PUBLIC WORKS DEPARTMENT.

12th July 1879, No. 1,825 W.

General.
Establishment.

Read the following paper :—

No. 63. From Lieutenant W. L. C. BADDELEY, R.E., Acting General Superintendent, Public Works Workshops, to the Chief Engineer, Public Works Department, dated Madras, 9th June 1879, No. 952 W.

With reference to G.O., No. 1,492 S.W., dated 30th May 1879, I have the honor to state that the workshops can conveniently bear the charge of the Presidency allowance of Supervisor Francis.

2. With regard to the lime kilns, no profits can be expected for some time to come, as the financial condition of the institution is excessively bad ; but, as soon as the existing lease of the shell quarries has expired, I think there can be no difficulty in working the kilns as satisfactorily as formerly, and I would therefore most respectfully recommend that Overseer Stewart should be allowed to draw his Presidency allowance.

No. 64. ORDER THEREON, 12th July 1879, No. 1,825 W.

UNDER the circumstances stated by the General Superintendent, Public Works Stores and Workshops, Presidency allowance will be passed to Mr. Supervisor Francis and will form a charge against the Workshops.

2. Presidency allowance will also be passed to Overseer Stewart and charged against the lime kilns.

3. If the kilns cannot be worked without loss at the present price of lime, that price must be raised.
