GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

17th July 1879, No. 1,488.

No. 230. READ THE FOLLOWING PAPER :—

Proceedings of the Board of Revenue, dated 2nd June 1879, No. 1,493.

Read the following letters :—

From C. BENSON, Esq., M.R.A.C., Acting Superintendent of the Government
Farms, to C. A. GALTON, Esq., Acting Secretary to the Board of
Revenue, dated Saidapet, 8th May 1879, No. 512.

With reference to the Board's Proceedings, No. 4,025, dated 3rd May 1879, I
have the honor to explain that the want of a Veterinary Hospital in connection with
the School of Agriculture is severely felt for the proper training of our students, as
at present they have no opportunities of gaining any practical acquaintance with
disease, or the treatment and management of animals in sickness. In the original

* G.O., No. 642, dated 18th May 1876. proposals (see the sanctioned Prospectus*)
a Veterinary Hospital formed part of
the adjuncts of the College which were to be provided as soon as possible.

From the same Officer, dated Saidapet, 22nd May 1879, No. 542.

As directed in the Board's Memorandum, No. 648, dated 20th May 1879, I
have the honor to forward the plans and estimates referred to therein.

ENCLOSURES Nos. 1 and 2.—Plans.

ENCLOSURE No. 3.—Estimate.

UNDER the explanation now afforded Plan No. 1 with estimate, amounting
to Rs. 2,600, will be submitted for the sanction of Government. Funds can be
allotted from the large balance to the credit of the Pound Fund.

(True Copies and Extract.)

(Signed) J. STURROCK,
Acting Sub-Secretary.

ENCLOSURE No. 1.

Proceedings of the Board of Revenue, dated 3rd May 1879, Miscellaneous No. 4,025.

Read the following letter from W. R. ROBERTSON, Esq., M.R.A.C., Superintendent, Govern-
ment Farms, to J. STURROCK, Esq., Acting Secretary, Board of Revenue, Madras,
dated Saidapet, 22nd February 1879, No. 242 :—

In the Prospectus of the School of Agriculture sanctioned in J.O., No. 642, dated the
18th of May 1876, a promise is made that a Veterinary Hospital will be established when funds
are forthcoming. Funds being now available I have the honor to request that the Board will
be good enough to bring the matter under the notice of Government, in view to sanction being
obtained for the erection of the necessary buildings for the Hospital.

2. There is, I presume, only one opinion as to the desirability of making the instruction in the institution as practical as possible, and without a Veterinary Hospital the veterinary instruction cannot assume a really practical form.

3. The Hospital will be of use in enabling investigations to be made in the treatment of certain forms of disease common amongst the Farm stock of this country which, heretofore, from the absence of the necessary conveniences have not been as carefully studied as is desirable.

4. Careful inquiry is also urgently needed with reference to the poisoning of live stock, a crime of frequent occurrence in this country, but which from the absence of any really satisfactory information on the subject, it is exceedingly difficult to prove. The action of ordinary mineral poisons is, of course, well known and also the antidotes to be employed; but of the action of certain vegetable poisons criminally given to live stock either in their food or placed in the vagina but very little is known, or, of the *post mortem* appearances that characterise the internal organs of animals that have died from such poisoning.

5. I enclose plans and estimates* for a complete Hospital consisting of two departments, contagious and non-contagious, the total cost of which would be Rs. 4,800.

*And also a copy of the Executive Engineer's letter.

6. I think however that for the present the buildings shown on Plan No. I will suffice, the yards and sheds to be used for non-contagious cases. If it is afterwards deemed desirable to treat contagious cases, a properly walled-in yard can afterwards be erected.

7. The cost of erecting the buildings shown on Plan No. I will be Rs. 2,600, and for this expenditure I shall be glad to be favored with sanction.

THE construction of a Veterinary Hospital formed part of the scheme for training Cattle Disease Inspectors which in the order noted G.O., 18th November 1878, No. 1,844, in the margin was directed to be postponed pending the disposal of other more pressing matters connected with agricultural education.

2. In the face of that order the Superintendent appears to have requested the Public Works Department to prepare the plans and estimate now submitted.

3. This is not the first occasion on which Mr. Robertson has acted *proprio motu* in such matters, and he must understand that without express sanction he is not at liberty to call on the officers of another department to work out his views. His letter and enclosures will now be ordered to lie over with reference to the order above quoted.

estimates, plus the usual
charge for Public ^{Works} Estab-
lishment, and Tools & Plant
to the Credit of the P.
W. Dept.

For Works Rs 2,600
" Establishment. 650
" Tools & Plant. 65

Rs 3315

3. It is observed that
the abstract estimate
is in duplicate which is
unnecessary. Detailed
Estimates need not be
submitted to the Central
office except for Works
costing Rs 5000 and
more.

4. It is further observed
that the sanction to the
Estimate in the present
Case has been Accorded
in the Revenue Dept.

It will be more con-
venient in future if
estimate for Works required
by other Departments, ~~and~~
which are intended for
execution in the P.W. Dept.,
should receive general
approval only, in the
Department concerned,
leaving it to the P.W.
Dept. to accord specific
sanction in each case
after the usual pro-
fessional check.

1. Co. Third Circle with plan & specifications & estimate. The sanction ac-
Examined P.W. Dept. to these P.W. has been corded in para 1 of D
