District Munsiff's Court,
Adippi 29th July 1879.

To

J. W. Best Esquire
District Judge, South Canara
Mangalore.

Honored Sir,

Referring to the plan of the proposed building for this Court received with your Honor's order No. 28 dated the 25th instant I beg to observe that it is expedient that the Record room should have only one door through which may be passed in the same direction and time as the Munsiff's room on the opposite side is, so that I may gain sight of the records from the door and be able to check any malpractices in connection therewith. I have no other remark to offer.

The plan &c. are herewith returned.

I beg to remain &c.

(Signed) N. D. Fernandes.
District Munsiff.

Compd

No 35

The District Court of
South Canara

Petition of Subba Rau District Asst of Ramdrug.

In reply to order No 36 I beg to report as follows.-

1 I return herewith the plan &c of the proposed Courthouse sent to me. I consider that it is spacious enough.

2 During the rainy season the verandahs will have to be enclosed and I doubt that there will be sufficient light in the Court room, the Asst room and Gumastas room. I therefore suggest that skylights may be supplied to the roof in the places marked in Pencil in the plan.

3 The Court room has 5 doors. no windows. The front side of the said room will, according to the position of the site, be

Enclosure 1

Sent letter dated 23rd August 89, No 11, from the Asst Collr of Ramdrug to the Collr of Canara

Copy of Enclosure 1 to Collr's letter.

No Petty 81—1 Ex. 73 V

facing to the East. Two windows are necessary to be opened for the purpose of better ventilation. The 2 doors on the Northern and Southern sides are unnecessary and may be replaced by windows.

4 I suggest also that a window may be opened in the wall behind the Dais in the Court room. so that the Jdge can direct his light into the Jurmakdi room.

5 No Dais is required in the Jurmakdi room.

6 There is no sufficient space in the present Court house. Some of the windows have no shutters, and when there is wind and rain, the rain water falls in through the windows as well as from the eaves, and causes inconvenient to users. When the sky is cloudy it becomes so dark that it is impossible to work in the Court at 4 P.M.

People assemble in large numbers near the Court house. No suitable building can be procured on rent at this station, and much inconvenience is felt. I therefore request that the work of the new building may be ordered to be commenced with as little delay as possible.

I beg to add that my predecessor in office had also made a report to the effect that a new Court house should be built.

31st July 1878. (Signed) Lubba Ram
District Jdge.

District Engineer's Office
Mangalore 8th August 1878.

From

Major H. Smalley R.E.
Dist. Engineer, South Canara.

To

The Hon'ble Basil Eyre
Dist. Judge, South Canara.

Sir,

With reference to your letter No 44 of 25 dated the 5th Inst., I have the honor to inform you that I have no objection whatever to make the alterations you have suggested in the plans for the Mangalore Courts at Bolijay and Kudia-pur, on the contrary, I think they would be improvements. But, as the plans have been drawn up on the standard plan approved by Government, I think, these alterations should be sanctioned by the same authority. I would suggest your forwarding the plans and estimates as they stand to Government for sanction with your remarks. The alterations suggested being only trifling will not affect the amount of the estimate originally but will tend to an slight saving, rather

Enclosure - 3.

Copy of Letter dated 23rd Aug. 1873, No 11, from the Dist. Judge South Canara -

No 11

From The District Judge
South Canara

To

The Chief Secretary to Government
Ootacamund

Sir,

I have the honor to submit for sanction Plans and Estimates (2) with Specification report &c for the construction of new Court houses for the District Munsifs of Udipi & Kundapur, respectively - the estimate for the former building amounting to Rupees 9100-- and that for the latter to Rupees 9800--.

2. The present Court house of the Munsif at Udipi is falling down and unfit for occupation (vide my letter to Government dated 27 June last No 9). That at Kundapur is also an old building; it is moreover inconveniently situated and otherwise incommodious - a more convenient site has been selected for the latter in communication with the Collector.

3. The accompanying plans submitted by the District Engineer shewing how best to the respective Munsifs for any suggestions

they might have to make, I made the following proposals to the District Engineer:-

(1) that the Record room need have but one door and that in a position exactly opposite to the door of the Munsif's room, as marked in red pencil instead of its present position in the plan.

(2) that the doors marked a, b, c, d & e may be blocked up as unnecessary, the doors b, c, d & e being replaced by windows.

(3) that the Property room be enlarged, the Record room being made a little smaller, (as many records are not kept in the Munsifs' Courts) and the two rooms made of equal size like the Munsif's room and Vakils' room on the opposite side and

(4) that the Court room, Gumastas' room and Munsif's room be supplied each with a sky light in the middle of the roof.

4. The first of the alterations above proposed was made at the suggestion of the Udipi Munsif, the last being suggested by the Kundapur Munsif, for reasons stated in their letters of which copies are enclosed.

5. In his reply dated 8th Instant (No 165 (Copy of which is also enclosed) the District Engineer, while approving of the above mentioned alterations as being in his opinion "improvements" and not likely to affect the amounts of the estimates seriously, but on the contrary tending "to a slight saving rather than otherwise", has felt himself precluded from adopting them on the ground that "as the plans have been drawn up on the standard plans & proved by Government the alterations should be sanctioned by the same authority."

6. I therefore submit the plans & estimates as they stand, leaving the proposed alterations for the consideration & orders of Government.

7. I beg that orders may be passed for the works being commenced at an early date as it has been found necessary even how to rent a private building for use as a Munsif's Court at Udipi and the Kundapur Munsif also complains much of inconvenience in his present Court building.

I have the honor to be
