REVENUE DEPARTMENT.

12th July 1878, No. 1,057.

Read the following paper:—

No. 118. Proceedings of the Board of Revenue, dated 29th April 1878,
No. 1,126.

Read the following letter from Lieutenant-Colonel R. H. BEDDOME, Conservator
of Forests, to C. A. GALTON, Esq., Acting Secretary to the Board of
Revenue, dated Ootacamund, 6th April 1878, No. 58.

REFERRING to the Proceedings of the Board, No. 222-3,121, of the 16th November

1875, I have the honor to forward correspondence, plan, and estimate as per margin, and request that the Board will obtain the sanction of Government for the erection of the bungalow and office at Nundial, as they are much required.

1. Letter from the Collector of Kurnool to the Deputy Conservator of Forests, Nundial, No. 1, dated 5th January 1876, enclosing plan and estimate for erecting a bungalow to the Forest Officer at Nundial.

2. Letter from the Deputy Conservator of Forests, Nundial, to the Conservator of Forests, No. 342, dated 7th December 1877, enclosing do.

3. The Board or Government will, I presume, decide what rent the Forest Officer should pay monthly when the building is completed.

ENCLOSURE No. 1.

From W. S. FOSTER, Esq., Acting Collector of Kurnool, to E. H. BOILEAU, Esq., Deputy Conservator of Forests, dated 5th January 1876, No. 1.

I HAVE the honor to forward a plan and estimate (to be returned) for the Forest Assistant's bungalow at Nundial, revised with reference to Board's Proceedings, Forests No. 222-3,121, dated 16th November 1875. Under Board's Proceedings, No. 155-2,173, dated 5th August 1875, the rent you will have to pay for the building comes up to Rupees 30 a-month. I consider the rent too high for the small accommodation provided for in the building. Under the Government Order, No. 1,662-A, which I have just received, I fancy this matter should be settled now by you with the Conservator of Forests; but if you wish it I will send it on to the Board of Revenue, as they have partly settled the matter.

ENCLOSURE No. 2.

From E. H. BOILEAU, Esq., Acting Deputy Conservator of Forests, to Lieutenant-Colonel R. H. BEDDOME, Conservator of Forests, dated Nundial, 7th December 1877, No. 342.

I HAVE the honor to forward, for your sanction, a letter from the late Collector of the district with a plan and estimate of a bungalow for the Forest Officer at Nundial.

2. I should point out that the proposed site is close to the Nundial tank, but above it; it is a good locality, and is conveniently near the town, to which there is Government road along the bund of the tank; I know of no situation for a building better suited.

3. In the plan, the office and officer's quarters are shown in one block. I consider this is a mistake; firstly, as the Forest Office should be as near the Tahsildar's Cutcherry as possible (not in the same building however); secondly, parties obtaining licenses would find it more convenient; and, thirdly, it would ensure the punctual attendance of the clerks (especially so in the monsoon months) if the office was near their houses. My proposal is to have a separate building for the office *without a veranda* on the road towards the tank, but in proximity to the town. The same measurement (viz., 30' x 16') should be retained; there should also be a basement of, say, 3 feet high.

4. With reference to the bungalow, I must draw your attention to the middle portion of the enclosed letter. Undoubtedly, the rent is high, and the estimates also. The hall has little accommodation, and I would suggest that it be enlarged to 30' x 16'. If this necessitates an increase to the rent, a reduction might be obtained by doing away with the dressing-room and leaving an open veranda in its place. The basement should be at least 3 feet in height.

ENCLOSURE No. 3.—Plan.

ENCLOSURE No. 4.—Estimate.

This Board concur with the Conservator of Forests in thinking it desirable that the bungalow and office should be in one and the same building.

2. The total estimate is for Rupees 4,630. The Conservator expresses no opinion about the rent to be demanded of the Deputy Conservator, whereas the latter officer and the Collector of the district both regard Rupees 20 as too high for the limited accommodation given. The Board observe that very nearly half the accommodation provided in the main building is intended for the office and not for the Deputy Conservator, and that rent should not be demanded on this portion. If Rupees 2,000 be struck out of the Rupees 4,130 estimated for the main building, the total value of all the buildings on which the Deputy Conservator should pay rent will be Rupees 4,630 — 2,000 = Rupees 2,630. This comes very close to the original proposal that a building should be constructed for Rupees 2,500 or Rupees 3,000. The rent on Rupees 2,630 at 12 per cent. may be put at Rupees 25 a-month, but under all the circumstances the Board do not think that more than Rupees 20 should be asked.

3. The hall or dining-room is complained of as small and the passage might be thrown into it. In view of the wants of future occupants, it is not desirable that the dressing-rooms should be eliminated.

4. With these remarks, the Board submit the plan and estimate for the sanction of Government.

Acting Sub-Secretary.

No. 114.

ORDER THEREON, 12th July 1878, No. 1,057.

Forests, No. 5.

THE Government are unable to approve of this plan which will accordingly be returned for revision.

2. The accommodation in that portion of the building intended for the Forest Officer's residence would be quite insufficient in the event of the occupant being a married man.

Two bed-rooms and bath-rooms should be provided, and they should be on a more airy and less confined scale. It is also desirable that the basement of the building should be higher and some godowns should be attached to the cook-room.

3. The rent to be charged will be settled hereafter on receipt of the revised plan, and the Conservator will enter the sum of Rs. 6,000 in next year's budget as provision for a combined office and residence.
