GOVERNMENT OF MADRAS.
JUDICIAL DEPARTMENT.

17th October 1879, No. 2683.

Rampa Country.

Read the following paper:—

No. 128. From A. C. TUPP, Esq., Officiating Accountant-General, to the Acting Chief Secretary to Government, dated Ootacamund, 8th October 1879, No. 327-N.

Treasury Account Department.

With reference to letter, No. 498, of 30th September 1879, from Godavari on the subject of the mode of classifying and determining the Civil and Military charges for the Rampa disturbance, I would ask to be favored with instructions from Government as to whether the Collector's suggestion of dividing the charges equally should be adopted, or whether some more accurate method of classification should be adopted, and, if so, on what basis. I enclose a copy of the Collector's letter to me on the subject.

ENCLOSURE No. 1.

From W. S. FOSTER, Esq., Collector of the Godavari District, to the Accountant-General, dated Cocanada, 30th September 1879, No. 498.

With advertence to your letter, No. 204-N, dated 19th instant, informing me that the charges in connection with the Rampa disturbance should be debited to "Police" and to "Military Department" according as they were incurred for the Police force or for the troops, I have the honor to state that it is utterly impossible to make out correctly what portion of the charge appertains to "Police" and what to "Military." The provisions were supplied both to sepoy and policemen, and the charges for carrying them were paid in lump. Sepoys and policemen always went out together, and their kits and other things were carried by the same bandies and coolies. It would be fair to apportion the charges with reference to the exact number of sepoy and policemen that were on duty in the Rampa country. It is not possible to make a correct calculation of this. The only way, then, to apportion the charge is to make a rough estimate by mere guess. If you like it, I will do so. To divide the charge equally between the two departments would, I think, be sufficiently near the truth, as in the beginning of the disturbances there were very few sepoy and several policemen. Now the case is reversed. The policemen have gradually been withdrawn and replaced by military men.

No. 129. ORDER THEREON, 17th October 1879, No. 2683.

His Grace the Governor in Council would accept the Collector's proposal unless the Officiating Accountant-General can indicate some more accurate method, but all charges capable of being correctly assigned should be so, and should be shown separately under whatever head of account debited, as due to the Rampa disturbance, and not as ordinary expenditure falling under the specific head.
