Sir,

As decided in Board's Proceedings
dated 4th October 1879 No 2780, I have
the honor to report on the arrangements
made for the supervision of Local
Fund Works by these Boards from 1st
January next.

2. The Superintending Engineer

(copy of whose letter is enclosed) has given
his opinion that all Local Fund Works
should be handed over to the Boards and
I agree with him, as if any portions
of the work were retained, they would
probably be those upon which there
is the greatest expenditure and the
cost of D.P.W. supervision for those
works would very materially lessen
