Sir

With reference to your memorandum
No. 2019 of 4th May 1878, I have the honor
to forward Plans and Estimate the latter
amounting to Rupees 1730 — for erecting
a permanent Flagstaff for the Council
Chamber at Ootacamund.

2. The design is in every way on the
same principle as that of the Com-
missioner's Flagstaff at Bangalore,
which I believe answers very well.

Sir,

With reference to para 1 of
the Chief Engineer's Memo: No 921 of
30th October 1878 (copy attached) I
have the honor to state that I am
unable to reduce in any way the
estimate for the proposed flagstaff
for the Council Chamber. Ootacamund.

2. If any other wood than teak
(such as Benzay or Jenglewood) be
used, the cost will be reduced by
300 Rupees, a trifling sum. Teak, I hum-
bly submit, is the best that will
answer a permanent flagstaff.
I may also add that the design
is in accordance with the requisition

6. Total of Enclos:

contained in the Chief Engineer's Memo:
No 2019 of 4th May 1878 (copy of which
is also herewith sent) and is the
simplest and cheapest that could
be erected. The height of the proposed
Flagstaff being 75 feet, it cannot be
reduced, as that is the required height.
I may add that the present flagstaff
is of about that height.

3. With reference to para 2 of
the former Memo: I beg to inform
you that the present temporary
flagstaff is likely to last a year
or two more.

To
The Secretary to Government
Public Works Department
Fort Saint George

Sir,

I have the honor to return
the papers received with Memo, No 1176,
of 31st ultimo, in the Public Works Depart-
ment, and to remark that I am not in
a position to state the cost of a Flagstaff
at Ootacamund as I do not know the value
of spars in that locality; but to enable
you to frame an estimate, I enclose plan
of the Flagstaff of this office, the cost
of which exclusive of spars, was Rs 342
(342) three hundred and forty two rupees
in the memo on the plan.

2 I imagine a Flagstaff of this kind
would meet all requirements.
