GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

2nd December 1879, No. 3,070 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 7. Endorsement of the Superintending Engineer, Fourth Circle, dated Coimbatore, 21st November 1879, No. 714.

From Major J. L. L. MORANT, R.E., Executive Engineer, Nilgiris, to the Superintending Engineer, Coimbatore, dated Ootacamund, 15th November 1879, No. 537.

THE heavy storm of the 26th ultimo, combined with previous rains, caused several serious slips of earth and rock on the road between Ootacamund and the 5th mile towards Coonoor. I beg to forward, for immediate sanction and provision of funds, an estimate, amounting to Rs. 1,220, for removing the landslips of earth and rock which have already come down, for sloping the very high steep bank on the north side of the Elk Hill cutting where an awkward slip has occurred, and for enlarging some drains found too small.

2. The rebuilding and enlarging of the drains will save future injury to the road. This year these drains became choked, and the road surface was under water and washed for a whole mile.

3. The limited annual road repair allowance is exhausted.

SUBMITTED to the Chief Engineer, Public Works Department, for early orders.

(Signed) A. S. RUSSELL,
for Suptg. Engr., Fourth Circle.

No. 8. ORDER THEREON, 2nd December 1879, No. 3,070 W.

THE sum of Rs. 1,220 is appropriated from the Provincial Reserve of 1879-80 for the storm repairs to the road between Coonoor and Ootacamund, the estimate for which is within the powers of sanction of the Superintending Engineer himself.

(True Extract.)

To,

The Supg. Engineer
Coimbatore

Sir,

The heavy storm of
the 26th ultimo combined with
precipitous rains caused several
serious slips of earth and rock
on the road between Ootaca-
mund and the 5th mile towards
Coonoor. I beg to forward for
immediate sanction and pro-
vision of funds an estimate
amounting to Rs 1220-0-0 for
removing the landslips of earth
and rock which have already
come down, for sloping the very
high steep bank on the North
side of ^{the} Old Still cutting where
an awkward slip has occurred,
and for enlarging some drains
found too small.

2. The rebuilding and

enlarging of the drains will save
future injury to the road. This
year these drains became
choked and the road surface
was under water and washed
for a whole mile.

³ The limited annual
Road repair allowance is
exhausted.
