1. From the Executive Engineer, to Examiner, No. 4, dated 26th April 1879.
2. From Examiner, to Executive Engineer, No. 127 S.E. 4, dated 9th May 1879.
3. From Executive Engineer, to President, Municipal Commission, No. 71, dated 18th May 1879.
4. From Vice President, Municipal Commission, to Executive Engineer, No. 33, dated 4th June 1879, with extract from Proceedings.
5. From Executive Engineer, to Examiner, No. 28, dated 21st June 1879.
6. From Examiner, to the Executive Engineer, No. 317 S.E. 4, dated 7th July 1879.

I HAVE the honor to forward herewith copies of correspondence noted in the margin regarding the execution of Municipal works in this division for your orders.

2. The following works were under execution since July 1875 in the late Mangalore Division, and were completed in August 1878, viz. :—

1. Construction of two wings and completion of the central tower of the Municipal market at Mangalore, estimate Rupees 9,150, of which Rupees 1,190 are on account of Public Works supervision at 15 per cent.
2. Constructing Kalasanka bridge, estimate Rupees 6,100, of which Rupees 800 are on account of Public Works supervision at 15 per cent.
3. The Municipality has up to date paid this Department Rupees 15,487, out of this sum Rupees 1,012-8-0 (which includes Public Works supervision at 25 per cent. under G.O., No. 893, dated 5th April 1876,) are appropriated for completing the tower of the market, which work is under execution, leaving Rupees 14,474-8-0 for the works mentioned in paragraph 2 above. The expenditure incurred on these works is as follows :—

	RS.	A.	P.
1. Municipal market	6,936	7	5
2. Kalasanka bridge	5,488	9	6
Total, Expenditure	12,425	0	11
Add Public Works supervision at 15 per cent.	1,863	12	1
	14,288	13	0
Amount received from the Municipality as stated above	14,474	8	0
Balance in the hands of this Department in favor of Municipality	185	11	0

As regards the saving on No. 1 and the excess on No. 2 works explanation has been duly furnished by the late Executive Engineer to the Municipality.

4. After I assumed charge of the division, I looked into the accounts of these works and considering that as the works were undertaken at the time when

* No. 2,928, dated 14th October 1874.

† G.O., No. 898, dated 5th April 1876.

Government* ordered 15 per cent. for supervision and continued after the Government† ordered 25 per cent. I addressed the Examiner of Public Works Accounts for opinion, as to whether I should not charge the Municipality for supervision at the rate of 25 per cent. on expenditure actually incurred from the date of the second order, although the estimate only allowed 15 per cent. as per G.O., No. 2,928, dated 14th October 1874. The Examiner in reply informed me that 25 per cent. should be charged on expenditure incurred from the 5th April 1876. I then sent a statement to the President of the Municipal Commission claiming Rupees 527-6-4 (for particulars vide statement attached). The Vice President in reply sent an extract from the Proceedings of the Municipal Meeting held on the 26th May 1879, in which it is stated that "as the works were undertaken by the Department Public Works when G.O., No. 2,928, dated 14th October 1874, was in force, the increased allowance sanctioned by the subsequent Government Order cannot be allowed." I referred the matter to the Examiner for such steps as he may deem necessary in the case. That officer states that "as the subject is one relating to the recovery of payment that is apparently due," the same should be submitted for the decision of Government through you.

5. Under the above circumstances I beg you will be pleased to take such steps as you may think proper for the recovery of the Rupees 527-6-4 due by the Municipality.

From J. GRIMES, Esq., Executive Engineer, Canara Division, to the Examiner of Public Works Accounts, dated Camp, Mani, 25th April 1879, No. 4.

I HAVE the honor to request you will be so good as to favor me with your opinion on the following point.

2. The Municipal works referred to in the late Mangalore Divisional Officer's letter, No. 76, dated 24th May 1878, viz. :—

(1) Construction of market,
(2) Do. Kalasanka bridge.
were under execution before G.O., No. 898, dated 5th April 1876, was received, and 15 per cent. (as per G.O., No. 2,928, dated 14th October 1874,) was provided for in the estimates on account of Public Works supervision, and the Municipality have accordingly paid this Department. The works were under execution from July 1875 to August 1878, and what I want to know is whether I should not recover from the Municipality Public Works supervision at 25 per cent. on expenditure actually incurred from the 5th April 1876, the date of the Government Order sanctioning 25 per cent., and only 15 per cent. on expenditure incurred before that date. I request early instructions in order that I may adjust the accounts as soon as possible.

From G. BROWN, Esq., Deputy Examiner of Public Works Accounts, to the Executive Engineer, Canara Division, dated Madras, 9th May 1879, No. 127 S.E. 4.

With reference to your letter, No. —, dated the 25th ultimo, I have the honor to state that the Municipality should be charged for Public Works supervision at the rate of 25 per cent. on the outlay on works from the date of G.O., No. 898, dated the 5th April 1876.

From J. GRIMES, Esq., Executive Engineer, Canara Division, to the President of the Municipal Commission, Mangalore, dated Camp, Cundapur, 19th May 1879, No. 71.

I HAVE the honor to forward herewith copies of correspondence as per margin and a statement showing amount due to this Department by the Municipality, viz., Rupees 527-6-4, and request you will be so good as to remit to me the same at your earliest convenience.
