GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

21st January 1879, No. 255 W.

General.
Account.

Read the following paper:—

No. 214. From Colonel P. O'CONNELL, R.E., Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Madras, 13th January 1879, No. 157.

In reference to G.Os., Nos. 4,714 W and 4,812 W, dated 10th and 19th December 1878, relative to the disposal of all famine relief camps, furniture, tools, &c., by the Collectors, I have the honor to inform you that there are large quantities of tools, stores, and office furniture of the Buckingham Canal Extension work in the Chingleput Division, which the Executive Engineer in charge of the canal has brought to my notice and has applied for permission to employ a temporary storekeeper and a lascar to look after the articles. I have the honor to request your instructions on the subject, and would observe if it is not likely that the canal extension work will be resumed at no distant date the camp, furniture, &c., may be at once taken charge of by the Collector and disposed of by him as already ordered in the Government Order above alluded to.

2. I would also bring to your notice that the Divisional Officer of Chingleput has reported that the Satangadi camp is fast falling to decay. Unless coolies are likely to be again employed in large numbers on the portion of the canal in that neighbourhood, this camp may also, I think, be handed over to the Collector for disposal.

No. 215. ORDER THEREON, 21st January 1879, No. 255 W.

The camp at Satangadi, the furniture referred to, and all tools not required by the Engineer in charge should be handed over to the Collector for immediate sale.
