No 55      Endorsement of the Acting Secretary to Government, Revenue Department, dated Ootacamund, 9th June 1879

From J. GROSE, Esq., Collector of Nellore, to the Secretary to Government, Revenue Department, dated 26th May 1879, No. 1,751 :

With reference to the enclosed letter\* from the Superintending Engineer of the Second Circle, I have the honor to request that, if possible, the sum required for record-racks in Taluk Cutcheries may be allowed for expenditure.

2      I consider myself bound under recent orders to restrict expenditure wherever I can do so without causing great damage or inconvenience, but the facts stated in my letter recorded with G.O., dated 3rd December 1878, No. 1,939, convince me that this provision of record-racks though a small matter is one of extreme importance.

From Lieutenant-Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Second Circle to the Collector of Nellore, dated Bellary, 19th May 1879, No. 737

With reference to your letter, No. 1,576, dated 13th May 1879, I have the honor to inform you that estimates of Rupees 36 and 29 were sanctioned last year for fitting with glass the apertures in the record-rooms of the Taluk Cutcheries at Atmakur and Rapur, but the work was not carried out under the orders of Government prohibiting outlay on buildings. Funds have been provided now, and the works ought to be done at once. Application has been made to the Government for Rupees 500 for record-racks for the Taluk Cutcheries at Atmakur, Rapur, Udayagiri, and Kanyagiri; but under the orders of restriction lately received I hardly expect that an allotment of funds will be made.

2      The Executive Engineer in Nellore has got the plan, and I have desired him to furnish you with information as to the description and number of the racks.

TRANSFERRED to the Public Works Department in view to early allotment of funds being made
