3RD CIRCLE, SUPERINTENDING ENGINEER'S OFFICE,

Chepauk, 11th Nov 1879.

From

THE SUPERINTENDING ENGINEER,

3RD CIRCLE,

To

The Chief Engineer
Public Works Department.

Sir,

Ever.

I have the honor to bring to your notice that the toll establishments sanctioned for the Buckingham Canal, in G.O. No. 2272 A.D. of 4th September 1879 have for the most part been formed of men who have been employed on the Canal and on Famine establishments. Some of these men have not passed the H.C.S. General Test Examination and as there will be difficulty about their pay being audited by the Examiner, I have the honor to recommend that as a special case the men in question may be exempted from passing the above examination. A list of the men is enclosed.

I have the honor to be
Sir

Your most obedient servant
Pluribus Subot Major R.E.
offg Super Engineer 3rd Circle.

I think the appointments
were wisely made -
that were only casual
servants on Famine
Est. & some resigned

I see no reason for
exempting Canal from
that - any more than
as to their character
