No. 89. From the Superintending Engineer, Third Circle, dated 26th July 1879,
No. 4,374.

No. 90. ORDER THEREON, 14th August 1879, No. 2,130 W.

G.O., No. 1,341 W., dated 10th May 1879, intimated that there was no necessity to stop the progress of such repairs as Superintending Engineers might consider to be urgently required, pending further orders.

2. It appears that these remarks have, by the Superintending Engineer of the Third Circle, been held to apply only to repairs to Provincial works.

3. This is not the case. The stringent orders issued by the Government of India prohibiting even white-washing, unless certified to be absolutely necessary by a Medical Officer, had reference chiefly to Military works.

4. It will be for the Departmental Officers to decide on the necessity of repairs, whether Provincial or Imperial, on the understanding, however, that only such as are absolutely essential shall be carried out.

Sir,

Having in my last inspection report
on the Parade (European Infantry) and Horse
(R. A. Artillery) Barracks at this station
remarked on the state of the exteriors of
many of the buildings and out-houses which
I considered to be necessitating from
omission of annual repairs. His Excellency
the Commander in Chief has desired the
Officer Commanding the Division to in-
form you that he thinks it desirable
as a sanitary measure and perhaps one
of ultimate economy that general exterior
repairs should be carried out as may
be requisite to these buildings.

I am therefore desired to make
known His Excellency's opinion to you
and to request you will be good enough
to communicate the same to the Sup^y
Engineer and apply to him for funds
for these repairs as an emergency work.

Sir,

With reference to your letter No 274

to ask for the favor of certificates
from the Medical officers con-
cerned as to the necessity on
sanitary grounds for repairing
the extensions of the barracks re-
ferred to in the above.

His No 122 of 9th instant.

Has the honor to inform him that as
His Excellency the Commander-in-Chief
has desired that the work may be
executed the Major General Com-
manding does not consider it re-
quisite to call for a Medical cer-
tificate as to its necessity. If the
Supt Engineer declines to furnish
funds for the work upon His Ex-
cellency's expressed wishes without
a Medical certificate the Major
General Commanding must refer
to His Excellency the Commander-
in-Chief for further orders.

Sir,

With reference to G.O. No 1322
A.W. dated 8th May 1879, regarding
restrictions on expenditure in
which it is laid down that
even whitewashing unless car-
ried out under the requisition
of a Medical officer shall
be postponed, I have the
honor to enclose copy of a
correspondence that has taken
place between the Military
Authorities and the Executive
Engineer Bangalore Division
on the subject of executing ex-
terior repairs to the Parade and
Illsoor Barracks at that station.

and to request instructions whether
the wishes of His Excellency the
Commander-in-Chief are to be con-
sidered sufficient without
the production of a Medical
Certificate as required in the
G.O. above quoted.

I have the honor to be
Sir

Your most obedient servant

For orders.

The restriction requiring
 a certificate by a Medical
 Officer before "white washing"
 can be carried out seems
 rather inconvenient and
 impracticable. It would
 be sufficient if Supg.
 Engineers were directed to see
 that no repairs are executed except
 such as ^{are considered to be} absolutely
 necessary.

Indeed I think
 the intention of the
 Government is to

 to refer to the "Military

 absolutely essential
