Read the following paper —

No 47 Endorsement of the Officiating Chief Secretary to Government, Financial Department, dated Ootacamund, 5th June 1879, No 1,160

From A C TUPP, Esq., Officiating Commissioner of Paper Currency, to the Chief Secretary to Government, dated Fort St. George, 29th May 1879, No 216

I HAVE the honor to forward copy of a letter addressed by me on the 29th ultimo to the District Engineer, Presidency Division, requesting the re-assignment to this office of a room on the ground floor of the late Public Works Controller's Office, which originally belonged to this office, as extra accommodation is greatly required, especially for the Coin Assorting Machines of the Currency Department.

2. The Public Works Officer in charge of the Presidency Division in his No 757, of the 26th instant (copy enclosed), intimates that he is unable to comply with my request without the authority of Government, as he believed that the building to which this room is attached was to be converted into Officers' quarters.

3. I have therefore the honor to request that His Grace the Governor in Council will be pleased to authorize the transfer of the room referred to to this office, as some of the clerks are now so cramped for room that it is almost impossible for them to perform their duties properly.

From A C TUPP, Esq., Officiating Commissioner of Paper Currency, to the District Engineer, Presidency Division, dated Fort St. George, 19th April 1879, No 88

I HAVE the honor to request that you will be so good as to take steps to have the room on the ground floor of the late Public Works Controller's Office, which sits on the range of rooms now occupied by the Money Order Office, transferred to this office.

2. The room formerly belonged to the Accountant-General's Office, but was given up when the Branch of Public Works Accounts, required it urgently.

3. The building now occupied by the various departments under my control is, as is well known to you, inconveniently crowded, and as the possession of this room will tend in some way to mitigate this inconvenience, and it is specially required for the Coin Assorting Machines, I trust that no objection will be raised to its transfer to me.

From Lieutenant S. C. PLUMMER, Assistant Engineer in charge, Presidency Division, to the Commissioner of Paper Currency, dated Ceylon, 26th May 1879, No 787

With reference to your letter, No 83, dated 26th April 1879, I have the honor to inform you that the building lately occupied by the Examiner of Public Works Accounts in the Fort has been ordered by Government to be converted into Officers' quarters in their Order, No 4,762 W, dated 14th December 1878, Public Works Department. I am, therefore, unable to transfer to your Department a portion of the building without the orders of Government. I request, therefore, that you will be good enough to address Government on the subject.

TRANSFERRED to the Public Works Department for disposal.

(Signed) C. G. MASTER,
Offg. Chief Secretary.
