From The Superintendent Engineer
Joseph Ballou
To, The Chief Engineer
Public Works Department
Nassau

Sir, With reference to L. O. No 24,201 dated the 25th September 1899. I have the honour to report that I proposed to the President of the Local Fund Board of the Millers Circle that the P. Works Department should in future perform a good deal of the work to be executed from Local Funds.

2. The Local Fund Board have decided on undertaking the whole of their work themselves; and the President presented on the 29 ultimo a detailed scheme for establishment &c. to the General Board.

3. As the decision rests with the Local Board, I am preparing to hand over the work to them.

I have the honour to be,
Sir,
your most obedient servant,
