GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

1st December 1879, No. 3,050 W.

General
Account.

Read the following paper:—

No. 1. From Lieutenant-Colonel W. CHRYSTIE, R.E., Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 10th November 1879, No. 569 G.L.

UNDER the Examiner's Circular, No. 12-B., of the 27th May 1879, Executive Engineers now include in their General Provincial Balance Returns all tools and plant formerly belonging to Local Fund Works, and the question arises what tools shall be handed over to Other Agency with the Local Fund Roads and other works from the charge of which this department will withdraw under your Circular, No. 2,428, of the 25th September 1879.

2. On this point I have the honor to solicit your early instructions. As all works other than Provincial are charged the same $2\frac{1}{2}$ per cent. on outlay for tools, I suggest that the tools handed over should bear the same proportion to the total number of tools in the division as the outlay during the past three years on the works to be handed over does to the total outlay on works in the division during the same three years.

No. 2. ORDER THEREON, 1st December 1879, No. 3,050 W.

THE Government are of opinion that all the tools now held on the general (Provincial) return of Public Works Divisions, and which were shown in the last special return kept of Local Fund Tools, should be transferred to the Local Fund Boards with the transfer of all road works to those bodies.

2. Superintending Engineers will arrange accordingly in communication with Presidents of Local Fund Boards.

From the Suptg. Engineer
1st Circle No. 569 G.O. dated 10th Nov. 1879.

FOR ORDERS.

According to present practice, in consideration of the payment of 2 1/2 per cent on the value of all works executed by the P.W. Dept. on account of local funds, the Government provide whatever tools and implements are necessary for the due execution of these works. The tools and plant are necessary for the due execution of these works. The tools and plant are necessary for the due execution of these works.

thus provided would
 appear to be the property
 of Government and
 if Local Fund Boards
 decide to take over
 any articles of the
 kind which the P.W. Dept.
 no longer require,
 they should, it is
 thought be called
 upon to pay for
 them.
