PROCEEDINGS OF THE BOARD OF REVENUE, dated 15th November 1879.

Read the following letter from J. B. PENNINGTON, Esq., President of the Local Fund Boards, Tinnevelly, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 30th October 1879, No. 135:—

I HAVE the honor to forward herewith, for the early sanction of the Board and Government, an estimate of Rs. 6,470 for constructing the road from Ottaipidaram to the Railway Station at Tattaparai. The present estimate is in revision of that for Rs. 8,960 sanctioned in G.O., No. 932, dated 27th May 1878.

2. On subsequent inspection it was brought to the notice of the Local Fund Board of the Tinnevelly Circle that the formation of the road should be confined only to that portion passing through black cotton soil, the rest which forms the old line running over hard soil being good enough for all requirements. The Local Fund Board accordingly suggested a modification of the original estimate.

3. The Superintending Engineer, who approves of the views of the Local Board, has been requested to arrange for the execution of the work in accordance with the fresh estimate, so as to complete it before the close of the current official year, the necessary allotment having been provided in the current year's budget. The difference between the original and the revised estimate, viz., Rs. 2,490, will be utilized on other emergent works in communication with the Superintending Engineer, for which the required sanction, if necessary, will be sought in due course.

4. The Resolution of the Local Fund Board passing the estimate will be submitted as soon after the next meeting as possible.

ENCLOSURE N . 1.—Estimate.

THE revised estimate, amounting to Rs. 6,470, for constructing the road from Ottaipidaram to the Railway Station at Tattaparai will be submitted for the sanction of Government.

2. The original estimate, amounting to Rs. 8,960, was sanctioned in G.O., Financial Department, dated 27th May 1[illegible]8, No. 932. The necessity for the modification arises from the fact that the Local Fund Board now consider it sufficient to form a road only in those portions of the line originally proposed which passes through black cotton soil, there being in the remaining portions an old road on hard soil sufficiently good for all requirements.

3. The work appears as Item No. 1 in Part I of the current year's budget of the Tinnevelly Circle.
