GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

9th August 1879, No. 2,076 W.

General.
Account.

Read the following paper:—

No. 60-^B From Major L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Chepauk, 2nd August 1879, No. 22 B.

So much inconvenience is at present caused to the whole department by the want of attention paid to the Code orders requiring that the cost of all land to be taken up for a project is to be included in the estimate, that I would suggest that the special attention of Superintending Engineers be called to the matter.

2. Charges for land, for which no estimate has been provided, are especially frequent in the case of works in connection with roads.

No. 60-^C ORDER THEREON, 9th August 1879, No. 2,076 W.

COMMUNICATED to Superintending Engineers, whose special attention will be called to the matter referred to by the Examiner.

2. It is a standing rule of the department that all estimates for Public Works should provide for the cost of the land required on their account, and this rule should be strictly observed for the future in regard to all works from whatever funds undertaken.

3. The attention of Local Fund Boards will be drawn to the subject in the Financial Department.
