No. 107. Endorsement from the Superintending Engineer, Fourth Circle, dated Coimbatore, 16th April 1879, No. 1,033-211.

From Lieutenant-Colonel R. B. KENNEDY, Executive Engineer, Wynad Division, to the Superintending Engineer, Fourth Circle, dated Cannanore, 21st March 1879, No. 363.

With reference to a letter No. 1,657-125, dated 30th January 1879, from late Superintending Engineer, I have the honor to inform you that I have given the individuals notice that their services will be dispensed with at end of current month. I must take the blame on myself that this notice was not given for last month, as I committed the oversight of merely forwarding the Superintending Engineer's letter for information of the Sub-divisional Officer, without issuing any direct order to carry his directions into effect.

2. Taking advantage of the late Superintending Engineer's consent to forward petitions from the individuals affected, they have respectively submitted one to me, which I have the honor to enclose herewith.

3. Possibly your reading of the Government order whereby these men were originally entertained, may not be the same as that of Major Mead, and you may consider them entitled to the same immunity from discharge extended to other members of the establishment under the reorganization order, in which case further reference will be unnecessary; if not, I have the honor to request that their case may be recommended for favorable consideration; and, as regards the necessity for their services, I enclose letters from the Cantonment Overseer to the Sub-divisional Officer, which have been forwarded to me. I do not think it possible that without some extra assistance, either the Cantonment Overseer or Sub-divisional Officer can keep up the daily petty accounts that must be attended to in a Military Cantonment where every thing has to be done by our department and I shall be glad to find that this assistance already once sanctioned as a necessity is not to be withdrawn.

One petition from Palaniandy Pillay, dated 17th March 1879, with one enclosure.

One do. from E. D'Costa of 7th March 1879, with three enclosures.

One do. from Cherookundan of 8th March 1879.

Two letters from Overseer, with the Cannanore Sub-division Officer's endorsement, Nos. 229 and 336 of 17th March 1879, forwarding the above petition.

With Colonel Kennedy's endorsement, dated 22nd March 1879.

appointments made in G.O., No. 3,577, dated 19th December 1874, are permanent and come under the exemption from immediate reduction

allowed in the latter part of paragraph 28 of G.O., No. 3,674 W, dated 18th September 1878.

2. Under the impression that these appointments were only temporary, and that they are now no longer required, my predecessor, Major Mead, R.E., directed the services of the present holders of the appointments to be dispensed with.

3. Colonel Kennedy, the Executive Engineer of the Wynad, while agreeing with the late Superintending Engineer that the services of the three extra men were not now required and that one man would be sufficient, considers that the whole three come under the same category as Overseers' Writers and should be absorbed with that class as casualties occur under paragraph 28 of G.O., No. 3,674 W, dated 18th September 1878.

4. Considering the length of service and good characters of the petitioners it is recommended that they be allowed the benefit of the paragraph in question in common with the other members of the department.

(Signed) A. A. G. MALET,
for Suptg. Engineer, Fourth Circle.

No. 103. ORDER THEREON, 16th May 1879, No. 1,335 W.

As the employes referred to are on the permanent establishment, the provisions of paragraph 28 of G.O., No. 3,674, dated 18th September 1878, are clearly applicable to them.

2. Their services should accordingly be retained.
