GOVERNMENT OF MADRAS
PUBLIC WORKS DEPARTMENT.

10th June 1879, No 1,500 W.

General.
Account

Read the following paper —

No 29 From Major I CONWAY-GORDON, R.E., Examiner of Public Works
Accounts to the Chief Engineer, Public Works Department, dated Chennai,
13th May 1879, No 9 E—W

I have the honor to bring to your notice that a sum of Rupees 530 has been
applied for by the Executive Engineer, Kurnool Division, for the month of April
1879, to meet expenditure in the current year on account of incomplete works of
1878-79, but the amount has not been granted by this office up to the present as
the necessary funds have not been appropriated for the purpose.

2. Incomplete works of the past official year may, under the Government of
India, Public Works Department, Code XVI, I, 67 be continued in the current
official year, but appropriation to meet such expenditure is at the same time necessary —
Vide Government of India, Public Works Department, Code XVI I 60 (3). Under
these circumstances an appropriation of funds is required to enable this office to issue
the credit for the amount referred to in paragraph 1.

3 I therefore request to be favored with your early orders on the subject.

No 30 ORDER THEREON, 10th June 1879, No 1,500 W.

The necessary funds are provided from the Imperial Reserve at the disposal of
Government.

I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the Public Works Division, and in reply to inform you that the same has been forwarded to the proper authorities for their consideration. The Public Works Division is at the present time engaged in the construction of the new water works, and it is expected that the same will be completed by the end of the year. The Public Works Division is also engaged in the construction of the new sewerage system, and it is expected that the same will be completed by the end of the year. The Public Works Division is also engaged in the construction of the new bridge over the river, and it is expected that the same will be completed by the end of the year.

The Public Works Division is also engaged in the construction of the new water works, and it is expected that the same will be completed by the end of the year. The Public Works Division is also engaged in the construction of the new sewerage system, and it is expected that the same will be completed by the end of the year.
