Read the following paper:—

No. 266. From Colonel P. O'CONNELL, R.E., Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Madras, 18th January 1879, No. 269.

In reference to your memorandum, No. 5,812, dated 30th December 1878, I have the honor to observe that G.O., No. 4,858 W, dated 27th December 1878, therein referred to, has since been modified by G.O., No. 168 W, dated 13th January 1879, under which the balance remaining from the budget grant, after deducting the normal value of famine work executed since 1st April, is only available for further expenditure. Further, in a report lately received from the Divisional Officer, Vellore, he has shown that Rupees 8,166 is the balance from the budget grant, after deducting the expenditure up to December. There are, therefore, not sufficient funds available for the estimates for road repairs sanctioned in G.O. (F.R.), No. 2,410, dated 25th November 1878, which amount in all to Rupees 31,800, the execution of which the Collector has urged, as will be observed from my No. 5,051, dated 26th December 1878. I request, therefore, your orders on the matter.

No. 267. ORDER THEREON, 27th January 1879, No. 308 W.

THE order referred to by the Superintending Engineer defines the amount available, of which the most must be made.
