From Lieutenant S. C. PLUMMER, Assistant Engineer, in charge Presidency Division, to the Superintending Engineer, Third Circle, dated Madras, 11th January 1879, No. 5,587.

THE Secretary to the Surgeon-General, Indian Medical Department, has informed me that certain patients in the Lunatic Asylum have effected their escape and requested to take measures to prevent future escapes.

2. I have inspected the place in company with the North Sub-Divisional Officer and suggested two alternative propositions to the Secretary, Surgeon-General, viz. :—

- (1) To raise the wall between A, B and C;
- (2) To dismantle the present latrines marked D and to erect them at the sites marked E as per sketch plan enclosed.

3. The Surgeon-General has approved of the second proposition, viz., the erection of new latrines on other sites, the sites being chosen in communication with the Deputy Surgeon-General of the Circle, and I am now in communication with the Deputy Surgeon-General regarding the site. I have the honor therefore to request your permission to proceed with the work on emergency, pending sanction of estimate which will be submitted shortly.

4. The approximate cost of the proposed work is Rupees 120.
