GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

12th December 1879, No. 3,191-A W.

General.
Establishment.

Read the following papers:—

No. 43. From the Superintending Enginee, Fifth Circle, dated 4th November 1879, No. 1,829 T.J.

No. 43-A. From do. do. dated th December 1879, No. 2,126 T.J.

No. 44. ORDER THEREON, 12th December 1879, No. 3,191-A W.

HIS GRACE the Governor in Council has decided that the Tanjore District with so much of the Trichinopoly District as may be determined on, shall form a separate charge, to be called the Cauvery Division, under a Superintendent of Works.

2. Captain Brockman, R.E., will be appointed to the post thus created, and arrangements will be made as soon as possible for posting the required Executive and Assistant Engineer to the division.

3. The Superintending Engineer will report what portion of the present Trichinopoly Division should, in his opinion, be placed under the Superintendent of Works, Cauvery Division.

4. Separate orders have been passed regarding the Executive arrangements in the Madura and Tinnevelly Districts.

5. With the above modifications the Superintending Engineer's proposals are approved.

6. The Superintendent of Works will, for the present, have the following establishment:—

	RS.	RS.
One Clerk, III Class, Second Grade	60 to	80
One do., III do., Third Grade	50 to	60
Two Clerks, IV do., Second Grade, at from Rs. 30 to 40 each...	60 to	80
One Draftsman, I Class	50 to	70
Two Messengers, at Rs. 7 each	14	14
Total ...	234	304
Total average ...	269	

It is probable that this establishment can b provided from the men who would otherwise have to be discharged, and if qualifie men are not available in the Fifth Circle the fact should be reported, in order t t they may be transferred from elsewhere.

7. The distribution of office establishment for the remainder of the circle, as proposed by the Superintending Engineer, is approved for the present, subject to such modifications as may hereafter be determined on with regard to his own office; but every effort should be made to bring the establishments into exact accordance with the scale laid down in G.O., No. 3,6[illegible] W., dated 18th September 1878.

8. With reference to the remarks contained in paragraph 2 of the Superintending Engineer's letter, the retention for the present of the Taluk Overseers' Writers is sanctioned.

9. The men named in List B will be discharged from the 31st instant. List C, after correction with reference to the establishment of the Superintendent of Works, will be printed and circulated to Local Fund Boards and other departments of Government, but the men included in it should be warned that Government do not guarantee their employment after the 31st January next.

10. As now constituted the regular establishment of the Fifth Circle will be as follows, exclusive of the Cauvery Division :—

Divisions.	Class.	Executive Engineers.	Assistant Engineers.	Sub-Engineers and Supervisors.	Overseers.	Sub-Divisions.
Trichinopoly	2nd	1	1	2	5	2
Madura	2nd	1	1	2	5	1
Sátúr	3rd	1	0	1	4	1
Tinnevelly	2nd	1	1	2	5	2

11. The Superintending Engineer is at liberty to accept the resignations of members of the Lower Subordinate Establishment without reference to Government.

Enclos. 6.
1. List of Office Establishment.
1. Abstract of do.
1. Note.
1. List of Offices &c.
2. Applications from Sub Overseers.

Sir,

With reference to G.O. No. ~~Hept~~ x 2,435 W of the 25th September, I have the honor to forward herewith the list called for in para 6. shewing the names of the Office Establishment (a) permanently maintained (b) warned for immediate discharge (c) warned for discharge at the pleasure of Government. I also append a note giving my reasons for the selection of the men to be immediately discharged.

x ~~Hept I~~

2. As writers for Overseers are not included in the scale of Establishment sanctioned in G.O. No. 3,619 x W of the 18th September 1878. I have given warning to all writers employed under these subordinates that their services will be dispensed wi

I beg to submit however that it is truer economy to employ a man on Rs 15 per month on checking calculations, fair copying Estimates, preparing ordinary returns and copying letters, than that the time of a man on Rs 90 to 130 should be taken up in this way. I should therefore be glad if the Overseers' writers can be retained. Moreover with only one Lascar it will be impossible for an Overseer to be entrusted with Cash.

3. I think also 2 Clerks will ordinarily be required in each Sub-Division, more especially if Overseers' Clerks are abolished, as in this case some of the returns prepared by Overseers will have to be compiled in the Sub Division Offices, but I have entered in the list of permanent Establishment only one Clerk for each Sub Division.

4. Whether or not 2 Clerks be given to all Sub-Divisions, I beg most strongly to urge the necessity of 2 Clerks being posted to each Sub Division in Tanjore. Not only will the expenditure be much heavier in these Sub Divisions than in most others, but the variety of work connected with water returns, irrigation registers &c requires a special Establishment. In the list forwarded, I have shewn a second man as attached to each Sub. Division in Tanjore, one man permanent and one as provisionally noticed; and I trust that the importance of these charges may be recognised, and a suitable Establishment allowed. A writer has also been provided for each of the extra Officers in Tanjore in Executive charge. I trust this may be specially sanctioned. Until quite recently the Tanjore Division comprised 3 Ranges with an Officer and the ordinary Establishment attached to each, and work has, except in regard to Local Fund work, certainly not diminished.

5. In my Office, as nearly all the men employed draw less than the average, I have been able to get 2 extra hands for Rs 2-8-0 more than the sanctioned scale, but I submit that even this number will not enable the work to be carried on with punctuality unless at least 3 men

men are given. The time of 2 men is fully occupied and will be fully occupied in keeping the appropriation registers and correspondence connected with allotments and expenditure. The other Clerks are required for current correspondence and systematic record keeping. I trust therefore the numerical strength may be increased by the retention of 3 men among those to whom provisional warning has been given.

6. As directed in para 9 of the order under reference, I beg to forward a Statement shewing the strength and distribution of the Upper Subordinate Establishment of this Circle.

7. In arranging this I have supposed that we shall withdraw entirely from the Zemindaries and the Melur Taluq of the Madura District as proposed in para 2 of my letter of the 2nd September 1879. If it be decided that we retain the Melur Taluq, this should be added to the Dindigul Sub Division.

8. The orders are that the staff of Upper Subordinates in this Circle is to consist of 11 Sub Engineers & Supervisors together, and 29 Overseers. Prior to the receipt of the reduction orders, there were 13 of the 2 former grades and 33 of the latter. Mr. Nair Sub Engineer and Mr. H. Arbuthnot having retired, the number of Sub Engineers & Supervisors is that sanctioned.

Resignation accepted in G.O. No $\frac{266\,W}{24.10.79}$.

9. As regards Overseers, notice to retire was given to 5 men which leaves only 28 Overseers instead of the 29 sanctioned. If Subrayalu Naidu now doing duty in Tirumal Naiks Palace Madura, is to be included in the number attached to this Circle, the total will be complete, but another Overseer is required for the Shiyali Taluq, Tanjore, which is shewn as unprovided with an Overseer.

According to your Memo No $\frac{3028}{25.9.79}$.

10. The arrangement shewn admits of an extra Subordinate being attached to each of the Tanjore Divisions for levelling & special work.

11. As regards Sub Overseers, the Local Fund Board will be asked to take over those men who were formerly employed as Local Fund

Overseers and Maistries. I have received applications for permission to retire from the undermentioned men, which are forwarded for your orders.

Chinnasamy Pillay. Sub Overseer
3rd Grade.

5th Circle

Abstract Statement
showing the distribution
of Office Establishment –

Note shewing the reasons, why those members of the Office Establishment, to whom notice of immediate discharge has been given, have been selected –

(1) Aravamuthu Iyengar. Only recently (May last) transferred from being a Sub Overseer's Writer, the junior hand in the Office.

(2) Purushottama Naidu, an unpassed man, with no particular qualifications.

(3) Appavoo Pillay Moochy. Dismissed for no fault, the new Scale of Establishment does not provide for a Moochy.

(4) Somasoondram Moodely Draftsman Trichinopoly Division. Unfavorably reported on as being slow and incapable, of Short Service –

(5) Rama Row, a very old man, whom it was proposed to pension last year, but the Medical Officer declined to his being unfit for further Service. He has been 37 years in the Service in various Capacities

(6) Ramanjulu Raju, reported not to be as efficient as other Clerks in the Same Division.

(7) Santha Pillay Draftsman – Reported by

by the Executive Engineer before the receipt of the reduction orders to be quite unfit for the post he holds. Selected for dismissal as inefficient.

(8) Chittra Pillay. Selected as I found the Muser Sub Division Office, in which this man was employed, in great confusion and badly kept

(9) Muthulingum Pillay. Reported by the Executive Engineer to be slow and inefficient.

(10) Kuppuswami Naidu Draftsman. Reported by the Executive Engineer to be the more inefficient of the 2 men employed as Draftsman in the Madura Division Office.

(11) Kooppooswami Raju Moochy. Dismissed as the new scale of Establishment does not provide for moochies.

(12) Davanayagam Pillay, an unpassed man, dull and inefficient

(13) Silavaimuthu Moochy. Dismissed as the new scale of Establishment does not provide for moochies.

Note — Two Draftsmen had to be dismissed to bring the Establishment down to the sanctioned scale, a third inefficient man has been dismissed and in his place Palaniandi Pillay formerly a Draftsman but now Sub Overseer in Tanjore has been brought back as a Draftsman with a view of reducing the Petty Establishment as desired by Govt.

As regards the men to whom provisional notice has been given, they have been selected not because inefficient but because either they have not passed qualifying Examinations or because they are of short service. All absolutely inefficient men have been warned for immediate discharge.

J. W. Rundall
Supg. Engineer 5 Circle

27th October 1879.

Note showing the reasons why those members of the Office Establishment to whom notice of immediate discharge has been given, have been selected.

Enclos 4.

To,
Colonel R. H. Sankey C.B. R.E.
Chief Engineer P.W.D.

Sir,

As desired in your Memo No 3870 of the 7th November, I have the honor to submit a revised list of distribution of Executive and Office Establishment showing both establishments further reduced in consequence of the amalgamation of the Tanjore and Negapatam Divisions.

2. As further retirements and changes have taken place since my No 1829 T.J. of the 6th November was written, all men removed to other charges or whose retirement has been accepted, have been omitted.

× Hq. t

3. G. O. No ×2435 W of the 25th September did not state what the strength of the Engineering staff attached to the Circle was to be, I do

not however think it can well be less than that shown at the foot of the list of Executive Establishment.

4. The number of Upper Subordinates has been regulated in accordance with the scale fixed in para 9 of the above quoted G.O.

5. The Staff is therefore at present short by 2 Executive Engineers, 1 for Trichinopoly and 1 for Salem Divisions, 2 Assistant Engineers, 1 Sub Engineer or Supervisor and 2 Overseers, unless the special overseer attached to the Palace work at Madura is to be considered as belonging to the sanctioned Establishment of the Circle.

6. I have not been able to forward these statements earlier, as I only received an answer to my reference regarding the strength of the Tanjore Division Office Establishment on the 28th Ultimo and had to meet the Executive Engineer Tanjore and arrange details with him.

7. If the number of Overseers is

to be brought up to the sanctioned scale, I would recommend that the following men whose resignations have been accepted be taken on again.

Chinnasamy Pillay
Sundara Sastry.

I have the honor to be
Sir
your most obdt. servt.

J. W. Rundall
Actg. Supdt. Engineer

P.S.

In consequence of the abolition of the Negapatam Division, I have proposed to constitute the Negapatam and Tetrapundi Taluks as a separate Sub Division of the Tanjore Division & have allowed for this, as for the other Tanjore Sub Division, 2 Clerks, one of whom is considered provisional.

GOVT. OF MADRAS. } 187 . { P. W. DEPT.

SECRETARY.

Fort St. George, 8th Dec 1879.

OFFICE NOTE.

To W

Letter No 1829 T. I from S. E V - dated 4th Novemr

2126 T. I dated 8th Dec

With the above are forwarded the S. Es' lists of establishment for the 5th Circle.

The Tinnevelly and Trichinopoly Districts are practically unaffected by the recent changes, and the Madura District has already been disposed of - the Tanjore District is the only one remaining

OF 187

Cir 10 - 13

for orders –

In my note of the 1st provision was made for an Accountant and two Assistant Engineers besides the Superintendent of works – and it is thought that this establishment should be provided, as soon as possible –

The office establishment sanctioned for the Superintendent of Works, follows as noted in the margin, and the same might be allowed for the Cauvery Delta –

The Superintending Engineer's remarks regarding the provision of Overseers, writers deserve attention; generally I entirely agree with him, and consider that these men are greatly wanted –

✗ 1 Clerk III Class 2d Grade	60 to 80
1 --- III --- 3d --	50 to 60
2 --- IV --- 2d -- for 30 to 40 each	60 to 80
1 Draftsman I Class –	50 to 70
2 Messengers at Rs 7 each	14 – 14
Total	234 – 304
Total average	269

~~A Para should be added to the ~~Ex~~ enclosed draft, dealing with this point –~~

~~D~~
~~8.12~~

The draft provides for their retention, but I am not sure that these will be agreed to, and attention to the point should be invited –

D
9.12

3191-Aw
18

3191-Aw
20

approved.

6. The Superintendent of Works will for the present have the following establishment.

1 Clerk III Class 2nd Grade	60 to 80
1 " III " 3rd "	50 to 60
2 " IV " 2nd " at from 30 to 40 each	60 to 80
1 Draftsman I Class	50 to 70
2 Messengers at Rs 7 each	14 – 14
Total	234 – 304
Total average	269

It is probable that this establishment can be provided from the men who would otherwise have to be discharged, and if qualified men are not available in the 5th Circle the fact should be reported, in order that they may be transferred from elsewhere.

7. The distribution of office establishment for the remainder of the Circle, as proposed by the Superintending Engineer, is approved for the present subject to such modifications as may hereafter be determined on with regard to his own Office, but every effort should be made to bring the establishments into exact accordance with the scale laid down in G.O. No. 3674 W dated 18th Septr. 1878.

8. With reference to the remarks contained in para 2 of the Supg. Engineer's

+ Hay I

letter, the retention for the present of the paling Overseers writers is sanctioned.

9. The men named in list B will be discharged from the 31st instant. List C after correction with reference to the Establishment of the Superintendent of Works will be printed and circulated to Local Fund Boards and other Departments of Govt., but the men included in it should be warned that Govt. do not guarantee their employment after the 31st January next.

10. As now constituted the regular establishment of the 5th Circle will be

as follows:– Exclusive of the Cauvery Division

Divisions	Class	Ex Engrs	Assistant Engrs	Sub Engrs & Supervisors	Overseers	Sub Divisions
~~[illegible]~~	~~1st~~	~~1~~	~~2~~	~~4~~	~~9~~	~~3~~
Trichinopoly	2nd	1	1	2	5	2
Madura	2nd	1	1	2	5	1
Satur	3rd	1	0	1	4	1
Tinnevelly	2nd	1	1	2	5	2

~~In addition to the staff of Works and the [illegible] establishment~~

11. The Supg Engineer is at liberty to accept the resignations of members of the Lower Subordinate establishment without reference to Govt.
