Read the following paper:—

No. 48. From J. W. RUNDALL, Esq., Acting Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 9th September 1879, No. 1,304 T. J.

I HAVE the honor to inform you that no provision is made in the Imperial Budget of 1879-80 for the construction of the Post-office at Combaconum, sanctioned in G.O., No. 3,499 W, dated 4th September 1878, estimate Rupees 4,370. This work was not included in my list of incomplete works forwarded on the 7th May 1879, because it was thought that provision would be made in the final issue of the budget which was then under preparation in your office. The expenditure incurred on the work up to March 1879 is Rupees 867-4-10.

2. As the Postmaster-General urges the necessity of the completion of the work as soon as possible, I have the honor to request that you will be so good as to take steps to have the balance of the estimate, Rupees 3,503, allotted at your earliest convenience, so that the work may be completed before the close of the official year.

3. I may mention here that a sum of Rupees 455, provided in the estimate on account of compensation for land taken up for the Post-office, has been passed by the Examiner for payment, and request that the necessary funds to meet the charge may be provided at an early date.

4. Should there be no means of providing funds, I would suggest that the funds given in G.O., No. 2,102 W, dated 11th August 1879, for the Ammayanayakanur Post-office be transferred, as it will be better to have one finished than two incomplete buildings.

No. 49. ORDER THEREON, 22nd September 1879, No. 2,411 W.

THE sum of Rupees 455 on account of compensation for land taken up for the Post-office at Combaconum is appropriated from the Reserve of 1879-80 under Civil Buildings "Postal."

2. Under the restrictive orders no funds can be provided for the prosecution of the work, which will however be entered in the statement of demands for 1880-81, about to be submitted to the Government of India.

3. The proposal made in paragraph 4 of the Superintending Engineer's letter requires the approval of the Postmaster-General.
