No. 4. ORDER THEREON, 1st December 1879, No. 3,051 W.

RECORDED with reference to Proceedings No. 2,867 W., dated 13th November 1879.

2. The Government notice with satisfaction the sensible diminution in the number of items outstanding in the list for the half-year ending 30th September 1879, as compared with those submitted for previous half-years.

3. It is, however, observed that in G.O., No. 1,884 W., dated 17th July 1879, the Superintending Engineer, Third Circle, was requested to arrange for the early adjustment of the items still outstanding against the Presidency and Chingleput Divisions. He will at once explain the cause of delay in their adjustment.

4. The Government expect that the whole of the items detailed in the list now submitted by the General Superintendent shall be removed by the 31st December 1879. The necessary steps in the matter will be taken by the officers and subordinates concerned.

5. The items outstanding against Colonel Thomason will be adjusted on receipt of the sanction of the Government of India to the additional allotment applied for in connection with his deputation on special duty to this Presidency.

6. The General Superintendent will take immediate steps for the settlement of the items due by private parties. With reference to the remarks against the item due by Parry and Co., it is observed that if the repairs were ordered by that firm, the responsibility for the payment rests with it.
