Head Assistant Collector's, and Assistant Collector's Cutcherry at Cuddapah.

2. The estimates for the under-mentioned buildings will be forwarded for sanction to the Revenue Board, under Chapter VII, Section ii, paragraph 2, of the new Public Works Code—

Repairs to Sheristadar's Cutcherry and English Record-room	rs.
Treasury Telugu Record-room and Guard-room	593
Deputy Collector's Cutcherry and Press Office	1,098
	700

The small addition to the Treasury, noticed as required by the Accountant-General, in his letter, No. 6,126, dated 4th November 1878, in G.O., No. 4,543, dated 27th November 1878, is included in the estimate of Rupees 1,098 for the Treasury, and this addition amounts to Rupees 166.

3. Two other estimates of Rupees 430 and Rupees 229 for improvements to the Deputy Collector's Cutcherry and repairing the Munsif's Court, are prepared; and will be sanctioned under Clause b, paragraph 25, and Clause a, paragraph 25-A, Section ii, Chapter III, of the code.

4. The estimates thus detailed provide for all the requirements as called for in the Government Orders noted in the margin.

5. The estimate of Rupees 2,255 has been approved by the Collector, who signed a general estimate that was prepared in the first instance for all the buildings. But as an instalment of the code chapters was received immediately afterwards, the general estimate was divided into parts, so that sanction might be accorded to them in conformity with the rules.

2 PUBLIC WORKS DEPARTMENT, 28TH APRIL 1879, No. 1,246 W.

No. 226. ORDER THEREON, 28th April 1879, No. 1,246 W.

THE estimate of Rupees 2,255, for repairing the Collector's, Head Assistant Collector's and Assistant Collector's Cutcherry at Cuddapah, is sanctioned and funds appropriated from the Reserve at the disposal of Government under Civil Buildings, Provincial.

2. This sanction has been registered as Provincial No. 6 B. of 1879-80.

1 Specification
1 Report

With reference to the marginally
noted orders, I have the honor to submit
for sanction an estimate of Rupees 2,255
with accompaniments, for repairing the
Collector's, Head Assistant Collector's, and
Assistant Collector's Cutcherry at Kuddupah.

2. The estimates for the undermen-
tioned buildings will be forwarded for
sanction to the Revenue Board, under
Chapter VII Section II para 2 of the new
Public Works Code.

Repairs to Sheristadar's Cutcherry } Rs
and English Record room } 593
Treasury Seluga Record room and }
Guard room } 1098

Deputy Collectors Cutcherry and } Rs.
Press Office - } 700.

The small addition to the Treasury noticed as required by the Accountant General, in his letter No 126 dated 4th November 1878, in G.O. No 4543 dated 27th November 1878, is included in the estimate of Rupees 1098 for the Treasury, and this addition amounts to Rupees 166.

3. Two other estimates of Rupees 430 and Rupees 229 for improvements to the Deputy Collectors Cutcherry, and repairing the Mooneeff's Court, are prepared, and will be sanctioned under Clause b para 25, and Clause A para 25 A Section II Chapter III of the Code.

4. These estimates thus detailed provide for all the requirements, as called for in the Government Orders noted in the margin.

5. The estimate of Rupees 2255 has been approved by the Collector who signed a general estimate that was prepared in the first instance for all the buildings. - But as an instalment of the Code

1242
Chapter, was received, immediately afterwards, the general estimate, was divided into parts, so that sanction might be accorded to them, in conformity with the Rules.

I have the honor to be,
Sir,

Your Most Obedient Servant
Hewendergast. Lieut Col R.E.
Superintending Engineer 2nd B.

Forwarding Estimate
 for repairing the
 Collector's Head Office
 Collector's and Assistant
 Collector's Cutcherry at
 Cuddalore amounting
 to Rs. 2255.

Cir 21. 4. 79. Dtd 24. 4. 79.
 Despatched July 18-4-79

1246/5

Report to accompany the Estimate for
 Repairs to Collectors, Head Assistants, and
 Assistants Cutcheries at Cuddalore.

Amount of Estimate Rs. 2255.

1 These buildings stand upon a plat-
 form 3' 6" high and 117 ft. square. The
 block is mean looking and very small,
 the collector's room being only 18 ft. square
 and those of the Head Assistants and
 Assistants 19 ³/₄ ft. x 16 ft. There is one
 room at the back of the collector's room
 for the accommodation of all the clerks
 and their ^{current} ~~current~~ records and this is
 about 24 ft. square. An additional room
 for their own clerks should I think
 be added to the Head Assistants and Assistants
 offices but the G. O. No. 1469 of 19th August 78
 calls only for repairs so that no pro-
 vision is made for this

2 As the buildings now stand they
 require repairs as follows:— a new Bengal
 terrace roof with leak rafters and also
 cut stone flooring round the verandah of
 the block containing the collector's and

clerk's rooms. The present verandah roof is only thatch and bamboo or light country wood. The whole building also requires white washing and the wood work of doors and windows is to be oiled.

3 New Bengal Terrace roof with leak rafters is also required to the verandah of the other two buildings as also white washing and wood oiling. There is a serious crack in the west wall of the Assistant Collector's room and the wall will have to be partly pulled down and rebuilt as the beam and rafters carrying the terrace roof are sagged, the roof will be taken off and the timbers turned.

7
Specification to accompany the Estimate
for Repairs to Collectors, Head Assistants,
and Assistant Butcherries at Cuddapah.

Amount of Estimate Rs: 2255

1 Bengal Terrace Roof. The rafters
will be of teak wood and be placed 18" apart.
They will be 4" deep 3" broad for the veran-
dahs of Collectors, Head Assistant and
Assistant Collectors Butcherries. The bris-
summers will be 7" deep and 5" broad,
and placed over the top of the pillars, care
being taken that the scarf or joint is
exactly over the centre of each pillar. The
peepers will be 2" broad and $\frac{1}{2}$ " thick, placed
the same width apart from centre to centre,
as the length of the flat tiles namely 6" in.
The roof will consist of 2 courses of flat-tiles
6" x 4" x 1" laid diagonally, over which one course
of ordinary flat tiles will be laid and
then two coats of plaster.

2 Cut stone Flooring Will be of
slabs 3" thick and 18" square, carefully laid

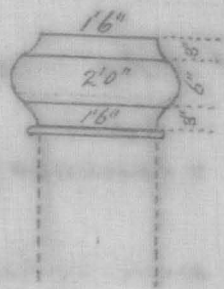

in a little sand on thoroughly rammed earth. The joints to be not more than $\frac{3}{8}$ of an inch and to be carefully pointed.

3 White washing. To be done in the ordinary way in two coats.

4 Plastering to walls and Pillars. This will be done in 2 coats and will consist of 1 part of lime to $1\frac{1}{2}$ of sand. After the 2nd coat is put on the surface to be well rubbed and polished with the usual instruments.

5 Wood Oiling. This is also to be laid on in 2 coats, and will consist of finely powdered white dammer mixed with wood oil.

6 Leaps to Pillars. These to be of brick in chunam built in the following shape and carefully bonded into pillars.

7 Mud wall with tiled coping. The earth to be of clayey nature, and to be thoroughly wetted and trodden into a stiff paste before being formed into a wall. When perfectly dry a coping of pavilias

1246
overlapping in the usual way to be laid in chunam, and extending 3" beyond the wall on both sides.
