Read the following paper :—

No. 47. From the Superintending Engineer, Fourth Circle, dated 13th November 1879, No. 701.

No. 48. ORDER THEREON, 12th December 1879, No. 3,194-A W.

HIS GRACE the Governor in Council considers it unnecessary for an Assistant Engineer to be stationed on the Nílgiris, which may remain in charge of a Sub-Engineer or Supervisor.

2. The proposed Mangalore and Cannanore Sub-divisions should be amalgamated into one, with head-quarters at Cannanore, and as an Assistant Engineer has already been posted to Salem in place of Mr. Traill, the latter may take charge of the Cannanore Sub-division.

3. Looking to the trifling expenditure in the Udipi, Uppinangadi, and Kásaragód Taluks of the Canara District, and the Chirakal and Walawanád Taluks of Malabar, it is considered that two Overseers will be sufficient for the former district and five for the latter, instead of three and six as shown in the Superintending Engineer's statement.

4. In the Coimbatore District it is considered that only two sub-divisions are required ; the Superintending Engineer will report whether the head-quarter sub-division may be held by the Executive Engineer, or whether it should be in charge of a Sub-division Officer.

5. The work in the Salem Division will be greatly reduced by the abandonment of all Local Fund works and repairs to civil buildings ; it is therefore considered that the proposed Námakal and Salem Sub-divisions may be amalgamated ; the Superintending Engineer will report, as in the case of Coimbatore, whether the sub-division so formed should be in charge of the Executive Engineer or of a separate officer.

6. Looking to the greater convenience of Oosoor as compared with Tirupatúr as a residence for an officer, and to the existence of proper office and house accommodation at the former place, it will be made the head-quarters of the Oosoor Sub-division, and as this sub-division will usually be in charge of an Assistant Engineer, there will be no necessity for the transfer to the Executive Engineer, Bangalore, of the charge of the Remount buildings, which will continue attached to the Salem Division.

7. With the above modifications the Superintending Engineer's proposals are approved.

8. It is observed that he proposes to employ two Overseers in Salem and two in Coimbatore on the grouping of irrigation works, a highly desirable object. The ordinary establishment of the circle will be—

Divisions.	Class.	Executive Engineers.	Assistant Engineers.	Sub-Engineers and Supervisors.	Overseers.	Sub-Divisions.
West Coast	1st	1	1	3	9	3
Coimbatore	2nd	1	1	1	12	2
Salem	3rd	1	1	1	11	2

9. The Superintending Engineer's proposals regarding the future execution of work are approved, and in separate orders* it has been decided that the Local Fund Works of the circle are to be taken over by the Local Fund Boards concerned.

10. The distribution of office establishment as per List A is approved, subject to such modifications as may hereafter be made in the establishment of Superintending Engineer's Office.

11. The individuals named in List B will be discharged from the 31st instant. List C will be at once printed and circulated to Local Fund Boards and Government Departments, with a view to obtaining employment for as many as possible of those included in it, but they must be warned that Government do not undertake to retain their services in the Public Works Department after the 31st January next.

12. Of the Officers set free by the proposed alterations, Mr. Grimes has already been transferred to Madura; separate orders will be passed regarding Lieutenant-Colonel Kennedy and Captain Bailey.

GOVT. OF MADRAS } 187 . { P. W. DEPT.

SECRETARY.

Fort St. George 3rd December 1879.

OFFICE NOTE

To W

OF 187 .

Letter No 701 Dated 15th Nov. from S.E. IV

With this letter Major Montgomerie submits his proposals for the permanent organisation of the 4th Circle; no other reports from S. Es having yet been received, it is probably not desirable to detain this one any longer, but to submit it for orders separately -

It has already been decided that the Circle shall consist of three Divisions only - namely

West Coast, comprising
the districts of Malabar
Canara & the Nilgiris

Coimbatore } comprising the
Salem } districts so
named

The ~~present~~ former number of
Divisions in the Circle was
eight, Coimbatore, Salem
& Malabar forming each
a division –

//

West Coast Division –

Major Montgomerie proposes
to divide this Division
into four sub divisions with
head quarters at Mangalore
Cannanore, Calicut and
Ootacamund respectively;

it seems questionable
whether Canara is of
sufficient importance to
form an independent sub-division

✗ I was also of this opinion – The
grant excluding Local for current
year is only Rs 58000 and will be
further diminished – Sub Dn H.Q. Dn
should be Cannanore RHH

✗ Looking to the great size of the
D. and the desirability of the Executive
Engineer moving about as much as
possible I hold himself free to inspect
when asked road works under R.F.Rd
I should prefer to see him freed from
~~the~~ the immediate charge of the H.Q. Dn
Sub division RHH

+ Mr Usher ordered
to join RHS

and it might be
with advantage amal-
✗ gamated with Cannanore.
It is also doubtful whether
a separate officer is
required for the charge of
the head quarter sub-
division, which should
usually be in charge of the
✗ E.E. himself – I think [illegible]

Major Mercer asks for
an Assistant Engineer for
the Nilgiri sub division,
but as an officer has
already been posted to
+ Salem, to which he
proposes to send Mr
Traill, the latter will
be available for the Nil-
giris – Dr ~~Mr~~ Hamilton, whom
Major M. names, is not at
present available, and is
moreover too valuable an

officer for so small a charge –

I would suggest therefore that the number of sub-divisions be made three in charge respectively of the Sub. Engr (Calicut) Mr Trill (Ootacamund) and Conductor Lemon (Cannanore); Conductors Hinde and Whit would be available as attached officers, one of whom should have his head quarters at Mangalore –

See former remarks – otherwise agreed
Ath

## The Udapi, Uppengady and Coondapoor taluqs of the Canara District might ✕ be entirely abandoned, the expenditure in each being Rs 250 only, and the overseers at Coondapoor & Mangalore would then do the work of this District –

~~Subord~~
Overseers

✕ Agreed ~~though they~~ might be attended "pro forma" in case work required subsequently
Ath

It is thought also that the Wallawanad taluq of the Malabar District might be* abandoned, and Calicut & Ernad worked by one Overseer, there being one Overseer in the Calicut sub-division –

* Yes See above
Ath

//

Coimbatore Division

–

Major Montgomerie proposes three subdivisions, but as the work will be greatly reduced by the abandonment of the roads, it would seem better to unite the Dharapuram and Coimbatore subdivisions ⊗ into one, under the charge of the Executive Engineer, leaving one

⊗ I see no objection ~~to the~~ proposed amalgamation ~~but~~ before deciding ~~but~~ it should be held by the E.E. I would consult ~~the~~ S.E.: – I have always found it best ~~to~~ to free the E E in ~~this~~ respect
Ath

Superior "attached" -

It is also doubtful whether one overseer might not × manage the Pollachy and Pulladum talugs, ~~leaving~~ thus reducing ~~[illegible]~~ of the number of overseers for the Coimbatore Division from eleven to ten -

Major Montgomerie provides the extra overseers for the grouping of irrigation works, ⊗ a very desirable object -

//

Salem Division -

The arrangement by which Namkul and Athoor are formed into a separate subdivision under the charge of the Executive Engineer seems of doubtful

× No objection so far as I can see but I do not know sufficient of the facts. The cutting in Pulladum has been trifling apparently RTH

⊗ most essential
RTH

expediency -

If these talugs are formed into a separate subdivision at all, they should be under a subdivision officer with head quarters at Namkul, the Ex. En. taking charge of the head quarter subdivision, but I think (knowing the district well) that no separate subdivision is required, and the ⊗ E.E. might take charge of the five talugs -

Otherwise there seems ~~[illegible]~~ no exception to be taken to the proposed arrangements for this District; it will be noted that the head-quarters of the Com-

⊗ For the reasons formerly given I should be glad to have the S.E.'s opinion
RTH

subdivision are placed at Tirupatore, which is undoubtedly the best place so far as work goes, but looking to the great advantages of Ossoor as a residence, X especially for a young Assistant Engineer, that station might I think be retained —

There is no house available at Tirupatore except the Mission Bungalow, which cannot be permanently rented, and the office is a disreputable godown —

It has already been noted ~~that~~ an officer (Mr Walker) has been posted to Salem, so that Mr Traill may remain in the West Coast Division, where he now is —

3.12

I'd retain Ossoor as station

X These reasons seem to me sufficient — but if the Asst. Engr. be ~~stationed~~ at Ossoor it is clear ~~that~~ the buildings of the Revenue Agency which we proposed to transfer to Bangalore may now be retained under Salem

The distribution of office establishment proposed by the S.E. involves an expenditure slightly in excess of the authorised scale, but as even with this excess the arrangements involve the immediate discharge of ten individuals and the ultimate discharge of seventy three more, the lists might fairly be accepted —

X Orders are required regarding the disposal of the individuals included in lists B & C —

X The men in the B list must of course go as warned. As regards those comprised in the C list it might be as well to have it printed at once and circulated to 27 Bns. and ~~the~~ Govt. Depts. leaving decision regarding ultimate discharge open for the present

//

With regard to the future execution of works Major Montgomerie sub with copies of correspondence from which it appears that the Local Funds Boards are prepared to undertake the charge of all works in the Salem District, all in Coimbatore except the Mettupalaiyam-Kullar road, and all in Malabar except the Cunoor ghat. From the Nilgiris and Canara no replies appear to have been received, but it is believed that the former Board .X. will take over all works, and as regards the latter, the question was practically settled by Govt. O. of No 2489 W of 2nd October last -

Of the officers set free

.X. This I think may be accepted as nearly certain judging from the correspondence I have seen

✗ I am now informing Col. ✗ ~~that~~ he will be retained & posted to the Presidency Dn.

As regards Capt. B I should not object to his going to Salem but we must await the reply he purposes giving to the last reference made to him upon which he may possibly retire

by the amalgamation of divisions, Mr Prince has already been transferred to Madura to relieve Mr Vincent - Orders are required regarding the posting of ✗ Lt Col. Kennedy and Capt. Bailey - The Presidency for the former, and Salem for the latter, have been suggested -

The additional officer so urgently required by Engineer Trichinopoly has already been posted, in the person of Mr Usher -

Copies of Correspondence regarding the proposals of the different Local Fund Boards on the subject of the amalgamation of L.F. Works with that of the Revenue Dept.

[illegible] His Grace the Governor [illegible]

For orders

This is the first complete reply we have had about the future organization of our Superintending Engineers Circles, and I beg to submit it specially for early orders. It is rather convenient than otherwise to deal with these separately, but as I am now writing to the other S.E.s I hope to have all in very soon.

I would solicit a reference to my marginal remarks on the D.W.'s note.

On one or two points His Grace will observe that I think a reference to the S.E. desirable but on the whole the arrangements proposed appear suitable and if in this His Grace concurs I can carry out details without submitting the case again. Should any personal reference be needed I

Should do myself the honour of writing on this [illegible]

~~[illegible]~~ 4/12/79

[illegible] to the [illegible]

I do not concur in the effect [illegible] needed at Nilgiris

The works [illegible] the repair of buildings – [illegible] of [illegible] P.O. – to Conductor [illegible] be perfectly competent with an overseer at Wellington

I have seen one or two notes [illegible] agree

To.

The Chief Engineer
Public Works Department.
Madras.

Sir,

Enclosures 5
3 Lists
1 Statement
1 Copy of correspondence.

As directed in G. O. No. 2483 W. dated 2d October 1879 and the further instructions contained in your Memo No. 3,367 dated 7th instant, I have the honor to submit a Statement shewing the proposed strength and distribution of the Officers and Upper Subordinates of this Circle that will be necessary for the working of the Amalgamated Divisions –

2. By these arrangements besides the release of Messrs Norfor and Lowry the Services of Lieutenant Colonel Kennedy, Captain Bailey and Mr. Grimes

will be available for transfer as soon as they are relieved but I shall be unable to give effect to these proposals until your orders regarding the postponement of the relief of Lt. Colonel Kennedy and Captain Bailey have been countermanded - No more officers can possibly be taken from the Circle and I would very respectfully request that the services of an Assistant Engineer of experience may be allowed to the Circle in the place of Mr. Grimes - until this is allowed I have been obliged to propose Mr. Supervisor Milne for the charge of the Nilgiris - Wynaad Sub-division.

3. These proposals moreover have been based on the understanding that all Local Fund works without exception are handed over to other Agency. From the correspondence marginally noted (Copies of which are enclosed). you will observe that the Presidents of the Local Fund Boards in Salem Coimbatore and Malabar are willing to take over all Local Fund works except those specified by Government in the 9th para of their order under reply and I have no doubt these Boards will be glad to take over the specified works also if Government are agreeable -

1 Salem Presidents' No. 686 d/ 11 October 79
1 " — " — " 712 d/ 18 - " —
1 Malabar Presidents' No. 452 d/ 18 - " -
1 Coimbatore " No. 159 d/ 20 - " -
1 Proceedings of the L. F. Board Ooty d/ 21 October 79
1 Salem Presidents' No. 756 d/ 28 - " -
1 South Canara Presidents' letter No. 878 d/ 22d Octr 1879.

4. No replies have yet been received from the Presidents of the Local Fund Boards of S. Canara or Nilgiris in the matter[x] - although reminders have been sent. I presume however that Government are in possession of the views of these Gentlemen on the subject and may therefore be in a position to pass early orders on these proposals which are urgently required, especially with reference to the working of the Coimbatore and Salem Irrigation Districts in which the amalgamation of Divisions have already been effected.

x G.O. No 2429 W d/ 25 Septr 1879

5. I beg also to submit as directed for the consideration and final orders of Government, lists shewing the members of the office Establishment to be.

(a) Permanently retained

(b) Warned for immediate discharge

& (C) Warned for discharge at the pleasure of Government—

with reasons for the selection briefly stated in each case.

The individuals mentioned in lists (b & (C) have been duly warned in accordance with the orders of Government.

6. Every endeavour will be made to get rid as soon as possible of the permanent petty Establishment; and all members of this Establishment who were formerly part of the old Local Fund Establishment will be transferred with the Roads &c. 3194/14

I have the honor to be

Sir,

Your most obedient Servant.

Salem Local Fund Board's Office
Dated 11th October 1879

From
The President
Local Fund Board
Salem.

To
The Superintending Engineer 4th Circle
Coimbatore

Sir,

In reply to your letter No. 988/C of 4th Instt. giving cover to G.O. No. 2428 W of 25th Sept. 79, I have the honor to enclose herein copy of the Salem Circle Board's resolution No. 1 of 7th Instant from which you will observe that the Board are willing to take over all Local Fund Works (both new works and Repairs) and entertain their own Supervising Establishment. It is further the intention of the Board, when sanction is obtained to the above proposal that the construction of any new Local Fund Works costing more than Rs. 5000 also should be undertaken by their Establishment.

2. The opinion of the Oosur Circle Board on the subject will be intimated to you in due course.

I have &c.
Signed/ C. J. Longley
President.

Sir,

In continuation of my letter No. 686 of the 11th Instant and with reference to Revenue Board's Proceedings 4th October/79 No. 2780 received to-day, I have the honor to forward an Extract from the Proceedings of the Salem Circle Local Fund Board of 17th Instant together with copy of the Memorandum therein referred to, shewing the Scale of the proposed Supervising and the revised Petty Local Fund Public Works Establishments for the Salem Circle and to request, that, you will be good enough to favour me at the earliest date possible with your opinion thereon.

(*Copy enclosed)

2. Of the existing petty Establishment it is intended to dispense with the services of the clerks of Local Fund overseers and

and to retain, in addition to the entertaining of 3 more Overseers, maistries on Rs: 25 each, in lieu of the present Sub-Overseers on Rs: 35, at one to be kept in the Sub-division of each talug, owing to the increased number of miles of roads that will have to be looked after by each Overseer in his talug, by the transfer of the trunk and other roads from the D. P. W. and to the large extent of each talug Comprising 2 or 3 Sub-Divisions. Further it is the intention of the local Board to commence the working of the establishments proposed as a tentative measure and to make any addition or revision, which experience may suggest after sufficient time.

I have &c.

Memorandum

As under G. O. 25th September 1879 No. 2428 W. and in accordance with Resolutions No. 1 of the Salem Circle Board dated 7th Instant, all roads and other Local Fund works now under the D. P. W. are to be taken over by the Local Fund Boards from the 1st January next, we must arrange for the necessary Supervision of the works as early as possible, in order to obtain the Sanction to our proposals so that no delay may occur in the Local Fund Board taking over charge of the works on the date fixed (1st January). The President accordingly proposes the following Scale of Establishment, for the Salem Circle, for the professional Supervision of the works to be executed by the Local Fund Board –

One –

		Rs
One Engineer on Rs 400 –	400x12 =	4800
Fixed Travelling allowance at Rs: 100 per month ___ }	100x12 =	1200
1 Estimator and Draughtsman	35x12 =	420
3 Lascars on Rs: 7 each per mensem ___ ___	21x12 =	252
Total Rupees —		6672
Stationery & Contingencies	___	150
Total Rs:		6,822 or 6,820

2 Further in consequence of the extra work thrown on the Board, owing to their taking over all works, the present Petty Public works establishment which consists of 3 Overseers on Rs: 75 each per month and 6 Sub-Overseers on Rs: 35 per month, requires revision It will be necessary that each Taluq should have an Overseer instead of the present Sub-Overseers and the following Petty establishment is therefore proposed.

Petty Establishment

3 Overseers at Rs: 75 each including Travelling allowance —	225x12 =	2700
Carried over	___	2700

Brought forward —	—	2700-
3 Overseers at Rs: 60 including Travelling allowance —	180x12 =	2160
6 Maistries at Rs: 25-0 —	150x12 =	1800
6 Lascars at 7 Rs: each —	42x12 =	504
Stationery & Contingencies	___ ___	250
Total Rupees		7414 or 7410

From the above it will be seen that the Supervising establishment will cost Rs: 6820 or Rs: 1320 less than the sum entered in the Budget of 1880-81; for L. P. W Supervision charged at 25 per cent costs Rs: 8140 and the Petty Establishment Rs: 7410 or a little less than that provided in the Budget viz: Rs: 7460 The Local Fund Public Works establishment will therefore cost Rs: 14,230 against a budget provision of Rs: 15600 Shewing a saving of Rs: 1370.

Sir,

Nos. $\frac{985}{C}$, $\frac{1052}{M}$ & 1078 of 4th 13 and 18th Octr 1879 respectively.

In reply to your letters as per margin I have the honor to inform you that the Local Fund Board of this District will be prepared to take over the supervision of all Local Fund works except the road from Mettapollium to Kullar, which under G. O. No. 2483 W. dated 2d October 1879 is to be retained under the D. P. W. The date from which the new order of things is to take effect is, under instructions conveyed in Revenue Boards Proceedings No. 2780 dated 4th October 1879, the 1st January 1880 and intimation will be given to you in due course of the name of the Officer appointed by the Board to receive charge from your Department. It will be quite impossible to comply with Captain Awdry's proposal that charge of the works in the Erode Division should be taken over by the Local Fund Board from the 1st Proximo. The scale of the Establishment has yet to be sanctioned by Government and the staff to be appointed, while as already stated, the new System is to commence from the 1st January 1880 only.

I have &c.

Sd/ W. Wilson
President

Extract from the Proceedings of the L. F. Board Hosoor Circle held at Kristnagherry dated 21st October 1879.

Para. I. (a) Read President's letter No. 32 dated 9th Octr/79 requesting to communicate the Board's opinion on the question of the transfer of the roads from D.P.W. to "Other Agency"

(b) Read also G.O. No 2428. dated 25th September 1879.

(c) Read Superintending Engineer's letter No. 988/C dated 4th October/79 on the subject.

(d) Read also Budget and the Report of the Budget Committee

Resolved.- As all the existing roads and other L. F. works will be handed over by the D.P.W. from 1st January next, the Board resolve to take them over and propose to employ a separate Engineer for their circle

Mr. Lowry the present Executive Engr. offers to take charge of the roads and other L. F. works in the circle for Rs 300 a month. This sum and travelling allowance at Rs 75 a month would amount to Rs 4500 and the petty establishment formerly part of the L. F. Establishment which may be transferred to them under the terms of G.O. No. 2428.W. dated 25th Septr/last, would cost Rs 3360 as under or Rs. 7860 in all.

For Osur Taluq and part of Kristnaghirry Taluq.

1. Overseer on Rs. 60 + 15 travelling allowance	75
1. Maistry " 25 + 15.	40
1. Gomastah - 15 + 3 3/4	18 3/4
1. Lascar on Rs 6.	6
Total Rs.	139 3/4.

For Dharmapuri Taluq and the part of Kristnaghirry Taluq same as above - 139 3/4

Total Rs 279 1/2. per mensem or Rs 3360 per annum.

This proposal involves an additional expenditure of only from Rs 90 per annum as the amount payable next year for P.W. supervision at 25 per cent of the proposed expenditure on roads would amount to Rs 7770. The mileage to be looked after is 480 miles and will give full employment, together with buildings &c. to one Officer. The Board therefore strongly urge the necessity of having a separate

Engineer for this circle. It would be impossible for one Engineer to pay proper attention to the roads of the whole District, having regard to the aggregate mileage, extent to be travelled over and the comparatively limited portion of the year in which repairs can be executed. As for the old System of making the Tahsildars responsible for the roads the Board entirely disapprove of any attempt to return to it. The Tahsildars are not subordinate to the Board and they have moreover ample duties to occupy their whole time.

The Board observe that this is the view expressed in the Budget and in their resolution No. III dt. 4th instant already submitted to Government. The Board were aware that proposals of this kind ought not to be submitted in the Budget, but in a Separate Proceeding, but the exceptional circumstances of the case left them no option as the Budget had to be submitted by a certain date and provision had to be made in it for an emergency on which the Board had not had time to express their views in a separate resolution

1

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the 12 Decr 1879   READ the following

From the Supt. Engr., Fourth Circle (H.E. No 701 of 13 Nov/79)

His Grace the Governor in Council considers it unnecessary for an Assistant Engineer to be stationed on the Nilgiris, which may remain in charge of a Sub Engineer or Supervisor.

2. The proposed Mangalore and Cannanore Subdivisions should be amalgamated into one, with head quarters at

Cannan

Cannanore, and as an Assistant Engineer has already been posted to Salem in place of Mr. Traill, the latter may take charge of the Cannanore sub division.

3. Looking to the trifling expenditure in the Udipi, Uppinangadi & Kásaragód talugs of the Canara District, and the Chirakal - and Walavanád talugs of Malabar, it is considered that two Overseers will be sufficient for the former District and five for the latter, instead of three and six as shown in the Superintending Engineer's statement.

4. In the Coimbatore District it is considered that only two sub divisions are required; the Supg Engineer will report whether the head quarter sub division may be held by the Executive Engineer or whether it should be in charge of a sub division officer.

5. The work in the Salem Division will be greatly reduced by the abandonment of all local fund works and repairs to Civil Buildings; it is therefore considered that the proposed Namakal and Salem sub divisions may be amalgamated, the Supt Engineer will report, as in the case of Coimbatore, whether the subdivision so formed should be in charge of the Executive Engineer or of a separate officer.

Looking

6. Looking to the greater convenience of Hossoor as compared with Tripatore as a residence for an officer, and to the existence of proper office and house accommodation at the former place, it will be made the head quarters of the Hossoor sub division, and as this subdivision will usually be in charge of an Assistant Engineer, there will be no necessity for the transfer to the Executive Engineer Bangalore of the charge of the Remount buildings

which will continue attached to the Salem Division.

7. With the above modifications the Superintending Engineer's proposals are approved.

[illegible] It is observed that he proposes to employ two overseers in Salem and two in Coimbatore on the grouping of irrigation works, a highly desirable object.

8. The ordinary establishment of the Circle will be

3194/49

Divisions	Class	Ex: Engrs	Assistant Engrs	Sub Engrs & Supervisors	Overseers	Sub-divisions
West Coast	1st	1	1	3	9	3
Coimbatore	2nd	1	1	1	11	2
Salem	2nd	1	1	1	11	2.

9. The Superintending Engineers proposals regarding the future execution of work are approved, and in separate orders* it has been decided that the Local Fund Works of the Circle ~~of the Coimbatore and Nilgiri Circles~~ are to be taken over by the Local Fund Boards concerned. ~~with the exception of the ghats [illegible] of the Nilgiri district and the Gudalur and Coonoor ghats,~~

* G.O. No. 3052 W dated 1st Decr/79.

10. The distribution of office establishment as per list A is approved, subject

to such modifications as may hereafter be made in the establishment of Supg. Engineer's Office.

11. The individuals named in list B will be discharged from the 31st instant. List C will be at once printed and circulated to Local Fund Boards and Govt. Departments, with a view to obtaining employment for as many as possible of those included in it, but they must be warned that Govt. do not undertake to retain their services in the P.W. Dept. after the 31st January next.

12. Of the officers set free by the proposed alterations, Mr. Grimes has already been transferred to Madura;

P.5 2194/50

separate orders will be passed regarding Lieut: Col: Kennedy and Captain Bailey.
