PRESIDENCY WORKSHOPS, D. P. W.,
Madras, 28 Feb 1879.

No. 4552

From

THE GENERAL SUPERINTENDENT,
PUBLIC WORKS WORKSHOPS,

To

THE *Superintending Engineer*
3rd Circle
Samuel Thomas Mount

Sir,

I have the honor to append an Estimate of
the probable requirements of Funds for the Presidency
P.W. Workshops for the official year 1879/80, *to*
amounting to Rs. 24,500, and request that you will
be good enough to submit the same for sanction of
Government.

I have the honor to be,
Sir,

Your most obedient Servant,
H. C. Brindley *Asst. Secy.*
Ag. Asst. Engineer P.W. Workshops.

Estimate of the amount required for expenditure in the
Presidency M. Workshops for the Official year 1899/80.

2114

Items	Amount	Total	Remarks
Tools	15,000		
Stones			
Metal	50,000		
Timber	50,000		
Food	50,000		
Relief	75,000	155,000	
Wages of Artificers	50,000		
Bo of Permanent Establishment	12,000		
Contingencies	10,000		
Repairs to Machinery Tools	3,000		
		Total Rs. 2,45,000	

McBride & Co. Secy to Govt
By Secy to Govt Secy to Govt

2 It is observed that this estimate does not take into account the requirements for the working of the Lime-Kilns which were transferred to the charge of the Work shops in Proceedings N^o 477 W dated 19th February 1879.

Mr. W. Middleton

3 The General Supt.,
to whom a reference was
made on the subject,
estimates the probable
amount required for the
kilns at Rupees 35,000.
from information received
from the Executive Engr.
Presidency, it would
appear that the average
expenditure incurred
in working those kilns
for the past three years
is Rupees 20,000. This
amount added to the
original estimate sub-
mitted makes a total
of Rupees 55,000, which
is now sanctioned.

P.W.D.
No. 2410 of 2^d July/79

Memorandum 2114

Estimate of the probable requirements
of the Public Works ^{Workshops} Department for 1879-80.

With reference to the above, the General Superintendent Public Works Workshops is requested to report in communication with the Executive Engineer Presidency, how far the general reduction of expenditure anticipated by the restrictive orders, will affect the demand for lime, and so tend to reduce the amount required for the working of the Kilns during the current official year.

2. He will also place himself in communication with the Superintending Engineers and other indenting officers with a view of ascertaining how the requirements of funds for the workshops generally will be similarly effected.

To

The Chief Engineer
J. D. Chifante

2114
10

SIR,

With reference to your Memo No. 2410 of 2nd Augt/79
I have the honor to state that Rs. 2,45,000 for the
Workshops, and Rs. 35,000 for the Lime Kilns, were
originally applied for.

From the replies which I have received
from Superintending Engineers, I think that 1,50,000 Rs.
may be taken as the amount required for expenditure
in the Workshops, to meet the demands from P.W.
and Public Departments. During the current financial
year, while 30,000 Rs. will probably be required
for the Lime Kilns; out of which a sum amounting
to about 8,000 Rs. will have to be paid to Government
for the shell quarries of Chinnambakkulam, Concothelton,
and Yellam.

I have the honor to be,

Yours most obedient Servant.

Respectfully,
J. D. Chifante
Chief Engineer, P.W. Workshops
