GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

15th December 1879, No. 3,218 W.

General.
Establishment.

Read the following paper :—

No. 63. From the Superintending Engineer, Second Circle, dated 8th December 1879, No. 3,731.

No. 64. ORDER THEREON, 15th December 1879, No. 3,218 W.

WITH the above letter the Superintending Engineer, Second Circle, submits his proposals for the future permanent organization of the divisions included in his circle.

2. It has been determined that the Cuddapah Division shall be retained, and the present Ongole Division amalgamated with Nellore, Guntúr being abandoned entirely, so far as the operations of this department are concerned.

3. It is observed that the Superintending Engineer proposes to divide the Kurnool and Nellore Divisions into three sub-divisions, and the remainder into two each, and in all cases to place the head-quarter sub-division under the immediate charge of the Executive Engineer.

4. The proposed division is approved, but it will probably be found desirable to place a subordinate in immediate charge of the head-quarter sub-division, so as to relieve the Executive Engineer as far as possible of direct charge.

5. It will therefore be necessary to make provision for twelve Sub-divisional Office Establishments, instead of seven, as proposed by the Superintending Engineer.

6. It is also considered desirable to retain, for the present, the services of the Overseers' Writers. With the above modifications the Superintending Engineer's proposed scale of Office Establishments is approved, subject to such alteration as may hereafter be determined on in connection with his own office.

7. It is observed that the men named in List No. II (b of paragraph 7, G.O. No. 2,482 W., of 2nd October 1879,) have already been discharged; List No. III (c of the above quoted Government Order) is not a nominal one. A nominal list, with the alteration noted in paragraphs 5 and 6, should be submitted, with a view to its being printed and circulated to Local Fund Boards and Departments of Government, but the men named therein should be informed that Government do not guarantee their employment after the 31st January next.

8. The nominal establishment of the Second Circle will in future consist of—

—	Executive Engineers.	Assistant Engineers.	Sub-Engineers and Supervisors.	Overseers.	Sub-Divisions.
Nellore Division	1	1	3	9	3
Cuddapah do.	1	1	2	8	2
Kurnool do.	1	1	2	7	3
Bellary do.	1	1	2	8	2
Anantapur do.	1	1	1	4	2
Total ...	5	5	10	36	12

and endeavours will be made to adjust the strength to the above scale as soon as possible.

9. It is not probable that Mr. Ottmann will return to the Second Circle at present, but Supervisor Meer Shumshuddeen Saib will remain available for duty, as he is not one of the subordinates selected for compulsory retirement, and it is not the present intention of Government to accept any more voluntary resignations of subordinates.

The Chief Engineer 3
P. W. D.
Madras.

Sir,

With reference to G.O. No: 1482 W. dated the 2nd October 1879 and your Memo No. 3334 of the 4th Ultimo, I have the honor to submit three lists shewing the members of the Office establishment to be

a permanently retained,
b warned for immediate discharge,
c warned for discharge at the pleasure of the Government.

Enclosures.
5. Lists.

2. I have assumed that the Cuddapah Division is to be retained: the former Guntoor Division of the Kistna District to be abandoned: and the former Ongole Division to be amalgamated with the Nellore Division. I also make an Ongole Sub Division of the Nellore Division. If so, I consider absolutely necessary, that there should be three Ongole Sub Divisions, as well

as the Gudur Sub Division; for the Vellore Divisional Officer cannot take the five regular taluqs as an addition to his own immediate charge; and I trust that Regole may be made a recognized Sub Division.

3. In List I I have arranged the Office establishment as they will stand in future. The cost is shewn in comparison with the scale fixed by G.O. No: 3674 W. dated the 18th September 1878. The total for Clerks shews an excess of Rs 5: on Draftsmen, there is a saving of Rs 10; and on Sub Divisional Clerks there is an excess of 9½ Rs: so that I have to ask for sanction for a small excess of Rs 4½ on the whole.

List No II gives the Office designation and names of 6 men to whom warning of discharge was given, to have effect from the 8th and 13th November; and these men have accordingly been discharged from those dates.

List No III is revised for the strength of five Divisions only (but with 2 Sub Divisions for the Vellore District) and gives the number and designation of the Office

hands who have been warned for discharge at the pleasure of the Government. 7 X 5

4. I also submit List No IV a nominal roll of the Upper Subordinate establishment; and List No V a distribution return of the Upper Subordinates as they will stand on the 1st January 1880. 4

I am not aware whether Sub Engineer Mr Ottemann will return to the Circle, from the Buckingham Canal; and I am expecting to hear that the resignation of Supervisor Meer Shumshuddeen Sahib has been accepted. Should the Sub Engineer and Supervisor both be available for duty in future, my number, viz 10, of Sub Engineers and Supervisors together, will be correct. I can muster only 36 Overseers against 41, the number allotted as the strength of establishment for the Circle. If Veeran Padmanaba Naidoo does not return to duty, I shall require 5 Overseers to be given me.

The effective strength of the Subordinate establishment will be a good deal reduced in next month: by the transfer of Sub Overseers to the Local Fund Boards; and I shall thus be glad to have fresh Overseers as

soon as possible after the end of this month.

I have the honour to be

From The Superintending Engineer

To The Chief Engineer P.W.D.
Madras.

Sir with reference to para. 2. of G.O. No. 2402 W of the 22nd inst. I have the honour to report, that I propose to make Gupta the Head Quarters of the Guntoor-Gupta Division - The boundary of the Gupta taluq, is also that of two of the Guntoor taluqs; and Gupta is far more conveniently situated than Guntoor -

2. I have no Officer that I can transfer to this Division as I am loosing three, of the four executive out of my Circle: -

At present Sambiah Chetty is in charge of the Guntoor Division; he is a 2nd Grade Sub. Engineer - My proper Executive Officer in Gupta is Mr. Ottomann a 1st Grade Sub Engineer; but he is temporarily in charge of the Buckingham Canal - Hence if I read literally, para. 2: Sub Engineer Sambiah Chetty should be placed in charge of the Amalgamated Division -

But, I would rather not have this arrangement as I have just now Mr. Lackey the senior of the 1st grade Supervisors, in charge of the Gupta Division, and another 1st grade Supervisor, Conductor Later in the Kavali Sub Division -

In demi-official correspondence, the Super. Engineer of the 1st Circle, offers me a Native Supervisor and one Overseer (not the Sub Engineer) Col Chrystie tells me there is only one other Overseer in the Division, and this Overseer is recommended for discharge

3218
17

3. Hence I would recommend that I may be allowed to put my Ongole Supervisor in charge of the new Division, & to take over the Supervisor (who from the Departmental list I presume is Meer Shums Shuddeen Sahib, of the 2nd grade,) also one Overseer, and a share of the lower Subordinate & petty establishments from Guntoor.

4. I would then as proposed in para. 3 of my letter No 2406 dated the 12th ult, have a Guntoor Sub-division, with a portion (tho' very small in strength) of the present Executive Staff to begin with Col. Chrystie considers that I ought to take over a part of the Guntoor Office establishment; so that they may not be thrown out. This seems only fair; and I can take one Clerk in the Ongole Division Office, and another in my own office

5. As however the transfer of works to other Agency is not to be immediate, and Irrigation works are to be kept by the P. W. Dept in the eliminated taluqs it appears to me necessary that I should either keep on for a time the Overseer who is to be dismissed from under Guntoor, or else provide at least one other Overseer - Two Overseers are a very short allowance to carry on the works of the Guntoor Division -

Para 8 of G.O. 2401.

6. If I could run by Railway into the 1st Circle I would be able to settle every thing connected with Guntoor in one day; but with several days post each way: I fear my visit for the Circle must take some time to complete, for I have no Local Fund Budget list, or knowledge of the number and importance of the works in hand -

The first point upon which I desire is that of the Executive Officer, and I shall be much obliged, if you will let me know by telegraph whether my proposal in para. 3. above, is approved -

I have the honor to be, Sir,
Your Most Obedt Servant

From Bellary 28th Octr. 1879.

To The Chief Engineer
P. W. D.

Sir, Madras

Encls. 6. Ests. — With reference to G.O. No. 2402 dated the 2nd Instant, I have the honour to submit three lists shewing the members of the Office Establishment to be re-permanently returned
to be warned for immediate discharge
to be warned for discharge at the pleasure of the Government.—

2. In list 1. I have arranged the Office Establishment, as they will stand on the 1st November, from which date I take over the Guntoor Division. The rest is shown in comparison with the posts fixed by G.O. No. 3674 P. W. Dated 15th September 1870. The total for posts on my own and the Division Officers, gives a saving of Rs. 107 on the

Draftsmen there is a saving of Rs 5.—
an excess of Rs 9½ on the Clerks of Sub Divisional
al Offices, is therefore covered; leaving a
small balance of 3½ Rs within the total of the
sanctioned scale.— List No II gives the
Office designation and name of men, to
whom warning of discharge has been given,
to have effect from the 1st and 15th Novr.
according to the dates on which one months
warning was received by them. List No III
gives the number and designation of the
Office hands, who remain supernumerary
to the permanent establishment.—

3. At the time of the Reorganization in
1870, there were several members of the Office
establishment who were acting, in full or supern
cies: that is, acting in appointments of which
there were no permanent incumbents—
The District Engineers had appointed them
men to act, when they were at liberty to have
made the appointments absolute; no fresh
appointments have been made in the last
year; and thus the men are considered to be
still acting—

I have entered the names of these acting
incumbents in List No II; and supernumer

that the Government will allow them to be
considered as permanent; so far as to put
them on an equality with the other Office
Servants.

The List No IV is divided into 3 parts, the
6 men in the first part, have places
found for them in List No I of those to be
permanently retained. The 7 men in the
second part, this come in List No III, of those
to be retained at present, but subject to dis-
charge at the pleasure of the Government—

4. In the first part, the 5th name is
A. M. Soondra Pradhan, who has been
Sub divisional Clerk in the Madhanapalle
Division— The Executive Engineer specially
asked that this Clerk might be considered as
on the permanent establishment, on
account of his efficiency— I made a recom-
mendation to this effect, in my Letter No 2376
of the 28th August; and the answer was
given in G.O. No 2385 R. dated the 18th Septr
that the confirmation of Soondra Pradhan would
be deferred for the present, another repre-
tation was made by the Executive Engineer
in the Bellary Division, in favour of
Clerk M. Ramanjulu Naidoo— Orders have

not been passed on my endorsement
No 1233 dated the 19th June 1879. This Clerk
has not passed the Unavenanted Service
examination, and he is entered, as the Clerk
on R30 in List No III for Discharge at the
pleasure of the Government.

There are also entries in the 2d part of List
No IV, of three Sub-Overseers on the Executive
staff, who were appointed to act in the Lower
subordinate establishment, before October 1870.
and when there was a full vacancy, in
each case.—

5. I submit further, List No V, a nomi-
nal role of the Upper subordinate Establish-
ment, and List VI a distribution returns of
Upper subordinates, as they stand in the 2d
Circle from the 7th November. I have
omitted the 5 Overseers, who have been called
upon to retire in their applications to retire,
these are the first 5 of those named in
your Memo No 3020 of 25th September 1879.
The other three have been warned, but
their applications are withheld according to
your instructions in Memo No 3079 of the
2nd Instant. The letter W is set against
their names in List No V and VI.

The names entered in pencil belong to those
who have signified their wish to retire
under the terms of the Resolution of the
Government of India. One Overseer C Ram
nugasa Mudaliar of the 1st Grade, has been
applied to retire, and he is also one of those
named, but whose application is to be with-
held. One other name in red ink is that
of Sub Engineer Ottamuan who is absent
from the 2nd Circle, in charge the Backing-
hamcanal, and I have distinguished his
name in this way, as I do not know if I
am to reckon on him as one of the Executive
staff of the Circle in future.—

6. I am receiving a Supervisor and 2
Overseers from the 1st Circle, with the Gom
toor Division, but I have now heard
that the Supervisor Veer Swamy Mudden
Sahib has applied to retire; and only the
Overseer C Krishnaiah Pantulu of the 2nd Gra
has been called upon to retire, in the 1st
Circle. The names of these two men are
entered in pencil, but as the Guntoor Sub
Division is so short handed, I have arrang
that Overseer Krishnaiah Pantulu shall stand
just put for the present.

7 At foot of the Nominal Roll, List V: the abstract shews, that including Sub Engineer Ottmann, I have now 11, Sub-Engineers and Supervisors; but that excluding Mr. Ottmann, and Supervisor Meer Shum Shuddeen Sahib, I shall be left with only 9. The strength allowed me in para 11 of G.O. No: 2482, is 10; I shall therefor require one more Sub-Engineer or Supervisor.—

My apparent number of Overseers is 41; which is the same as that allowed me, in para 11. of G.O. No: 2482; but 4 Overseers are desirous of retiring, and another has been warned to retire; so that I shall have only 36 left; or 5 less than my proposed strength. Overseers may perhaps be available for transfer from other Circles, and it will be better for me to keep on, just at present, those who have been called upon to retire, rather than to let them go, and then become so reduced, as perhaps to find that some temporary appointments would be necessary.

8. Lieut.t Colonel Hunter proposes to give over charge of the Madanapalle

Division about the 8th November. The amalgamation of this Division with Cuddapah will therefore be effected then.— I would have established the Cuddapah Division, of the 2d Class, from the 1st November; but it would have been inconvenient to arrange; as Lieut.t Colonel Hunter is the senior Officer in the District; and Assist.t Engineer Mr. Johnston will have charge of the Cuddapah amalgamated Division, with Supervisor Rajagopalachariar in charge of the Madanapalle Sub Division. The accounts for October will be rendered in the new Cuddapah Division.

I have the honour to be

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the 15th December 1879.

READ the following

From

The Supg Engineer Second Circle (No. 3731 dt 8 Decr 1879)

With the above letter the Superintending Engineer Second Circle submits his proposals for the future permanent organization of the Divisions included in his Circle.

2. It has been determined that the Cuddapah Division should be retained, and the present Ongole Division amalgamated with Nellore, Guntur being abandoned

entirely, so far as the operations of this Dept.ᵗ are concerned.

3. It is observed that the Superintending Engineer proposes to divide the Kurnool and Nellore Divisions into three sub-divisions, and the remainder into two each, and in all cases to place the head quarter sub-division under the immediate charge of the Executive Engineer.

4. The proposed Division is approved, but it will probably be found desirable to place a subordinate in immediate charge of the head quarter sub-division,

so as to relieve the Executive Engineer as far as possible of direct charge.

5. It will therefore be necessary to make provision for twelve sub-divisional office Establishments, — instead of seven as proposed by the Superintending Engineer.

6. It is also considered desirable to retain for the present the services of the Overseers' writers With the above modifications the Superintending Engineer's proposed scale of office Establishments

is approved subject to such alteration as may hereafter be determined on in connection with his own office.

7. It is observed that the men named in list No II (b of para 7 — G.O. No 2482 W of 2nd October 1879) have already been discharged; list No III (c of the above quoted G.O.) is not a nominal one. A nominal list, with the alteration noted in paras 5 and 6 should be submitted with a view to its being printed and circulated

3 to Local Fund Boards and Departments of Government, but the men named therein should be informed that Government do not guarantee their employment after the 31st January next.

8. The nominal Establishment of the Second Circle will in future consist of

	Exc: Engr	Asst Engr	Sub Engrs & Supervisors	Overseers	Sub Divisions
Nellore Division	1	1	3	9	3
Cuddapah do	1	1	2	8	2
Kurnool do	1	1	2	7	3
Bellary do	1	1	2	8	2
Anantapur do	1	1	1	4	2
Total	5	5	10	36	12

and endeavours will be made to bring the strength up to the above scale as soon as possible.

9

9. It is not probable that Mr. Ottmann will return to the Second Circle at present, but Supervisor Meer Shumshuddeen Saib will remain available for duty, as he is not one of the subordinates selected for compulsory retirement, and it is not the present intention of Govt to accept any more voluntary resignations of subordinates.
