A

Proceedings of the Board of Revenue.

Dated 8th December 1879.

Read the following:-

No. 890.

From

S. J. McCarthy Esquire

President Local Fund Board.
Cuddapah.

To

C. A. Galtan Esquire

Acting Secretary to the Board of
Revenue, Madras.

Sir,

With reference to Board's Proceedings dated

the 14th Ultimo No. 2925 I have the honor to forward copy of letter just received from the Superintending Engineer, from which it appears that the amount of the estimate Rs 34,300 includes the expenditure of Rs 11,235 (or Rs 11,743 as it amounts to up to date) and that the amount required to complete the work is

Rs 22,557 (minus Rs 1,930 for the payment of which during the current year, provision has

been

lately been made, vide my letter to the Board No. 841 of the 30th Ultimo.)

2. I regret that owing to a mistake made in this Office, the whole amount was entered in the budget. The effect of rectifying this error will be to leave a considerably larger balance at the end of 1880-81 than was previously calculated.

Sir,
With reference to your letter No. 834 dated 29th Ultimo I have the honor to state that the estimate of Rs 34,300 includes the expenditure of Rs 11,235 already incurred on the Kurli Ghat Road up to the end of 1875-76.

2. It is shown in the District Engineer's letter of the 6th February 1877 included with other papers in S.O. Financial Department No. 2318 of the 17th September 1877, that Rs 11,235 had been spent, out of the sum then estimated at Rs 36,400, but now altered to Rs 34,300. There has been however a further disbursement of Rs 508 in the year 1878-79 in payment for work carried out previously; so that the expenditure up to date now has been Rs 11,743 and the amount required to complete the work is Rs 22,557. This latter sum however includes the amount of Rs 1930 still due for work performed, as applied for in my letter to you No. 2778 of the 1st Ultimo.
