Read the following paper :—

No. 26. From G. T. WALCH, Esq., Acting Superintending Engineer, First Circle, to the Chief Engineer, Buildings and Roads, dated Dowlaishvaram, 17th April 1879, No. 28 G M.

With reference to G.O., dated 16th October 1878, No. 4,022, I have the honor to forward herewith for orders copy of a report from the Ganjam Divisional Officer who inspected the Sub-Magistrate's Cutcherry at Narsannapet. You will observe from it that the building is in a bad state and the repairs are actually necessary.

2. It also appears that the necessary repairs have been commenced by the Divisional Officer in anticipation of sanction and allotment of funds, to save the building from further destruction.

3. The plan and estimates forwarded to the Collector of Ganjam by the late District Engineer in September 1878 have not as yet been returned duly countersigned, that officer has been reminded on the subject.

From Mr. J. CORMAC, Executive Officer, Ganjam Division, to the Superintending Engineer, First Circle, dated Chicacole, 19th March 1879, No. 702.

With reference to G.O., No. 4,022, of the 16th October 1878, I have the honor to state that the repairs to the Sub-Magistrate's Cutcherry at Narsannapet were commenced in anticipation of sanction to the estimate, because the building was seen to be in a highly dangerous condition.

2. I personally inspected the building on the 15th instant and found several serious cracks in the walls evidently caused by the thrust of the roof and unequal settlement of foundations. I consider that the building is unsafe and that its repairs should be taken in hand at once.

3. The foundations, basement, and walls must be rebuilt, and I would suggest that a truss be put in in lieu of couples.

4. An estimate framed accordingly will be submitted without delay.

No. 27. ORDER THEREON, 5th May 1879, No. 1,303 W.

The submission of the estimate will be awaited.

2. The apparent delay in the Collector's Office to return the estimate will be referred to the Revenue Department for disposal.
