OOTACAMUND,
26th April 1879.

(Signed) J. H. GARSTIN,
Ag Secretary to Government.

From A. C. TUPP, Esq., Officiating Accountant-General to the Government of Madras, to the Secretary to Government, Revenue Department, dated Fort St. George, 7th May 1879, No. 1,840.

With reference to your endorsement No 2,786 of the 26th ultimo, on Board's Proceedings, No 824, dated the 28th March 1879 (herewith returned), I have the honor to state that no transfer of the sort contemplated in the letter from the Commissioner of Salt Revenue seems necessary. All that is required in the matter is for the Public Works Department to incur the expenditure and charge it to the Civil Department in the books of which it will be adjusted as an expenditure against the "Salt" grant. The only objection to it of which I am aware is that it is apparently a new work, and that if the telegraphic reports of the Government of India Resolution just issued are

correct all new works, even if previously sanctioned, are now to be abandoned or not commenced till fresh sanction of the Government of India be obtained. If this is a new work, it would therefore require the sanction of the Government of India.

TRANSFERRED to the Public Works Department for disposal with reference to G O, of 16th December 1878, No. 4,767 W.

No 57-A From Major H W WOOD, R E, Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 28th May 1879, No. 3,168.

With reference to your memorandum No. 1,917, dated 21st May 1879, I have the honor to inform you that an estimate of Rupees 2,550 for opening the Cooveling bar was submitted in the office letter No. 371, dated 27th January 1879, and was sanctioned in G O, No. 508 W, dated 4th February 1879. As the Ennore bar was open at the time, as reported in paragraph 2 of this office letter above-quoted, no action was necessary in regard to it.

2 The Cooveling bar has been opened and has been kept open, on the estimate of Rupees 2,550 above alluded to, at a total cost of Rupees 1,865-9-5, up to the 31st March last. The balance of the estimate may be worked out in the current year if necessary.

3 Extensive works were carried out in connection with the opening of the Ennore bar at a total cost of Rupees 697 in the early part of the year 1878, the estimates for which were sanctioned in—

As suggested by the Accountant-General the outlay, Rupees 1,866, incurred in 1878-79 in opening the bar at Cooveling will be debited to the Civil Department.

2. The Examiner, Public Works Accounts, will adjust the amount accordingly in the accounts of 1878-79.

3 The work in question is not considered to be a new work in the sense contemplated in the Resolutions of the Government of India referred to by the Accountant-General.

With reference to your Endorsement
No. 2786, of the 26th ultimo on Board's
Proceedings No. 524, dated the 28th March
1879 I have the honor to state, that no
transfer of the sort contemplated in
the letter from the Commissioner of
Salt Revenue seems necessary. All
that is required in the matter is
for the Public Works Department to
incure the expenditure and charge it
to the Civil Department in the books
of which it will be adjusted as an
expenditure against the Salt
Grant. The only objection to it
of which I am aware is that it is
apparently a new work, and that if
the telegraphic reports of the Government

of India Resolution just issued are
correct all new works even if previ-
ously sanctioned are now to be abandon-
ed or not commenced till fresh sanction
of the Government of India be obtain-
ed. If this is a new work it would
therefore require the sanction of the
Government of India.
