GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

28th January 1879, No. 315 W.

Buildings and Roads.

Civil Works.

Read the following paper :—

No. 273. From Colonel W. S. DREVER, c.s.i., Acting Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 18th January 1879, No. 213.

I have the honor to submit the accompanying letter* in original from the Superintendent of Police, Jeypore, and request the orders of Government authorising the Department of Public Works to disburse to this department the sum of Rupees 2,500, or at least such portion thereof as may be deemed necessary to meet requirements during the current official year.

2. The work of tiling the 25 huts of the new lines at Koraput at a cost of Rupees 2,500 was sanctioned by Government and the necessary provision was made in the Department Public Works Budget for 1878-79 for appropriation† during the year. In anticipation of obtaining funds from the Department of Public Works the Superintendent made an advance and commenced the work as particularized in his letter. Meanwhile the Government Order on Public Works expenditure was issued. The buildings in progress cannot be allowed to remain in an unfinished state without a heavy loss as pointed by the District Superintendent, and I agree with him. The difficulties of getting such work done in Jeypore are very great and quite exceptional, and once dropped it is not an easy matter to get the workmen together again.

3. Should Government approve I beg to suggest that the District Engineer be telegraphed to for immediate payment of sanctioned funds to enable the Superintendent to go on with his building operations during the remaining portion of the current official year.

From F. BAGSHAW, Esq., Acting Superintendent of Police, Jeypore District, to the Assistant Inspector-General of Police, Madras, dated Jeypore, 9th January 1879, No. 1.

I HAVE the honor to report that on 20th December last I wrote to the Executive Engineer, Vizagapatam, for an advance of Rupees 1,000 out of the sum of Rupees 2,500 sanctioned for tiling the F Division Lines at Koraput. His reply, dated 30th December 1878, only reached me at Lutchmepur on 4th January 1879, and states that work has been suspended and no sums are available. I have, however, advanced towards this work Rupees 851-10-1 out of my cash chest which only contained Rupees 1,000 of Department Public Works money drawn on 21st May 1878 from the Vizianagram Range Officer for the buildings as per margin.

my cash chest if I continue the buildings already named in the margin.

Received by the Secretary to Government, Public Works Department, Madras, 28th January 1879.

3. I have expended this sum of Rupees 851-10-1 as noted below, and can dispose of the articles marked * to the Special Assistant Agent for Rupees 275 if you think proper, which will leave a sum of Rupees 576-10-1 to be still adjusted :—

Total	851	10	1

Of the timber for the lines' work the expenditure of prepared timber has been as below, and as a great part of it has been prepared and jointed it could not well be used for other purposes :—

	RS.	A.	P.
All wall plates ready	75	0	0
„ ridge poles do.	18	12	0
„ principal rafters do.	18	12	0
Three-fourths of do.	225	0	0
Verandah beams do.	50	0	0
Wood still uncleared and advanced for door frames, &c.	41	0	7
Total	438	8	7

The uncleared wood and saws are saleable.

4. I have now the honor to request your orders with regard to this work. It will be a dead loss to Government if we stop where we are, as the lines have been allowed to fall much into bad repair in expectation of this tiling being completed, which work is now suspended.

5. To make the lines water-tight would cost from Rupees 250 to 300, which is a large sum to take from the Lodging Fund. Under these circumstances I have stopped all my works and request your orders as to what I am to do. I request you will favor me with an immediate answer as if I am to proceed with the buildings I shall be hard pressed to complete them by the 31st March next, and if I am to sell the materials I can only get rid of them within thirty days from this date.

No. 274.

ORDER THEREON, 28th January 1879, No. 315 W.

ORDERED that the following telegram be sent to the Executive Engineer, Vizagapatam Division :—

“Tiling Police huts at Koraput commenced by Police authorities may be continued.”

2. The Superintendent of Police acted in a most irregular manner in commencing the work with money from his own cash chest. Had he applied for funds to the Executive Engineer in the usual course the inconvenience now occasioned would have been avoided. Funds must be provided by re-appropriation from other Police Works, proposals for which will be submitted by the Superintending Engineer.
