<i>Provinces to which the Provincial Service arrangements do not apply.</i>		
Hyderabad	20,000	31,500
Rajputana	3,60,296	3,00,700
Central India	5,23,000	4,99,000
Coorg	1,36,929	1,29,000
Port Blair	72,500	86,620
Biluchistan	2,80,000	1,32,000
Civil Buildings under Inspector-General, Military Works	1,25,000	1,25,150
Simla Architectural Division	4,14,000	2,09,300
Total	43,57,388	32,95,568

3. The following are the demands regrouped according to Provinces:—

		Madras.
<i>Works and Repairs—</i>		RS.
Telegraph Buildings	...	1,20,000
Postal	...	81,750
Salt	...	32,110
Lighthouses	...	4,500
		2,38,390
<i>Establishment (Public Works)</i>		59,598
<i>Tools and Plant</i>		5,958
Total		3,03,940

4. The figures for all Provinces may be further arranged by "Departmental Heads" and regrouped as follows:—

	WORKS.		REPAIRS.		ESTABLISHMENT.		TOOLS AND PLANT.		STOCK AND SUSPENSE.		TOTAL.	
	Demand, 1880-81.	Grant, 1879-80.	Demand, 1880-81.	Grant, 1879-80.	Demand, 1880-81.	Grant, 1879-80.	Demand, 1880-81.	Grant, 1879-80.	Demand, 1880-81.	Grant, 1879-80.	Demand, 1880-81.	Grant, 1879-80.
Madras	2,22,426	2,20,293	15,970	14,060	59,598	32,586	5,958	3,359	..	..	3,03,940	2,71,288

5. It is observed that the demand for Imperial Other Services exceeds the grant for those services for 1879-80 by Rs. 10,61,820; whereas financial requirements make it absolutely necessary that the grant for the ensuing official year should not be more than Rs. 26,68,580 or Rs. 16,88,808 less than the demands made. Some of the demands must therefore be cut down; and in this view the following reductions are made.

Postal Buildings.

7. The reductions that are made from the demands for Original Works for the Postal Department amount to Rs. 1,13,644. The manner in which this sum is arrived at is shown in the following table:—

	1			2			3			4			5		
	AMOUNT SANCTIONED FROM DEMAND OF DIRECTOR-GENERAL OF POST OFFICES.			WORKS NOT ASKED FOR BY DIRECTOR-GENERAL, BUT WHICH MUST BE PROVIDED FOR.			TOTAL OF 2 AND 1.			DEMANDS OF THE LOCAL GOVERNMENTS FOR POST OFFICE BUILDINGS.			REDUCTION TO BE MADE (DIFFERENCE BETWEEN 3 AND 4).		
	Major Works.	Minor Works.	Total.	Major Works.	Minor Works.	Total.	Major Works.	Minor Works.	Total.	Major Works.	Minor Works.	Total.	Major Works.	Minor Works.	Total.

8. The items of reduction under Post Offices are—

Madras—	RS.
New Post Office at Madras	50,000
" " at Nilgiri	10,000
Total as per statement above	60,000
Add for Establishment at 25 per cent.	15,000
" Tools and Plant at 2½ per cent.	1,500
Total reduction for Post Offices	76,500

Telegraph Works.

9. The reductions that are made from the demands by Local Governments for Telegraph buildings are as follows:—

Madras—	RS.
Madras combined Post and Telegraph Office	1,00,000

The reductions in works involve corresponding reductions from the demands for Establishment and Tools and Plant. Thus—

Madras—	RS.
Reduction from demand for works	1,00,000
Establishment at 25 per cent.	25,000
Tools and Plant at 2½ per cent.	2,500
Total	1,27,500

Salt Works.

11. The demand for these, amounts to Rs. 3,45,840 against a grant of Rs. 2,12,400 for 1879-80. The Provinces which have submitted demands for these works are Madras, Bombay, Rajputana, Bengal, and Punjab; the first three only applying for Major Works. The demand by Bombay is considerable, the other Provinces only ask for petty sums. Of the salt works named by Bombay only one—water-supply, Kharagoda—is a work in progress and which must be provided for; the demand for this will suffice for its completion. All the others are new works, and four out of these, named below, have not yet been sanctioned:—

	RS.
1. Salt depôt and office at Baroda	23,000
2. Extension of salt store-shed, Kharagoda	97,000
3. Improving road to Rowli salt-pans	10,000
4. Quarters for salt establishment at Moach	27,000
	1,57,000
Add for Establishment	36,110
" Tools and Plant	2,355
	1,95,465

This sum is disallowed.

24. On the whole, then, the grants for the several Local Governments and Administrations for other services for 1880-81 will stand as follows:—

<i>Madras</i> —		
Amount in demand	Rs.	3,03,946
Less reduction on account of—		
New Post Office at Madras	Rs.	50,000
" " at Nilgiri		10,000
Madras combined Post and T.		1,00,000
Establishment		1,50,000
Tools and		40,000
		4,000
		2,01,000
Grant for 1880-81 ...		99,946

25. The grants now assigned for Postal, Telegraph, and Mint works are not to be disturbed without the sanction of the Government of India. The grants assigned for other works may be reappropriated by Local Governments and Administrations and allotted to other works in the preliminary issue of the Budget-estimates, other works appear at that time more urgent than those now provided for and sanctioned. But on no account must the total assignment for Other Services be increased or diminished in the Preliminary Issue of the Budget (which should reach this office punctually on 10th December 1879) without the sanction of the Government of India.

26. The grants herein allowed include provision for expenditure in England on stores for works classed under Other Services. The Budget Estimate should be

ORDER.—Ordered, that this resolution be communicated to the several Governments and Administrations noted in the margin, the Director-General of Telegraphs, the Director-General of Post Offices, and the Inspector-General of Military Works for information and guidance.

Ordered also, that a copy be forwarded to the Department of Finance and Commerce and the Military Department for information.

(Signed) A. FRASER, Major-General, R.E.,
Secretary to the Government of India.

To the Secretary to the Government of Madras, Public Works Department.

No. 35. ORDER THEREON, 10th December 1879, No. 3,155 W.

In the above Resolution the Government of India make the following assignment for Imperial Ordinary Other Services for 1880-81:—

	Major Works.	Minor Works.	Repairs.	Establishment.	Tools and	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	
Civil Buildings	6,550	10,200	5,000	5,438	543	
Postal	10,000	5,000	5,000	5,000	500	
Telegraph	17,580	10,450	3,970	8,035	803

Miscellaneous Public						99,946
						5,737
						15,970
						19,598
						1,958
						99,946

2. In preparing the Preliminary Issue of the Budget it has not been found practicable to adhere to the figures assigned by the Government of India to Major Minor Works under Postal for the reasons noted below.

3. *Post Office at Combaconum*.—The grant made by the Government of India for this work is Rs. 3,050, but since the submission of the schedule of requirements in October last, Rs. 1,780 has been appropriated by this Government from the Reserve for 1879-80. The amount actually required for expenditure in 1880-81 is therefore Rs. 1,270. The balance of appropriation made by the Government of India thus set free has been added to the Minor Works Grant, which will consequently be increased to Rs. 11,980.

4. The grant assigned for Salt Works has been re-appropriated by this Government, with reference to paragraph 24 of the above Resolution, to suit the requirements of the several works as they now stand, but the total as fixed by the Government of India remains unchanged.

5. With reference to the orders marginally quoted, in which it has been decided that the execution of ordinary repairs to Civil buildings and the construction of petty or temporary buildings of all classes limited to Rs. 1,000 in each case in all districts will be entrusted to the departments concerned and provided for in the Civil Budgets, the several departments* will be requested to report what amounts will be required for expenditure on the classes of works referred to, with a view to the required transfers being made from Public Works Department.

5. It is observed that the demand for Imperial Other Services exceeds the grant for those services for 1879-80 by Rs. 19,61,820; whereas the financial requirements make it absolutely necessary that the grant for the ensuing official year should not be more than Rs. 26,68,550 or Rs. 16,88,808 less than the demands made. Some of the demands must therefore be cut down; and in this view the following reductions are made.

Simla Architectural Division.

6. The demand of Rs. 4,14,000 for the Simla Architectural Division is much in excess of the grant of Rs. 2,09,300 allowed for it for 1879-80. The details of the demand of Rs. 4,14,000 are given below, together with the amounts that are now sanctioned as the grant for the division for the ensuing official year :—

Telegraph Works.

9. The reductions that are made from the demands by Local Governments for Telegraph buildings are as follows :—

Madras—

Madras combined Post and Telegraph Office	Rs.
...	1,00,000
Plastering Telegraph Office at Jask	5,500
Telegraph Office at Sukkur	17,000

Bengal—

Telegraph Office at Tipperah	22,500
Re-roofing Telegraph Office at Darjiling	12,000
...	2,500
...	14,500

These works are not wanted by the Director General of Telegraphs.

Punjab—

Telegraph Office at Lahore	Rs.
...	25,000

The Director General of Telegraphs demands Rs. 20,000 for signallers' quarters at Jubbulpore. But the Local Government is of opinion that Rs. 10,380 will suffice, and has accordingly provided this sum. The Local Government's provision is approved.

Rajputana—

Signallers' quarters, Deesa

This does not appear to be an important work, and the Director General thinks that the signallers might possibly obtain quarters in some of the vacant barracks. The demand of Rs. 14,000 is therefore disallowed. The reductions in works involve corresponding reductions from the demands for Establishment and Tools and Plant. Thus—

Madras—

Reduction from demand for works	Rs.
Establishment at 25 per cent.	1,00,000
Tools and Plant at 24 per cent.	25,000

Rajputana—

Reduction in works	Rs.

Mint and Currency.

10. The Bombay demand for Mint works is very excessive. The demand for Original Works amounts to Rs. 92,000, made up of the following two items :—

1. Extending Mint buildings, Bombay	Rs.
2. Additions to ditto	85,000
...	7,000

As both these works are for one building, and the estimate for the first item has not yet been sanctioned, and as also the Bombay demand is more than the grant for 1879-80, the Government of India, bearing in mind the necessity for reducing the allotment, is obliged to strike out the entire provision of Rs. 85,000 for item 1, plus Rs. 20,825 (calculated according to the established percentages) for Establishment and Tools and Plant.

Salt Works.

11. The demand for these, amounts to Rs. 3,45,840 against a grant of Rs. 2,12,400 for 1879-80. The Provinces which have submitted demands for these works are Madras, Bombay, Rajputana, Bengal and Punjab; the first three only applying for major works. The demand by Bombay is considerable, the other Provinces only ask for petty sums. Of the salt works named by Bombay only one—water-supply, Kharagoda—is a work in progress and which must be provided for; the demand for this will suffice for its completion. All the others are new works, and four out of these, named below, have not yet been sanctioned :—

1. Salt depôt and office at Baroda	Rs.
2. Extension of salt store-shed, Kharagoda	23,000
3. Improving road to Rowli salt-pans	97,000
4. Quarters for salt establishment at Moach	10,000
...	27,000
Add for Establishment	1,57,000
Tools and Plant	36,110
...	2,355
...	1,95,465

This sum is disallowed.

Viceregal Buildings.

12. It is observed from the table in paragraph 4 that Bengal has made a very large demand as compared with the usual annual assignment for Imperial purposes to that province. The following is said in explanation of this demand—"it will be seen that the total amount of demands is considerably in excess of the grant for Imperial Public Works during the current year, and that this excess is due to increased requirements for Works and Repairs under the following heads :—

"Military.	Post Offices.
"Mint.	Telegraph.
Viceregal Buildings."	

The orders on the demand for Military Works will be issued separately. The demands for Mint, Post Offices and Telegraph have already been noticed, so that the demand for Viceregal buildings remains to be dealt with; the excess grant applied for appears to be principally on account of these works. Against the works named below the remark is made—"the Military Secretary to the

Viceroy in his letter No. 2678, dated 3rd September 1879, stated these works are desirable but not urgent—

	Rs.
1. Filling up tank in Barrackpur Park	4,500
2. Providing cast-iron down pipes to buildings in Barrackpur Park	3,300
3. New entrance on North Side, Government House	12,000
4. Iron floating landing-stage opposite ditto	12,000
5. Ghat with steps, Barrackpur Park	5,000
6. Iron railing from Flag Staff Ghat, ditto	4,200
	<hr/> 41,100

The above-named works are therefore struck out, as also the following for which no estimates have yet been prepared :—

	Rs.
Removing doors on ground floor, Government House, Barrackpur	5,500
Ditto on first floor of ditto	4,000
Water-supply to buildings in Barrackpur Park	17,000
	<hr/> 26,500

Opium Buildings.

13. The demand for these, amounts to Rs. 2,31,800 against a grant of Rs. 1,60,949 for 1879-80, and is almost entirely wanted by the North-Western Provinces. The North-Western Provinces demand for Major Opium works exceeds the entire grant for Opium works for 1879-80; and that Government, in addition to the specific demand, gives a list of works which may possibly be required hereafter. The Government of India regrets that not only can no grants be assigned for these, but that, on the contrary, the following works provided for, but without sanctioned estimates, will have to be struck out :—

	Rs.
1. Covered open shed at end of No. 7 caking godown	20,000
2. Three new trash godowns	80,000
3. Conveying and storing roof drainage in tank	6,000
4. Enlarging wash-house, Ghazipur	10,000
5. Additions and alterations to buildings at Tilhar	12,000
6. New laboratory in Opium Factory, Ghazipur	10,000
7. Iron railing round ditto	4,000
	<hr/> 1,42,000

Rajputana.

14. Mayo College.—For this College Rs. 1,10,000 are asked for Original Major Works. The grant for this work for 1879-80 was only Rs. 60,000; and this sum is assigned for 1880-81.

The following reductions are also made :—

	Rs.
1. Additions and alterations to Beawer Tahsil	4,500
2. Three salt-sheds, at Gudda, Nawa and Asapura	9,300
3. Improving accommodation for prisoners in Ajmere Jail	20,000
4. Repairs	25,700
5. Tools and Plant	1,300
	<hr/> 60,800

Central India.

15. In Central India the works provided for are principally "Communications," and the demand for these are considerably in excess of the grant assigned in budget orders for 1879-80. The budget grant for "Original Works—Communications" for 1879-80 was only Rs. 25,000; while the demand for 1880-81 amounts to Rs. 72,000. A grant of Rs. 25,000 is assigned for 1880-81 for Original Works—Communications.

16. The Central India demand for Repairs—Communications (Rs. 2,85,000) is also very large, and is reduced to Rs. 2,00,000.

17. Under "Civil Buildings" there are, in the Central India schedule, two works not commenced, without estimates of any kind, and which may be deferred. They are accordingly disallowed. The two works are—

	Rs.
1. Roman Catholic Chapel, Mhow	10,000
2. New Treasury at Morar	7,000
	<hr/> 17,000

Coorg.

18. The Coorg demand largely exceeds the grant for 1879-80, and is reduced from Rs. 1,33,929 to Rs. 1,00,829.

Repairs.

19. Turning, again, to the table in paragraph 4, it is observed that the demand for Repairs generally is considerably in excess of the grant for that head for 1879-80, and in most cases no explanation is given for the excess demand. The excess is principally in the demands from Bombay and Bengal, and the Government of India has been pleased to reduce the demands by these Provinces for repairs by Rs. 15,000 and Rs. 40,732 respectively.

Punjab.

20. Notwithstanding repeated calls, the Government of the Punjab has not submitted its schedule of demand for Other Services. The grant for the ensuing official year has therefore been fixed at the amount of the grant for the current official year in such cases as the requirements are not known. The allotment is made up as follows :—

	Rs.
1. Post Office accommodation at the railway stations, Amritsar, Ludhiana and Umballa, @ Rs. 2,500 each	7,500
2. Mail-cart and bullock-train accommodation at Simla	12,000
3. Minor Postal Public Works	10,000
4. Telegraph Office at Rawalpindi	15,000
5. Minor works, Telegraph Department	3,000
6. Minor works, Salt	5,000
7. Repairs	32,000
8. Establishment	22,875
9. Tools and Plant	1,372
	<hr/> 1,15,747

Biluchistan.

21. The figures are as follows :—

	Rs.
Original Works—	
Civil Buildings	1,81,000
Communications	44,000
	<hr/> 2,25,000
Repairs—	
Civil Buildings	9,700
Communications	
	<hr/> 9,700
Establishment	34,500
Tools and Plant	3,700
Stock and Suspense	6,500
	<hr/> 2,80,000

Amongst the works provided for under Original Works, Civil Buildings, are the following :—

	Rs.
1. Constructing a bungalow for Superintending Engineer	7,500
2. Ditto an office for ditto	4,500
3. Additions and alterations to Executive Engineer's house	3,500
4. Constructing a bungalow for the Assistant Engineer	5,000
5. Ditto quarters for Divisional Accountant	2,000
6. House and office at Peshin for Executive Engineer	7,500
	<hr/> 30,000

These works are struck out of the schedule of demands. If the above accommodation is required, the officers for whom the buildings are wanted should construct them from their private funds or by advances from Government under the terms of Financial Department Notification No. 1680, dated 30th June 1870. There will be a further reduction of Rs. 6,500 on account of establishment.

Port Blair.

24. The demand from Port Blair amounts to—

	Rs.
Military Works	17,500
Other Services	72,500
	<u>90,000</u>

Owing to the abolition of the Public Works division in Port Blair it has been reported by the Chief Commissioner that a sum of Rs. 43,200 will suffice for expenditure during the ensuing official year. This sum is accordingly allotted, it being left to the Chief Commissioner to appropriate it to the best advantage.

Inspector-General of Military Works.

23. The Inspector-General's demand is reduced by Rs. 45,000, being the amount applied for for new churches at Chakrata, Ranikhet and Nowgong, and Rs. 10,000 is taken off the amount applied for under Minor Works, Civil.

24. On the whole, then, the grants for the several Local Governments and Administrations for Other Services for 1880-81 will stand as follows:—

24. The grants now assigned for Postal, Telegraph and Mint works are not to be disturbed without the special sanction of the Government of India. The grants assigned for other works may be reappropriated by Local Governments and Administrations and allotted to other works in the preliminary issue of the Budget-estimates, if such other works appear at that time more urgent than those now provided for and sanctioned. But on no account must the total assignment for Other Services be increased or diminished in the Preliminary Issue of the Budget (which should reach this office punctually on 10th December 1879) without the special sanction of the Government of India.

25. The grants herein allowed include provision for expenditure in England on stores for works classed under Other Services. The Budget-estimate should be prepared accordingly.

ORDER.—Ordered, that this Resolution be communicated to the several Governments of Madras, Bombay, Bengal, North Western Provinces and Oudh, and Punjab; Chief Commissioners, Central Provinces, Assam, and Coorg; Resident, Hyderabad; Agents to the Governor General, Rajputana, Central India, and Biluchistan; and Superintendent of Port Blair. Governments and Administrations noted in the margin, the Director General of Telegraphs, the Director General of Post Offices, and the Inspector General of Military Works for information and guidance.

Ordered also, that a copy be forwarded to the Department of Finance and Commerce and the Military Department for information.

2. In preparing the Preliminary Issues of the Budget, it has not been found practicable to adhere to the figures assigned by the Government of India to Major and Minor Works under Postal for the seasons noted below.

3. Post Office at Comblacconagar.

The grant made by the Government of India for this work is Rs 3050, but since the submission of the schedule of requirements in October last, Rs 1730 have been appropriated by this Government from the

Rs 2628 & 721 out of 77.

the Reserve for 1879-80. The amount actually required for expenditure in 1880-81 is therefore Rs 1270. The balance of appropriation made by the Government of India, thus set free has been added to the Minor works grant, which will consequently be increased to Rs 11,780.

4. The grant assigned for Salt works has been reappropriated by this Government with reference to para 24 of the above Resolution,

to

to suit the requirements of the several works as they now stand, but the total as fixed by the Government of India remains unchanged.

5. With reference to the orders marginally quoted, in which it has been decided that the execution of ordinary repairs to Civil Buildings and the construction of petty or temporary buildings of all classes limited to Rs. 1,000 in each case in all districts will be
