GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT. 3029
1

13th December 1879, No. 3,199 W.

General
Establishment.

Read the following paper:—

No. 51. From Major H. M. VIBART, R.E., Officiating Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Tindivanam, 22nd November 1879, No. 6,892.

I HAVE the honor to bring to your notice that in July last the Executive Officer, Buckingham Canal Division, applied to this office for permission to draw sub-divisional allowance under G.O., No. 1,445 W., dated 26th May 1879, for the Supervisors in charge of Nos. 1 and 2 Sub-divisions of the Buckingham Canal. As the conditions of paragraph 19, Section 1, Chapter 1 of the Code were fully met, in the case of the Supervisors holding charge of these sub-divisions, the Executive Officer was permitted to draw the sub-divisional allowances. These allowances were accordingly claimed and audited by the Examiner till August last, when the allowance of Supervisor Conductor Power, who is in charge of No. 1 Sub-division, was disallowed, and the amount previously passed to him since April retrenched by that officer, on the grounds that only one sub-divisional officer is allowed for the Buckingham Canal Division in G.O., No. 3,674 W., of 18th September 1878. I would beg to remark that the canal work cannot be efficiently carried on with but one sub-divisional officer. The canal consists of two sub-divisions, each 125 miles in length, and Conductor Power, whose sub-divisional allowance has been stopped, is, in addition to the charge of one of these sub-divisions, also in charge of the extension work, south of Palur. In my letter No. 5,544, of 23rd September 1879, I have brought to your notice that any establishment less than the scale proposed in Colonel Foord's No. 1,226, dated 9th March 1878, which allows two sub-divisional officers for the canal, would prove inadequate for the canal work, and I trust that, under the circumstances above explained, and considering the great extent and importance of the charge held by Conductor Power, orders may be issued authorising the Examiner to pass the allowances for him with effect from the 1st April 1879.

No. 52. ORDER THEREON, 13th December 1879, No. 3,199 W.

PENDING the issue of final orders in continuation of Proceedings No. 2,592 W., October 14th, 1879, the Examiner will regard the Buckingham Canal as consisting of two sub-divisions, and pass pay and allowances to the officers in charge accordingly.

2. The amount that has been retrenched from Conductor Power should be again disbursed.

DECEMBER.

Nos 51-52.

Buckingham Canal to be considered for
the present as consisting of two sub-
divisions, and the officers in charge of
them to be granted the pay and allowances
accordingly. The amount retrenched
from Conductor Power on this account
to be disbursed to him.

No 6892.

3rd Circle Supg. Eng's Office
Lundinam 22nd Nov 1879.
Dipl. 25th

From

The Supg. Engineer,
3rd Circle

To.

The Chief Engineer
D. P. W.

Sir

I have the honor to bring to your
notice that in July last, the Executive
Officer Buckingham Canal Division
applied to this Office for permission to
draw Sub Divisional allowances under
G. O. No 1445 W. of 26th May 1879 for the
Supervisors in charge of Nos 1 and 2 Sub
Divisions of the Buckingham Canal.
As the conditions of para 19 Section 1
Chapter 1 of the Code were fully met
in the case of the Supervisors holding
charge of these Sub Divisions the Exec.
Officer was permitted to draw the Sub-
Divisional allowances. These allowances
were accordingly claimed and audited
by the Examiner till August last, when
the allowance of Supervisor Conductor
Power, who is in charge of No 1 Sub Di-
vision was disallowed and the amount previ-
ously passed to him since April was
trouched by that Officer on the grounds
that

that only one Sub D^e Officer is allowed
for the Buckingham Canal Division in
G.O. No 3674 of 18 Sept 78. I would
beg to remark that the Canal work
cannot be efficiently carried on
with but one Sub D^e Officer. The
Canal consists of two Sub Divisions
each 125 miles in length and Conductor
Power whose Sub Divisional allowances
has been stopped is, in addition to the
charge of one of these Sub Divisions,
also in charge of the Contusion work
South of Palaw. In my letter No 5544
of 23^d September 1879, I have brought
to your notice that any establishment
less than the scale proposed in Colonel
Foord's No 1226 of 9 March 1878, which
allows two Sub Divisional Officers for the
Canal, would prove inadequate for the
Canal work and I trust that under
the circumstances above explained and
considering the great extent and im-
portance of the charge held by
Conductor Power, orders may be issued
authorising the Examiner to pass the allowances
for him with effect from the 1st April 1879.

I have the honor to be

your most obedient servant

Alfred West Major R.E.,
Offg. Supg. Engineer, 3rd Div.
