PROCEEDINGS OF THE BOARD OF REVENUE, dated 22nd November 1879.

Read the following:—

Budget Estimates of Receipts and Expenditure of Canal and Ferry Fund for 1880-81 from the Collector of Godavari, dated 3rd October 1879.

Letter from the Collector of the Kistna District, dated 1st October 1879, No. 2,193, submitting the Canal and Ferry Fund Budget for 1880-81.

Budget Estimates of Receipts and Expenditure of Canal and Ferry Fund for 1880-81 from the Collector of Tanjore, dated 22nd August 1879.

Letter from the Collector of South Canara, dated 21st October 1879, No. 1,848, submitting the Canal and Ferry Fund Budget for 1880-81.

Letter from the Collector of Malabar, dated 31st October 1879, No. 2,268, submitting the Canal and Ferry Fund Budget for 1880-81.

THE Board submit, for the approval of Government, the budget estimate of receipts and charges of the Canal and Ferry Fund for 1880-81. The Buckingham Canal Fund budget, which was hitherto submitted by the Board, has been ordered in G.O., Revenue Department, dated 28th August 1879, No. 1,777, to be prepared in the Public Works Department.

2. The Canal and Ferry Act was extended to the ferries in the South Canara and Malabar Districts in the beginning of the current year.

3. REGULAR ESTIMATE, 1879-80.—The following statement is an abstract of the regular estimate of the Canal and Ferry Fund according to the figures furnished by the Collectors concerned:—

Districts.	Balance at the beginning of 1879-80.	Receipts during the year.	Total including Balance.	Expenditure.	Balance at the end of 1879-80.
	RS.	RS.	RS.	RS.	RS.
1. Godavari	1,32,200	26,770	1,58,970	10,700	1,48,270
2. Kistna	17,875	4,000	21,875	18,200	3,675
3. Tanjore	27,932	6,806	34,738	6,387	28,351
4. South Canara	...	16,390	16,390	16,390	...
5. Malabar	...	54,000	54,000	54,000	...
Total ...	1,78,007	1,07,966	2,85,973	1,05,677	1,80,296

4. The Collector of Godavari has not given the opening balance of the current year, but, with reference to the closing balance entered by him, viz., Rs. 1,48,270, it would seem to have been taken at Rs. 1,32,200. This figure differs from the closing balance of 1878-79, viz., 1,25,536, shown in the Collector's report for that year, and he is requested to explain the discrepancy. In all cases, however, in lieu of the opening balances above shown, the Board will adopt the closing balances of 1878-79 entered in the Collector's reports for the year as revised in this office after adjusting the differences between the Collectors' and Accountant-General's figures for 1877-78.

5. The receipts according to the regular estimate are Rs. 600 more and Rs. 400 less than the sanctioned estimate in Tanjore and Godavari. These variations are estimated with reference to actual collections during the past months.

6. The increase in the estimated expenditure of the Godavari District, as entered in the above statement, over the budget estimate of Rs. 7,600, is due to the

inclusion of the allotment of Rs. 3,460 sanctioned in G.O., Revenue Department, dated 6th October 1879, No. 2,026, for the Kovur-Munjair Junction Canal. A sum of Rs. 15,000 will be entered in the regular estimate for the purchase of a steamer for the Rajahmundry ferry in lieu of the same amount provided in the budget of the ensuing year. Rs. 18,000 entered in the regular estimate of the Kistna District for a similar steamer and for its working charges will also be reduced to Rs. 15,000, and the amount required for working charges will be allotted when required. The increase of Rs. 5,941 of the regular over the budget estimate of expenditure in Tanjore is not explained. It is probably due to the inclusion of the amount required for the Adappaur straight cut in the Vedarniem Canal; the correct amount of allotment for which is however Rs. 6,376. The amount of Rs. 11,347 sanctioned in Board's Proceedings, dated 24th October 1879, No. 3,010, for the road from Ponnani to Kallimodu will also be included under the estimated expenditure of the district, which will then be Rs. 18,170. The estimated expenditure in South Canara is made up of Rs. 1,630 for the construction and repair of boats, platforms and sheds, and Rs. 14,760 being contribution to Local Funds. The Collector of Malabar estimates the receipts for the current year at Rs. 54,000 and the working charges at Rs. 1,480; the remainder, viz., Rs. 52,520, will be contributed to Local Funds. The amounts entered in the regular estimates of the Calicut and Tellicherry Local Fund Circles aggregate Rs. 62,780. This is probably due to the inclusion in the latter amount of the receipts from the Irrity ferry which does not appear to have been brought under the operation of the Canal and Ferry Act. The Collector will report whether the Act should not be extended to this ferry. Powers under Section 13 were delegated to him for the express purpose of meeting cases of this kind.

Vide Board's Procs., 4th Oct. 1879, No. 2,792.

7. An abstract of the estimate as revised by the Board is given below:—

Districts.	Balance at the beginning of the year.	Receipts during the year.	Total including Balance.	Expenditure.	Balance.
	RS.	RS.	RS.	RS.	RS.
Godavari	1,19,890	26,770	1,46,660	25,660	1,21,000

Total ...	1,65,990	1,07,970	2,73,960	1,29,420	1,44,540

* Includes Rs. 14,760 to be transferred to Local Funds.
† Do. „ 52,520 do. to do.

8. The closing balances in the above statement will be carried forward to the budget of 1880-81.

9. BUDGET ESTIMATE, 1880-81.—The receipts and charges as estimated by the Collectors concerned are as follow:—

Districts.	Receipts.	Charges.
	RS.	RS.
Godavari	25,070	29,300
Kistna	4,000	4,850
Tanjore	6,500	2,280
South Canara	15,290	15,290
Malabar	51,000	51,000
Total...	1,01,860	1,02,220

10. The receipts in Godavari show a decrease of Rs. 1,700 as compared with the regular estimate of the current year and are stated to be estimated with reference to the demand for Fasli 1289. The explanation is not intelligible, as the greater part of the demand for Fasli 1289 is included in the regular estimate. The Collector will explain more fully the grounds on which a reduction in the receipts is expected. The decrease of Rs. 1,100 in South Canara is explained by the Collector as follows:—The ferry farms in the district were hitherto sold for triennial periods corresponding with fasli years, and, though the current lease will expire with June 1880, the whole of the rent will be collected by the end of the current year; as the ferries will hereafter be sold for periods corresponding with official years, the collections of only nine months will be credited in the accounts of 1880-81 instead of those for twelve months. This would, however, account for a much larger decrease than that estimated. The Collector will report on the point further. The Collector of Malabar explains that the decrease in the estimate for the ensuing year is expected with reference to the actual amounts for which the ferry farms have been sold for the current year, but the Board think that this must equally affect the regular estimate. The Collector will report whether the sales alluded to have reference to the current or ensuing year.

11. There are no variations under receipts in the other districts calling for remark.

12. The Collector of Godavari enters only Rs. 10,000 for the construction of the Junction Canal. In G.O., Public Works Department, dated 11th March 1878, No. 1,238-W, the Canal and Ferry Fund share of the cost of the work was fixed at Rs. 67,330 and the Local Fund contribution at Rs. 30,000, making a total of Rs. 97,330, to be met from Local and Special Funds. But in his letter, recorded in G.O., Public Works Department, dated 3rd June 1878, No. 2,372-W, the District Engineer showed that the sum chargeable to the above funds was Rs. 98,650, thus adding Rs. 1,320 to the amount fixed in the former Government Order. The latter sum may be provided from the Canal and Ferry Fund balance, which would raise the total expenditure to be met from this fund including the charge for supervision and tools and plant to Rs. 91,300 as shown in the margin. Rs. 3,460 having been entered in the regular estimate, the remaining portion, viz., Rs. 87,840, will be provided in the budget of the ensuing year. The total charges of the district will then be Rs. 92,140.

	RS.
Works	68,650
Establishment	17,160
Tools and Plant	5,490
Total ...	91,300

13. The Collector of Kistna has included under expenditure provision for the construction of boats for the Iylur ferry, as well as an allotment of Rs. 200 for establishment. As Act I of 1870 does not appear to have been extended to this ferry, the allotments cannot be utilized until the necessary notification to that effect is issued under Section 2 of the Act. The Collector should report on this point and submit a draft notification. The total expenditure in the district is Rs. 4,350.

14. The Collector of Tanjore enters Rs. 1,500 in the budget of 1880-81 for making a canal cut in the bend of Adappaur. As the allotment sanctioned in Board's Proceedings, dated 4th October 1879, No. 2,792, completes the amount of the estimate for the work, the entry above mentioned will be struck out. The total expenditure will then be Rs. 780.

15. The proposed expenditure of Rs. 1,160 for ferry establishments, boats, sheds, and platforms out of the estimated receipts of Rs. 15,290 of the year, leaves a balance of Rs. 14,130 against Rs. 14,760 at the end of the preceding year. As the two amounts last mentioned are proposed to be transferred to Local Funds, the sanction of Government is requested for the transfer.

16. The estimated expenditure in Malabar is Rs. 1,500 for establishment and contingencies out of the estimated receipts of the year of Rs. 51,000. The sanction of Government is requested for the transfer to Local Funds of the balance of Rs. 49,500, and of the sum of Rs. 52,520 mentioned in paragraph 6 above as available for transfer to Local Funds.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 22nd November 1879.

Read the following:—

Budget Estimates of Receipts and Expenditure of Canal and Ferry Fund for 1880-81 from the Collector of Godavari, dated 3rd October 1879.

Letter from the Collector of the Kistna District, dated 1st October 1879, No. 2,193, submitting the Canal and Ferry Fund Budget for 1880-81.

Budget Estimates of Receipts and Expenditure of Canal and Ferry Fund for 1880-81 from the Collector of Tanjore, dated 22nd August 1879.

Letter from the Collector of South Canara, dated 21st October 1879, No. 1,848, submitting the Canal and Ferry Fund Budget for 1880-81.

Letter from the Collector of Malabar, dated 31st October 1879, No. 2,268, submitting the Canal and Ferry Fund Budget for 1880-81.

THE Board submit, for the approval of Government, the budget estimate of receipts and charges of the Canal and Ferry Fund for 1880-81. The Buckingham Canal Fund budget, which was hitherto submitted by the Board, has been ordered in G.O., Revenue Department, dated 28th August 1879, No. 1,777, to be prepared in the Public Works Department.

2. The Canal and Ferry Act was extended to the ferries in the South Canara and Malabar Districts in the beginning of the current year.

3. REGULAR ESTIMATE, 1879-80.—The following statement is an abstract of the regular estimate of the Canal and Ferry Fund according to the figures furnished by the Collectors concerned:—

Districts.	Balance at the beginning of 1879-80.	Receipts during the year.	Total including Balance.	Expenditure.	Balance at the end of 1879-80.
	RS.	RS.	RS.	RS.	RS.
1. Godavari	1,32,200	26,770	1,58,970	10,700	1,48,270
2. Kistna	17,875	4,000	21,875	18,200	3,675
3. Tanjore	27,932	6,806	34,738	6,387	28,351
4. South Canara	...	16,390	16,390	16,390	...
5. Malabar	...	54,000	54,000	54,000	...
Total ...	1,78,007	1,07,966	2,85,973	1,05,677	1,80,296

4. The Collector of Godavari has not given the opening balance of the current year, but, with reference to the closing balance entered by him, viz., Rs. 1,48,270, it would seem to have been taken at Rs. 1,32,200. This figure differs from the closing balance of 1878-79, viz., 1,25,536, shown in the Collector's report for that year, and he is requested to explain the discrepancy. In all cases, however, in lieu of the opening balances above shown, the Board will adopt the closing balances of 1878-79 entered in the Collector's reports for the year as revised in this office after adjusting the differences between the Collectors' and Accountant-General's figures for 1877-78.

5. The receipts according to the regular estimate are Rs. 600 more and Rs. 400 less than the sanctioned estimate in Tanjore and Godavari. These variations are estimated with reference to actual collections during the past months.

6. The increase in the estimated expenditure of the Godavari District, as entered in the above statement, over the budget estimate of Rs. 7,600, is due to the

inclusion of the allotment of Rs. 3,460 sanctioned in G.O., Revenue Department, dated 6th October 1879, No. 2,026, for the Korur-Munjair Junction Canal. A sum of Rs. 15,000 will be entered in the regular estimate for the purchase of a steamer for the Rajahmundry ferry in lieu of the same amount provided in the budget of the ensuing year. Rs. 18,000 entered in the regular estimate of the Kistna District for a similar steamer and for its working charges will also be reduced to Rs. 15,000, and the amount required for working charges will be allotted when required. The increase of Rs. 5,941 of the regular over the budget estimate of expenditure in Tanjore is not explained. It is probably due to the inclusion of the amount required for the Adappaur straight cut in the Vedarniem Canal; the correct amount of allotment for which is however Rs. 6,376. The amount of Rs. 11,347 sanctioned in Board's Proceedings, dated 24th October 1879, No. 3,010, for the road from Ponnani to Kallimodu will also be included under the estimated expenditure of the district, which will then be Rs. 18,170. The estimated expenditure in South Canara is made up of Rs. 1,630 for the construction and repair of boats, platforms and sheds, and Rs. 14,760 being contribution to Local Funds. The Collector of Malabar estimates the receipts for the current year at Rs. 54,000 and the working charges at Rs. 1,480; the remainder, viz., Rs. 52,520, will be contributed to Local Funds. The amounts entered in the regular estimates of the Calicut and Tellicherry Local Fund Circles aggregate Rs. 62,780. This is probably due to the inclusion in the latter amount of the receipts from the Irrity ferry which does not appear to have been brought under the operation of the Canal and Ferry Act. The Collector will report whether the Act should not be extended to this ferry. Powers under Section 13 were delegated to him for the express purpose of meeting cases of this kind.

Vide Board's Proce., 4th Oct. 1879, No. 2,792.

10. The receipts in Godavari show a decrease of Rs. 1,700 as compared with the regular estimate of the current year and are stated to be estimated with reference to the demand for Fasli 1289. The explanation is not intelligible, as the greater part of the demand for Fasli 1289 is included in the regular estimate. The Collector will explain more fully the grounds on which a reduction in the receipts is expected. The decrease of Rs. 1,100 in South Canara is explained by the Collector as follows :—The ferry farms in the district were hitherto sold for triennial periods corresponding with fasli years, and, though the current lease will expire with June 1880, the whole of the rent will be collected by the end of the current year; as the ferries will hereafter be sold for periods corresponding with official years, the collections of only nine months will be credited in the accounts of 1880-81 instead of those for twelve months. This would, however, account for a much larger decrease than that estimated. The Collector will report on the point further. The Collector of Malabar explains that the decrease in the estimate for the ensuing year is expected with reference to the actual amounts for which the ferry farms have been sold for the current year, but the Board think that this must equally affect the regular estimate. The Collector will report whether the sales alluded to have reference to the current or ensuing year.

11. There are no variations under receipts in the other districts calling for remark.

12. The Collector of Godavari enters only Rs. 10,000 for the construction of the Junction Canal. In G.O., Public Works Department, dated 11th March 1878, No. 1,238-W, the Canal and Ferry Fund share of the cost of the work was fixed at Rs. 67,330 and the Local Fund contribution at Rs. 30,000, making a total of Rs. 97,330, to be met from Local and Special Funds. But in his letter, recorded in G.O., Public Works Department, dated 3rd June 1878, No. 2,372-W, the District Engineer showed that the sum chargeable to the above funds was Rs. 98,650, thus adding Rs. 1,320 to the amount fixed in the former Government Order. The latter sum may be provided from the Canal and Ferry Fund balance, which would raise the total expenditure to be met from this fund including the charge for supervision and tools and plant to Rs. 91,300 as shown in the margin. Rs. 3,460 having been entered in the regular estimate, the remaining portion, viz., Rs. 87,840, will be provided in the budget of the ensuing year. The total charges of the district will then be Rs. 92,140.

	RS.
Works	68,650
Establishment	17,160
Tools and Plant	5,490
Total ...	91,300

13. The Collector of Kistna has included under expenditure provision for the construction of boats for the Iylur ferry, as well as an allotment of Rs. 200 for establishment. As Act I of 1870 does not appear to have been extended to this ferry, the allotments cannot be utilized until the necessary notification to that effect is issued under Section 2 of the Act. The Collector should report on this point and submit a draft notification. The total expenditure in the district is Rs. 4,350.

14. The Collector of Tanjore enters Rs. 1,500 in the budget of 1880-81 for making a canal cut in the bend of Adappaur. As the allotment sanctioned in Board's Proceedings, dated 4th October 1879, No. 2,792, completes the amount of the estimate for the work, the entry above mentioned will be struck out. The total expenditure will then be Rs. 780.

15. The proposed expenditure of Rs. 1,160 for ferry establishments, boats, sheds, and platforms out of the estimated receipts of Rs. 15,290 of the year, leaves a balance of Rs. 14,130 against Rs. 14,760 at the end of the preceding year. As the two amounts last mentioned are proposed to be transferred to Local Funds, the sanction of Government is requested for the transfer.

16. The estimated expenditure in Malabar is Rs. 1,500 for establishment and contingencies out of the estimated receipts of the year of Rs. 51,000. The sanction of Government is requested for the transfer to Local Funds of the balance of Rs. 49,500, and of the sum of Rs. 52,520 mentioned in paragraph 6 above as available for transfer to Local Funds.

Proceedings of the Board of Revenue
Dated 8th December 1879.

Read Progs. of Govt. R. D. dated 28 Novr. 1879 No 4074, Commug. extract from the Special Fund Budget for 1880-81 for making the necessary provision in the Canal and Ferry Fund Budget for 1880-81.

—

The Canal and Ferry Fund Budget has already been submitted to Govt. in Board's Progs. dated 22nd November 1879 No 3220.

2. A sum of Rs 87,840 has been provided in the Budget on account of the Kaur-Manjari junction canal. As Rs 2,000 only seem to be required, the Board request that the allotment in the Budget may

may be reduced to that amount

The Board's estimate is accepted under the circumstances explained in paras 4 to 6 of their Proceedings.

3 - Budget Estimate 1880-81-

Receipts. The receipts for the ensuing year are estimated by Collectors at Rupees 1,01,860 which figure the Board have adopted. The Budget Estimates of the Godavari, South Canara and Malabar Collectors differ somewhat from the regular estimates for the current year. The Board have called for explanation relative to the variations which should, on receipt, be submitted for the information of Govt., together with the Collectors' replies to paras 4 and 6 of the Board's Proceedings. The Estimate will, meanwhile be allowed to stand.

4. The total amount including the opening balance, estimated to be available for expenditure next year in the 5 districts concerned is shown below

	Rs
(1) Godavari	16,070
(2) Kistna	10,900
(3) Tanjore	23,140
(4) South Canara	15,290
(5) Malabar	51,000
	1,16,400

5 Charges. The Collectors' Estimates of charges aggregate Rs 1,02,220 which the Board originally raised to Rs 1,03,580 but which they have since reduced to Rs 95,720 as explained in the later of their Proceedings read above.

6 Godavari. The Collector's estimate amounting to Rs 29,300 comprises

(1) Rs 15,000 for the purchase of a Steamer for the Rajahmundry ferry.

(2) Rs 10,000 for the Construction of the Kovoor-Munjair Junction Canal.

(3) Rs 4,300 for Sundry purposes.

The Board have struck out the 1st item having provided for it in the Regular Estimate for the Current year; have raised the Estimate for the 2nd to Rs 20,000 with reference to G.O. dated 2d November 1879 Mis. No 4074, and have retained the 3rd. These modifications have the approval of Govt.

7. Kistna. The Collector's Estimate will be accepted on the understanding that the draft Notification called for by the Board in para 13 of their Proceedings will be submitted sufficiently early to admit of the Canal and Ferry Act being extended to the Tylher ferry from the 1st April next.

8. The estimate for Tanjore as reduced by the Board is accepted

9 The transfer to the Local Funds of South Canara and Malabar

Malabar of the Surplus Ferry funds adverted to in paras 15 and 16 of the Board's Proceedings is approved and sanctioned. The attention of the Collector of Malabar should be at once called to the necessity of submitting, for the approval of Govt., the list of roads and bridges on which the amount is to be expended as required by Act IV of 1878, Madras.

G.O. 16 [illegible] 1892

10 The closing balances will be as shown below —

Godavari	1,21,770
Kistna	6,550
Tanjore	22,360
Total	150,680

More than half of the balance in the Godavari District will be gradually expended on the construction of the Koonar-Munjair Junction Canal. The Collector should expedite his proposals for utilizing the remainder. The balance in Tanjore is also large and the Board will see that the Collector submits proposals for its utilization as ordered in para 18 of their Proceedings.

11 With these remarks, the Budget is passed and will be transferred to the Public Works Department.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 22nd November 1879.

Read the following:—

Budget Estimates of Receipts and Expenditure of Canal and Ferry Fund for 1880-81 from the Collector of Godavari, dated 3rd October 1879.

Letter from the Collector of the Kistna District, dated 1st October 1879, No. 2,193, submitting the Canal and Ferry Fund Budget for 1880-81.

Budget Estimates of Receipts and Expenditure of Canal and Ferry Fund for 1880-81 from the Collector of Tanjore, dated 22nd August 1879.

Letter from the Collector of South Canara, dated 21st October 1879, No. 1,848, submitting the Canal and Ferry Fund Budget for 1880-81.

Letter from the Collector of Malabar, dated 31st October 1879, No. 2,268, submitting the Canal and Ferry Fund Budget for 1880-81.

THE Board submit, for the approval of Government, the budget estimate of receipts and charges of the Canal and Ferry Fund for 1880-81. The Buckingham Canal Fund budget, which was hitherto submitted by the Board, has been ordered in G.O., Revenue Department, dated 28th August 1879, No. 1,777, to be prepared in the Public Works Department.

2. The Canal and Ferry Act was extended to the ferries in the South Canara and Malabar Districts in the beginning of the current year.

3. REGULAR ESTIMATE, 1879-80.—The following statement is an abstract of the regular estimate of the Canal and Ferry Fund according to the figures furnished by the Collectors concerned:—

Districts.	Balance at the beginning of 1879-80.	Receipts during the year.	Total including Balance.	Expenditure.	Balance at the end of 1879-80.
	RS.	RS.	RS.	RS.	RS.
1. Godavari	1,32,200	26,770	1,58,970	10,700	1,48,270
2. Kistna	17,875	4,000	21,875	18,200	3,675
3. Tanjore	27,932	6,806	34,738	6,387	28,351
4. South Canara	...	16,390	16,390	16,390	...
5. Malabar	...	54,000	54,000	54,000	...
Total ...	1,78,007	1,07,966	2,85,973	1,05,677	1,80,296

4. The Collector of Godavari has not given the opening balance of the current year, but, with reference to the closing balance entered by him, viz., Rs. 1,48,270, it would seem to have been taken at Rs. 1,32,200. This figure differs from the closing balance of 1878-79, viz., 1,25,536, shown in the Collector's report for that year, and he is requested to explain the discrepancy. In all cases, however, in lieu of the opening balances above shown, the Board will adopt the closing balances of 1878-79 entered in the Collector's reports for the year as revised in this office after adjusting the differences between the Collectors' and Accountant-General's figures for 1877-78.

5. The receipts according to the regular estimate are Rs. 600 more and Rs. 400 less than the sanctioned estimate in Tanjore and Godavari. These variations are estimated with reference to actual collections during the past months.

6. The increase in the estimated expenditure of the Godavari District, as entered in the above statement, over the budget estimate of Rs. 7,600, is due to the

inclusion of the allotment of Rs. 3,460 sanctioned in G.O., Revenue Department, dated 6th October 1879, No. 2,026, for the Kovur-Munjair Junction Canal. A sum of Rs. 15,000 will be entered in the regular estimate for the purchase of a steamer for the Rajahmundry ferry in lieu of the same amount provided in the budget of the ensuing year. Rs. 18,000 entered in the regular estimate of the Kistna District for a similar steamer and for its working charges will also be reduced to Rs. 15,000, and the amount required for working charges will be allotted when required. The increase of Rs. 5,94 of the regular over the budget estimate of expenditure in Tanjore is not explained. It is probably due to the inclusion of the amount required for the Adappaur straight cut in the Vedarniem Canal; the correct amount of allotment for which is however Rs. 6,376. The amount of Rs. 11,347 sanctioned in Board's Proceedings, dated 24th October 1879, No. 3,010, for the road from Ponnani to Kallimedu will also be included under the estimated expenditure of the district, which will then be Rs. 18,170. The estimated expenditure in South Canara is made up of Rs. 1,630 for the construction and repair of boats, platforms and sheds, and Rs. 14,760 being contribution to Local Funds. The Collector of Malabar estimates the receipts for the current year at Rs. 54,000 and the working charges at Rs. 1,480; the remainder, viz., Rs. 52,520, will be contributed to Local Funds. The amounts entered in the regular estimates of the Calicut and Tellicherry Local Fund Circles aggregate Rs. 62,780. This is probably due to the inclusion in the latter amount of the receipts from the Irrity ferry which does not appear to have been brought under the operation of the Canal and Ferry Act. The Collector will report whether the Act should not be extended to this ferry. Powers under Section 11 were delegated to him for the express purpose of meeting cases of this kind.

Vide Board's Procs., 4th Oct. 1879, No. 2,792.

7. An abstract of the estimate as revised by the Board is given below:—

8. The closing balances in the above statement will be carried forward to the budget of 1880-81.

10. The receipts in Godavari show a decrease of Rs. 1,700 as compared with the regular estimate of the current year and are stated to be estimated with reference to the demand for Fasli 1289. The explanation is not intelligible, as the greater part of the demand for Fasli 1289 is included in the regular estimate. The Collector will explain more fully the grounds on which a reduction in the receipts is expected. The decrease of Rs. 1,100 in South Canara is explained by the Collector as follows:—The ferry farms in the district were hitherto sold for triennial periods corresponding with fasli years, and, though the current lease will expire with June 1880, the whole of the rent will be collected by the end of the current year; as the ferries will hereafter be sold for periods corresponding with official years, the collections of only nine months will be credited in the accounts of 1880-81 instead of those for twelve months. This would, however, account for a much larger decrease than that estimated. The Collector will report on the point further. The Collector of Malabar explains that the decrease in the estimate for the ensuing year is expected with reference to the actual amounts for which the ferry farms have been sold for the current year, but the Board think that this must equally affect the regular estimate. The Collector will report whether the sales alluded to have reference to the current or ensuing year.

11. There are no variations under receipts in the other districts calling for remark.

12. The Collector of Godavari enters only Rs. 10,000 for the construction of the Junction Canal. In G.O., Public Works Department, dated 11th March 1878, No. 1,238-W, the Canal and Ferry Fund share of the cost of the work was fixed at Rs. 67,330 and the Local Fund contribution at Rs. 30,000, making a total of Rs. 97,330, to be met from Local and Special Funds. But in his letter, recorded in G.O., Public Works Department, dated 3rd June 1878, No. 2,372-W, the District Engineer showed that the sum chargeable to the above funds was Rs. 98,650, thus adding Rs. 1,320 to the amount fixed in the former Government Order. The latter sum may be provided from the Canal and Ferry Fund balance, which would raise the total expenditure to be met from this fund including the charge for supervision and tools and plant to Rs. 91,300 as shown in the margin. Rs. 3,460 having been entered in the regular estimate, the remaining portion, viz., Rs. 87,840, will be provided in the budget of the ensuing year. The total charges of the district will then be Rs. 92,140.

	RS.
Works	68,650
Establishment	17,160

13. The Collector of Kistna has included under expenditure provision for the construction of boats for the Iylur ferry, as well as an allotment of Rs. 200 for establishment. As Act I of 1870 does not appear to have been extended to this ferry, the allotments cannot be utilized until the necessary notification to that effect is issued under Section 2 of the Act. The Collector should report on this point and submit a draft notification. The total expenditure in the district is Rs. 4,350.

14. The Collector of Tanjore enters Rs. 1,500 in the budget of 1880-81 for making a canal cut in the bend of Adappaur. As the allotment sanctioned in Board's Proceedings, dated 4th October 1879, No. 2,792, completes the amount of the estimate for the work, the entry above mentioned will be struck out. The total expenditure will then be Rs. 780.

15. The proposed expenditure of Rs. 1,160 for ferry establishments, boats, sheds, and platforms out of the estimated receipts of Rs. 15,290 of the year, leaves a balance of Rs. 14,130 against Rs. 14,760 at the end of the preceding year. As the two amounts last mentioned are proposed to be transferred to Local Funds, the sanction of Government is requested for the transfer.

16. The estimated expenditure in Malabar is Rs. 1,500 for establishment and contingencies out of the estimated receipts of the year of Rs. 51,000. The sanction of Government is requested for the transfer to Local Funds of the balance of Rs. 49,500, and of the sum of Rs. 62,520 mentioned in paragraph 6 above as available for transfer to Local Funds.

THE Canal and Ferry Fund Budget Estimate for 1880-81, as submitted by the Board, is exclusive of the Buckingham Canal Fund, which will be dealt with in the Public Works Department, but includes the Canal and Ferry Funds of the South Canara and Malabar Districts, into which the Act was introduced from the beginning of the current year.

2. *Regular Estimate*, 1879-80.—The Collectors concerned estimate the receipts of the current year, including the opening balances, at Rs. 2,85,973 and the expenditure at Rs. 1,05,677, leaving a balance to the credit of the Fund of Rs. 1,80,296. The Board after scrutinizing these figures have modified the estimate as follows :—

	RS.
Receipts including balances	2,73,960
Expenditure	1,29,420
Balance ...	1,44,540

The Board's estimate is accepted under he circumstances explained in paragraphs 4 to 6 of their Proceedings.

3. *Budget Estimate*, 1880-81—*Receipts.*—The receipts for the ensuing year are estimated by Collectors at Rs. 1,01,80, which figure the Board have adopted. The Budget Estimates of the Godávari, South Canara, and Malabar Collectors differ somewhat from the regular estimates fr the current year. The Board have called for explanation relative to the variations, which should, on receipt, be submitted for the information of Government together wit the Collectors' replies to paragraphs 4 and 6 of the Board's Proceedings. The estimate will, meanwhile, be allowed to stand.

4. The total amount, including th opening balance, estimated to be available for expenditure next year in the five disricts concerned is shown below :—

	RS.
(1.) Godávari	1,46,070
(2.) Kistna	10,900
(3.) Tanjore	23,140
(4.) South Canara	15,290
(5.) Malabar	51,000
	2,46,400

5. *Charges.*—The Collectors' estimates of charges aggregate Rs. 1,02,220, which the Board originally raised to Rs. 1,63,60, but which they have since reduced to Rs. 95,720, as explained in the later of heir Proceedings read above.

6. *Godávari.*—The Collector's estimate, amounting to Rs. 29,300, comprises—

(1.) Rs. 15,000 for the purchase of a steamer for the Rajahmundry ferry.
(2.) Rs. 10,000 for the construction of the Kovur-Munjair Junction Canal.
(3.) Rs. 4,300 for sundry purposes.

The Board have struck out the first item having provided for it in the regular estimate for the current year; have raised the estimate for the second to Rs. 20,000 with reference to G.O., dated 28th November 1878, Miscellaneous No. 4,074; and have retained the third. These modifications have the approval of Government.

7. *Kistna.*—The Collector's estimate will be accepted on the understanding that the draft Notification called for by the Board in paragraph 13 of their Proceedings will be submitted sufficiently early to admit of the Canal and Ferry Act being extended to the Iylur ferry from the 1st April next.

8. The estimate for Tanjore, as reduced by the Board, is accepted.

9. The transfer to the Local Funds of South Canara and Malabar of the Surplus Ferry Funds adverted to in paragraphs 15 and 16 of the Board's Proceedings is approved and sanctioned. The attention of the Collector of Malabar should be at once called to the necessity of submitting for the approval of Government the list of roads and bridges on which the amount is to be expended as required by Act IV of 1878, Madras.

G.O., 16th June 1879, No. 1,222.

10. The closing balances will be as shown below :—

	RS.
Godávari	1,21,770
Kistna	6,550
Tanjore	22,360
Total ...	1,50,680

More than half of the balance in the Godávari District will be gradually expended on the construction of the Kovur-Munjair Junction Canal. The Collector should expedite his proposals for utilizing the remainder. The balance in Tanjore is also large, and the Board will see that the Collector submits proposals for its utilization as ordered in paragraph 18 of their Proceedings.

11. With these remarks the Budget is passed and will be transferred to the Public Works Department.
